Christopher Knowlton, author of *Cattle Kingdom* and former *Fortune* writer, takes an in-depth look at the spectacular Florida land boom of the 1920s and shows how it led directly to the Great Depression. The 1920s in Florida was a time of incredible excess, immense wealth, and precipitous collapse. The decade there produced the largest human migration in American history, far exceeding the settlement of the West, as millions flocked to the grand hotels and the new cities that rose rapidly from the teeming wetlands. The boom spawned a new subdivision civilization—and the most egregious large-scale assault on the environment in the name of “progress.” Nowhere was the glitz and froth of the Roaring Twenties more excessive than in Florida. Here was Vegas before there was a Vegas: gambling was condoned and so was drinking, since prohibition was not enforced. Tycoons, crooks, and celebrities arrived en masse to promote or exploit this new and dazzling American frontier in the sunshine. Yet, the import and deep impact of these historical events have never been explored thoroughly until now. In *Bubble in the Sun* Christopher Knowlton examines the grand artistic and entrepreneurial visions behind Coral Gables, Boca Raton, Miami Beach, and other storied sites, as well as the darker side of the frenzy. For while giant fortunes were being made and lost and the nightlife raged more raucously than anywhere else, the pure beauty of the Everglades suffered wanton ruination and the workers, mostly black, who built and maintained the boom, endured grievous abuses. Knowlton breathes dynamic life into the forces that made and wrecked Florida during the decade: the real estate moguls Carl Fisher, George Merrick, and Addison Mizner, and the once-in-a-century hurricane whose aftermath triggered the stock market crash. This essential account is a revelatory—and riveting—history of an era that still affects our country today.

This stunning visual guide is a journey of discovery through fashion's fascinating history, one day at a time. Beginning on January 1st and ending on December 31st, *Worn On This Day* looks at garments worn on monumental occasions across centuries, offering capsule fashion histories of everything from space suits to wedding gowns, Olympics uniforms, and armor. It creates thought-provoking juxtapositions, like Wallis Simpson's June wedding and Queen Elizabeth's June coronation, or the battered shoes Marie-Antoinette and a World Trade Center survivor wore to escape certain death, just a few calendar days apart. In every case there is a newsworthy narrative behind the garment, whether famous and glamorous or anonymous and humble. Prominent figures like Abraham Lincoln, Marilyn Monroe, and the Duchess of Cambridge are represented alongside ordinary people caught up in extraordinary events. Beautifully illustrated throughout, *Worn On This Day* presents a revelatory mash-up of styles, stories, and personalities.

Rural escapes for those yearning for a simpler existence, by the creators of the wildly popular Instagram account Cabin Porn. Created by a group of friends who preserve 55 acres of hidden forest in Upstate New York, Cabin Porn began as a scrapbook to collect inspiration for their building projects. As the collection grew, the site attracted a following, which is now a huge and obsessive audience. The site features photos of the most remarkable handmade homes in the backcountry of America and all over the world. It has had over 10 million unique visitors, with 450,000 followers on Instagram. Now Zach Klein, the creator of the site (and a co-founder of Vimeo) goes further into the most alluring images from the site and new getaways, including more interior photography and how-to advice for setting up a quiet place somewhere. With their idyllic settings, unique architecture, and cozy interiors, the Cabin Porn photographs are an invitation to slow down, take a deep breath, and feel the beauty and serenity that nature and simple construction can create.

Poet Claudia Emerson begins *Figure Studies* with a twenty-five-poem lyric sequence called "All Girls School," offering intricate views of a richly imagined boarding school for girls. Whether focused on a lesson, a teacher, or the girls themselves as they collectively "school" -- or refuse to -- the poems explore ways girls are "trained" in the broadest sense of the word. "Gossips," the second section, is a shorter sequence narrated by women as they talk about other women in a variety of isolations; these poems, told from the outside looking in, highlight a speculative voicing of all the gossips cannot know. In "Early Lessons," the third section, children narrate as they also observe similarly solitary women, the children's innocence allowing them to see in farther than the gossips can. The

fourth section offers studies of women and men in situations in which gender, with all of its complexities, figures powerfully. The follow-up to the Pulitzer Prize-winning collection *Late Wife, Figure Studies* upholds Emerson's place among contemporary poetry's elite. The Mannequin above Main Street Motors When the only ladies' dress shop closed, she was left on the street for trash, unsalvageable, one arm missing, lost at the shoulder, one leg at the hip. But she was wearing a blue-sequined negligee and blonde wig, so they helped themselves to her on a lark -- drunken impulse -- and for years kept her leaning in a corner, beside an attic window, rendered invisible. The dusk was also perpetual in the garage below, punctuated only by bare bulbs hung close over the engines. An oily grime coated the walls, and a decade of calendars promoted stock-car drivers, women in dated swimsuits, even their bodies out of fashion. Radio distorted there; cigarette smoke moaned, the pedal steel conceding to that place a greater, echoing sorrow. So, lame, forgotten prank, she remained, back turned forever to the dark storage behind her, gaze leveled just above anyone's who could have looked up to mistake in the cast of her face fresh longing -- her expression still reluctant figure for it.

Mr. Met

The #1 New York Times bestselling biography of how Steve Jobs became the most visionary CEO in history. *Becoming Steve Jobs* breaks down the conventional, one-dimensional view of Steve Jobs that he was half-genius, half-jerk from youth, an irascible and selfish leader who slighted friends and family alike. *Becoming Steve Jobs* answers the central question about the life and career of the Apple cofounder and CEO: How did a young man so reckless and arrogant that he was exiled from the company he founded become the most effective visionary business leader of our time, ultimately transforming the daily life of billions of people? Drawing on incredible and sometimes exclusive access, Schlender and Tetzeli tell a different story of a real human being who wrestled with his failings and learned to maximize his strengths over time. Their rich, compelling narrative is filled with stories never told before from the people who knew Jobs best, including his family, former inner circle executives, and top people at Apple, Pixar and Disney, most notably Tim Cook, Jony Ive, Eddy Cue, Ed Catmull, John Lasseter, Robert Iger and many others. In addition, Schlender knew Jobs personally for 25 years and draws upon his many interviews with him, on and off the record, in writing the book. He and Tetzeli humanize the man and explain, rather than simply describe, his behavior. Along the way, the book provides rich context about the technology revolution we've all lived through, and the ways in which Jobs changed our world. A rich and revealing account, *Becoming Steve Jobs* shows us how one of the most colorful and compelling figures of our times was able to combine his unchanging, relentless passion with an evolution in management style to create one of the most valuable and beloved companies on the planet.

This Is Water

In this rare peak into the personal life of the author of numerous bestselling novels, gain an understanding of David Foster Wallace and how he became the man that he was. Only once did David Foster Wallace give a public talk on his views on life, during a commencement address given in 2005 at Kenyon College. The speech is reprinted for the first time in book form in *This is Water*. How does one keep from

going through their comfortable, prosperous adult life unconsciously? How do we get ourselves out of the foreground of our thoughts and achieve compassion? The speech captures Wallace's electric intellect as well as his grace in attention to others. After his death, it became a treasured piece of writing reprinted in The Wall Street Journal and the London Times, commented on endlessly in blogs, and emailed from friend to friend. Writing with his one-of-a-kind blend of causal humor, exacting intellect, and practical philosophy, David Foster Wallace probes the challenges of daily living and offers advice that renews us with every reading.

During his career as one of America's most sought-after illustrators, Andrew Loomis (1889-1959) taught at the American Academy of Art in Chicago, and in 1939 he codified his lessons in his first manual, Fun with a Pencil. Four years later it had already been through six printings, and he followed up over the next two decades with a series of even more successful how-to books that remain the gold standard for artists to this day. Creative Illustration is considered Loomis's magnum opus, which was aimed primarily at the professional-level illustrator. Divided into seven sections: Line, Tone, Color, Telling the Story, Creating Ideas, Fields of Illustration, and Experimenting and Studies, this book is filled with instructions, tips, insider experiences, and incredible illustrations.

The Sacred Sisterhood of Wonderful Wacky Women

The world's bestselling travel book is back in a more informative, more experiential, more budget-friendly full-color edition. A #1 New York Times bestseller, *1,000 Places* reinvented the idea of travel book as both wish list and practical guide. As Newsweek wrote, it "tells you what's beautiful, what's fun, and what's just unforgettable— everywhere on earth." And now the best is better. There are 600 full-color photographs. Over 200 entirely new entries, including visits to 28 countries like Lebanon, Croatia, Estonia, and Nicaragua, that were not in the original edition. There is an emphasis on experiences: an entry covers not just Positano or Ravello, but the full 30-mile stretch along the Amalfi Coast. Every entry from the original edition has been readdressed, rewritten, and made fuller, with more suggestions for places to stay, restaurants to visit, festivals to check out. And throughout, the book is more budget-conscious, starred restaurants and historic hotels such as the Ritz, but also moderately priced gems that don't compromise on atmosphere or charm. The world is calling. Time to answer.

Find a Way

A first-of-its-kind celebration of the newspaper scribes who made sportswriting a glorious popular art, and immortalized America's greatest games and athletes. Spanning nearly a century, *The Great American Sports Page* presents essential columns from more than three dozen masters of the press-box craft. These unforgettable dispatches from World Series, Super Bowls, and title bouts for the ages were written on deadline with passion, spontaneity, humor, and a gift for the memorable phrase. Read avidly day in and day out by a sports-mad public, these columnists became journalistic celebrities in their home cities, their coverage trusted and savored, their opinions hotly debated. Some even helped change the games they wrote about. Gathered here in a groundbreaking anthology, their writings capture some of sport's most enduring moments and many of its all-time greats: Babe Ruth, Jackie Robinson, Muhammad Ali, and Michael Jordan among them. But the best American sportswriters also found ways to write powerfully about lesser-known athletes and to convey, often with heartbreaking honesty and insight, the less glamorous and more tragic facets of the games we love. In its survey of the finest American sportswriting from Ring Lardner to Thomas Boswell, from Red Smith and Jimmy Cannon to Bob Ryan and Michael Wilbon, *The Great American Sports Page* takes the measure of the human richness, complexity, and competitive spirit of sports and the athletes who continue to fascinate and inspire us.

An incredible bodyweight-only fitness book written by Coss Marte, a former Lower East Side drug dealer who found purpose and inspiration in prison—by developing a kick-butt workout. *ConBody* is former Lower East Side drug dealer, Coss Marte's, bodyweight-only approach to fitness. Created in prison with only the space of his own cell and no equipment to work with, Coss designed a plan that helped him go from dangerously obese with a five year prognosis to losing 70 pounds and training other inmates. Before prison, Coss was flying high, dealing drugs, and making money hand over fist as a teenager. Once he saw that his workout plan was not only effective, but accessible, he knew he'd found a pathway to health and ultimately to a new life. When he left prison, he returned to the Lower East Side where any betting person would tell you he'd be back slinging crack in no time. PLANET GOLF.

Read award-winning journalist Frank Bruni's New York Times bestseller: an inspiring manifesto about everything wrong with today's frenzied college admissions process and how to make the most of your college years. Over the last few decades, Americans have turned college admissions into a terrifying and occasionally devastating process, preceded by test prep, tutors, all sorts of stratagems, all kinds of rankings, and a conviction among too many young people that their futures will be determined and their worth established by which schools say yes and which say no. In *Where You Go is Not Who You'll Be*, Frank Bruni explains why this mindset is wrong, giving students and their parents a new perspective on this brutal, deeply flawed competition and a path out of the anxiety that it provokes. Bruni, a bestselling author and a columnist for the New York Times, shows that the Ivy League has no monopoly on corner offices, governors' mansions, or the most prestigious academic and scientific grants. Through statistics, surveys, and the stories of hugely successful people, he demonstrates that many kinds of colleges serve as ideal springboards. And he illuminates how to make the most of them. What matters in the end are students' efforts in and out of

the classroom, not the name on their diploma. Where you go isn't who you'll be. Americans need to hear that--and this indispensable manifesto says it with eloquence and respect for the real promise of higher education.
