Who Would Win?: Battle Royale

“ To truly understand the United States, one must understand The Not-Quite States of America. ”
—Mark Stein, best-selling author of *How the States Got Their Shapes* Everyone knows that America is 50 states and... some other stuff. The U.S. territories—American Samoa, Guam, Puerto Rico, the Northern Mariana Islands, and the U.S. Virgin Islands—and their 4 million people are little known and often forgotten, so Doug Mack set out on a 30,000-mile journey to learn about them. How did they come to be part of the United States? What are they like today? And why aren't they states? Deeply researched and richly reported, *The Not-Quite States of America* is an entertaining and unprecedented account of the territories' crucial yet overlooked place in the American story.

In Taipei, Taiwan, the kidnapping of a Mainlander billionaire throws national media into a tizzy--not least because of the famous victim's vitriolic anti-immigration politics. Jing-nan has known Peggy Lee, a bullying frenemy who runs her family's huge corporation, since high school. Peggy's father has been kidnapped, and the ransom the kidnappers are demanding is not money but IP: a high-tech memory chip that they want to sell in China. Jing-nan feels sorry for Peggy until she starts blackmailing him into helping out. Peggy is worried the kidnappers' deadline will pass before the police are able to track down the chip. But when the reluctant Jingnan tries to help, he finds himself deeper and deeper in trouble with some very unsavory characters--the most unsavory of whom might be the victim himself.

Lord of the Flies

Koushun Takami's notorious high-octane thriller envisions a nightmare scenario: a class of junior high school students is taken to a deserted island where, as part of a ruthless authoritarian program, they are provided arms and forced to kill until only one survivor is left standing. Criticized as violent exploitation when first published in Japan—where it became a runaway best seller—Battle Royale is a Lord of the Flies for the 21st century, a potent allegory of what it means to be young and (barely) alive in a dog-eat-dog world. A new translation by Nathan Collins.

A New York Times Notable Book of 2017 Louise Erdrich, the New York Times bestselling, National Book Award-winning author of LaRose and The Round House, paints a startling portrait of a young woman fighting for her life and her unborn child against oppressive forces that manifest in the wake of a cataclysmic event. The world as we know it is ending. Evolution has reversed itself, affecting every living creature on earth. Science cannot stop the world from running backwards, as woman after woman gives birth to infants that appear to be primitive species of humans. Twenty-six-year-old Cedar Hawk Songmaker, adopted daughter of a pair of big-hearted, open-minded Minneapolis liberals, is as disturbed and uncertain as the rest of America around her. But for Cedar, this change is profound and deeply personal. She is four months pregnant. Though she wants to tell the adoptive parents who raised her from infancy, Cedar first feels compelled to find her birth mother, Mary Potts, an Ojibwe living on the

reservation, to understand both her and her baby ' s origins. As Cedar goes back to her own biological beginnings, society around her begins to disintegrate, fueled by a swelling panic about the end of humanity. There are rumors of martial law, of Congress confining pregnant women. Of a registry, and rewards for those who turn these wanted women in. Flickering through the chaos are signs of increasing repression: a shaken Cedar witnesses a family wrenched apart when police violently drag a mother from her husband and child in a parking lot. The streets of her neighborhood have been renamed with Bible verses. A stranger answers the phone when she calls her adoptive parents, who have vanished without a trace. It will take all Cedar has to avoid the prying eyes of potential informants and keep her baby safe. A chilling dystopian novel both provocative and prescient, *Future Home of the Living God* is a startlingly original work from one of our most acclaimed writers: a moving meditation on female agency, self-determination, biology, and natural rights that speaks to the troubling changes of our time.

Bataille ' s first novel, published under the pseudonym ' Lord Auch ' , is still his most notorious work. In this explicit pornographic fantasy, the young male narrator and his lovers Simone and Marcelle embark on a sexual quest involving sadism, torture, orgies, madness and defilement, culminating in a final act of transgression. Shocking and sacrilegious, Story of the Eye is the fullest expression of Bataille ' s obsession with the closeness of sex, violence and death. Yet it is also hallucinogenic in its power, and is one of the erotic classics of the twentieth century.

For more than sixty years, the imagination of Ray Bradbury has opened doors into remarkable places, ushering us across unexplored territories of the heart and mind while leading us inexorably toward a profound understanding of ourselves and the universe we inhabit. In this landmark volume, America's preeminent storyteller offers us one hundred treasures from a lifetime of words and ideas -- tales that amaze, enthrall, and horrify; breathtaking journeys backward and forward in time; classic stories with the undiminished power to tantalize, mystify, elate, and move the reader to tears. Each small gem in the master's collection remains as dazzling as when it first appeared in print. There is magic in these pages: the wonders of interstellar flight, a conspiracy of insects, the early bloom of love in the warmth of August. Both the world of Ray Bradbury and its people are vivid and alive, as colorfully unique as a poker chip hand-painted by a brilliant artist or as warmly familiar as the well-used settings on a family's dining room table. In a poor man's desire for the stars, in the twisted night games of a hateful embalmer, in a magnificent fraud perpetrated to banish despair and repair a future, in a writer's wonderful death is the glowing proof of the timeless artistry of one of America's greatest living bards. The one hundred stories in this volume were chosen by Bradbury himself, and span a career that blossomed in the pulp magazines of the early 1940s and continues to flourish in the new millennium. Here are representatives of the legendary author's finest works of short fiction, including many that have not been republished for decades, all forever fresh and vital, evocative and immensely entertaining. This is Bradbury at his very best -- golden visions of tomorrow, poetic memories of yesterday, dark nightmares and glorious dreams -- a grand celebration of humankind, God's intricate yet poignantly fallible machineries of joy.
