The Beauty in Breaking

Ermolai bowed and returned to the garden. The "barinia" left the veranda, where she had come for this conversation with the old servant of General Trebassof, her husband, and returned to the dining-room in the datcha des Iles, where the gay Councilor Ivan Petrovitch was regaling his amused associates with his latest exploit at Cubat's resort. They were a noisy company, and certainly the quietest among them was not the general, who nursed on a sofa the leg which still held him captive after the recent attack, that to his old coachman and his two piebald horses had proved fatal. The story of the always-amiable Ivan Petrovitch (a lively, little, elderly man with his head bald as an egg) was about the evening before. After having, as he said, "recure la bouche" for these gentlemen spoke French like their own language and used it among themselves to keep their servants from understanding—after having wet his whistle with a large glass of sparkling rosy French wine, he cried: "You would have laughed, Feodor Feodorovitch. We had sung songs on the Barque* and then the Bohemians left with their music and we went out onto the river-bank to stretch our legs and cool our faces in the freshness of the dawn, when a company of Cossacks of the Guard came along. I knew the officer in command and invited him to come along with us and drink the Emperor's

health at Cubat's place. That officer, Feodor Feodorovitch, is a man who knows vintages and boasts that he has never swallowed a glass of anything so common as Crimean wine. When I named champagne he cried, 'Vive l'Empereur!' A true patriot. So we started, merry as school-children. The entire company followed, then all the diners playing little whistles, and all the servants besides, single file. At Cubat's I hated to leave the companion-officers of my friend at the door, so I invited them in, too. They accepted, naturally. But the subalterns were thirsty as well. I understand discipline. You know, Feodor Feodorovitch, that I am a stickler for discipline. Just because one is gay of a spring morning, discipline should not be forgotten. I invited the officers to drink in a private room, and sent the subalterns into the main hall of the restaurant. Then the soldiers were thirsty, too, and I had drinks served to them out in the courtyard. Then, my word, there was a perplexing business, for now the horses whinnied. The brave horses, Feodor Feodorovitch, who also wished to drink the health of the Emperor. I was bothered about the discipline. Hall, court, all were full. And I could not put the horses in private rooms. Well, I made them carry out champagne in pails and then came the perplexing business I had tried so hard to avoid, a grand mixture of boots and horse-shoes that was certainly the liveliest thing I have ever seen in my life. But the horses were the most joyous, and danced as if a torch

was held under their nostrils, and all of them, my word! were ready to throw their riders because the men were not of the same mind with them as to the route to follow! From our window we laughed fit to kill at such a mixture of sprawling boots and dancing hoofs. But the troopers finally got all their horses to barracks, with patience, for the Emperor's cavalry are the best riders in the world, Feodor Feodorovitch. And we certainly had a great laugh!--Your health, Matrena Petrovna."

Breaking Night

In the vein of *The Glass Castle*, *Breaking Night* is the stunning memoir of a young woman who at age fifteen was living on the streets, and who eventually made it into Harvard. Liz Murray was born to loving but

drug-addicted parents in the Bronx. In school she was taunted for her dirty clothing and lice-infested hair, eventually skipping so many classes that she was put into a girls' home. At age fifteen, Liz found herself on the streets. She learned to scrape by, foraging for food and riding subways all night to have a warm place to sleep. When Liz's mother died of AIDS, she decided to take control of her own destiny and go back to high school, often completing her assignments in the hallways and subway stations where she slept. Liz squeezed four years of high school into two, while homeless; won a New York Times scholarship; and made it into the Ivy League. Breaking Night is an unforgettable and beautifully written story of one young woman's indomitable spirit to survive and prevail, against all odds.

Night Before Dawn

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her

family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

The Autobiography of Malcolm X

Read Free Breaking Night A Memoir Of Forgiveness Survival And My Journey From Homeless To Harvard

This book draws on positive psychology as well as strengths-based and solution-focused practices to empower adults to help children instead of reacting to their behavior. Erik K. Laursen, PhD, who has spent his career helping high-risk children and their families, identifies ten intentional responsive adult practices to give children the tools they need to overcome adversity. Learn how to: support young people to grow and develop throughout childhood, adolescence, into young adulthood; provide supportive relationships where children and young people thrive; and help children overcome social and emotional problems that are significant barriers to well-being. While numerous books, articles, and courses focus on the long-term effects of childhood trauma, this knowledge alone does not give us the tools we need to help children thrive. By learning how to reflect and intentionally respond to children's pain, which is the focus of this book, you'll be able to help young people transform their lives.

grandma for nearly sixty-five years. Bitterness, unforgiveness, and anger consumed her as she set out to solve the mystery that surrounded her grandma's life. The dark evil secret that was contained in the journal only deepened her resentment of God. Because of her quest, she came in contact with many strong believers, especially a handsome young pastor and three senior citizens. In that small town in the foothills of the mountains of North Carolina, Hope's bitterness, unforgiveness, and anger slowly began to fade in the light of the strong faith of the young pastor and three senior citizens. She discovered the true meaning of faith and hope in Christ in the midst of adversity. Carolyn Digh Griffin, a native North Carolinian, resides in Waxhaw, North Carolina, with her husband, Hoyle. The Night Operator

In October, 1970, The Blue Flame rocket car screamed across the Bonneville Salt Flats at 622.407 mph setting the absolute world land speed record. The title held fast for 13 years and remains the fastest American-built car in history. Ray Dausman designed the rocket engine for The Blue Flame. Why wasn't he present when The Blue Flame set the world record? Why didn't the car achieve 1,000 mph as he designed it to do? Ray's story unfolds with humorous observations of what it was like to be a fish out of water in the racing world. The reader has a front row seat for this wrestling match between regret and perspective of achievement. Sarah, Ray's daughter, shares his story in this memoir of a man with a passion for rockets and new ideas. The Reluctant Rocketman introduces the reader to a boy with a thirst for new

Three Little Words

This book offers for consideration an integrated social economic structure and technical solution capable of ending the predatory evolution of our species. This book also explains the primary factor responsible for the most preventable suffering and death throughout the evolutionary development of our species and how to correct this dysfunction at its source. It also describes how our species is undergoing a natural evolutionary transition from creatures still under the control of our predatory instincts into enlightened beings capable of creating technically advanced societies free of social

economic competition for survival. This book explains how subjective realities are induced as a powerful form of psychological manipulation and used to control the working class populations for thousands of years. It also describes how the effects of artificial selection have altered the intellectual evolutionary development of our species to make our systematic exploitation under capitalism seem like an acceptable social economic system. The integrated solution in this book describes the creation of an automated community infrastructure capable of supporting a self-replicating technically advanced predator free society. The solution also offers exponential growth of a global network allowing more families to end their predatory competition for survival and start helping others wanting to make the transition.

Memoirs of a Muppets Writer

Born into a Jewish ghetto in Hungary, as a child, Elie Wiesel was sent to the Nazi concentration camps at Auschwitz and Buchenwald. This is his account of that atrocity: the ever-increasing horrors he endured, the loss of his family and his struggle to survive in a world that stripped him of humanity, dignity and faith. Describing in simple terms the tragic murder of a people from a survivor's perspective, Night is among the most personal, intimate and poignant of all accounts of the Holocaust. A compelling consideration of the darkest side of human nature and the enduring power of hope, it remains one of the most important works of the twentieth century. The Economic and Opportunity Gap

Menuhin

"Reading *Scratched* gave me the feeling of standing very close to a blazing fire. It is that brilliant, that intense, and one of the finest explorations I know of what it means to be a woman and an artist."—Sigrid Nunez, author of *The Friend* and Winner of the National Book Award for Fiction In a bold and brilliant memoir that reinvents the form, the acclaimed author of the novel *Museum Pieces* and the collection *Mendocino Fire* explores the ferocious desire for perfection which has shaped her writing life as well as her rich, dramatic, and constantly surprising personal life. *Scratched* is an intimate account of the uses a child, and the adult she becomes, will find for perfectionism and the role it will play in every part of her life. Elizabeth Tallent's story begins in a hospital in mid-1950s suburban Washington, D.C., when her mother refuses to hold her newborn daughter, shocking behavior that baffles the nurses. Imagining her own mother's perfectionist ideal at this critical moment, Elizabeth moves back and forth in time, juxtaposing moments in the past with the

Read Free Breaking Night A Memoir Of Forgiveness Survival And My Journey From Homeless To Harvard

present in this innovative and spellbinding narrative. Elizabeth traces her journey from her early years in which she perceived herself as "the child whose flaws let disaster into an otherwise perfect family," to her adulthood, when perfectionism came to affect everything. In the decade between 27 and 37, she publishes five literary books with Knopf and her short stories appear in The New Yorker. But this extraordinary start to her career is followed by twenty-two years of silence. She wrote, or rather published, nothing at all. Why? *Scratched* is the remarkable response to that question. Elizabeth's early publications secure her a coveted teaching job at Stanford University. As she toggles between Palo Alto and the Mendocino coast where she lives, raises her son Gabriel, and pursues an important psychoanalysis, Elizabeth grapples with the perfectionism that has always been home to her. Eventually, she finds love and acceptance in the most unlikely place, and finally accepts an "as is" relationship with herself and others. Her final triumph is the writing of this memoir, filled with wit, humor, and heart, and unlike any other you will read. *Scratched* is a brave book that repeatedly searches for the emotional truth beneath the conventional surface of existence.
