## **The Chosen Few**

The never-before-told story of one of the most decorated units in the war in Afghanistan and its fifteen-month ordeal that culminated in the 2008 Battle of Wanat, the war's deadliest. A single company of US paratroopers--calling themselves the "Chosen Few"--arrived in eastern Afghanistan in late 2007 hoping to win the hearts and minds of the remote mountain people and extend the Afghan government's reach into this wilderness. Instead, they spent the next

fifteen months in a desperate struggle, living under almost continuous attack, forced into a slow and grinding withdrawal, and always outnumbered by Taliban fighters descending on them from all sides. Month after month, rocket-propelled grenades, rockets, and machine-gun fire poured down on the isolated and exposed paratroopers as America's focus and military resources shifted to Iraq. Just weeks before the paratroopers were to go home, they faced their last--and toughest--fight. Near the village of Wanat in Nuristan province, an estimated three hundred enemy fighters surrounded about fifty of the Chosen Few and others defending a partially finished combat base. Nine died and more than two dozen were wounded that day in July 2008, making it arguably the bloodiest battle of the war in Afghanistan. The Chosen Few would return home tempered by war. Two among them would receive the Medal of Honor. All of them would be forever changed.

Captivating and action-packed, *From Blood and Ash* is a sexy, addictive, and unexpected fantasy perfect for fans of Sarah J. Maas and Laura Thalassa. A Maiden... Chosen from birth to usher in a new era, Poppy’s life has never been her own. The life of the Maiden is solitary. Never to be touched. Never to be looked upon. Never to be spoken to. Never to experience pleasure. Waiting for the day of her Ascension, she would rather be with the guards, fighting back the evil that took her family, than preparing to be found worthy by the gods. But the choice has never been hers. A Duty... The entire kingdom’s future rests on Poppy’s shoulders, something she’s not even quite sure she wants for herself. Because a Maiden has a heart. And a soul. And longing. And when Hawke, a golden-eyed guard honor bound to ensure her Ascension, enters her life, destiny and duty become tangled with desire and need. He incites her anger, makes her question everything she believes in, and tempts her with the forbidden. A Kingdom... Forsaken by the gods and feared by mortals, a fallen kingdom is rising once more, determined to take back what they believe is theirs through violence and vengeance. And as the shadow of those cursed draws closer, the line between what is forbidden and what is right becomes blurred. Poppy is not only on the verge of losing her heart and being found unworthy

She has just retired from the college where she taught English when her beloved husband, Sam, suddenly dies. And then more jolts: her bighearted but unstable sister disappears, and Antonia returns home one evening to find a pregnant, undocumented teenager on her doorstep. Antonia has always sought direction in the literature she loves—lines from her favorite authors play in her head like a soundtrack—but now she finds that the world demands more of her than words. *Afterlife* is a compact, nimble, and sharply droll novel. Set in this political moment of tribalism and distrust, it asks: What do we owe those in crisis in our families, including—maybe especially—members of our human family? How do we live in a broken world without losing faith in one another or ourselves? And how do we stay true to those glorious souls we have lost?

Cardinal Education is an educational consulting and tutoring company based in Palo Alto, CA. Guided by a philosophy of fulfilling students' academic potential in a way that boosts skills and confidence for life, we work to maximize successful middle school, high school, and college admissions outcomes. While some of our methods defy “conventional wisdom,” we have a proven track record with a broad range of students: the Ivy League bound to those wishing to avoid community college, the self-motivated to the intransigently jaded, and the profoundly gifted to learning disabled. We have a passion for expanding students' dreams and helping them attain their goals. Cardinal Education believes in the social value of a strong public education system and sponsors pro bono programs to bring private sector expertise to bear. However, government fiscal policies are shortchanging public schools of

opportunities: activities, sports, variety of classes, advanced classes, student: teacher ratios, and counseling departments. The “private school imperative” means that despite economic trends, admission to private school is becoming so competitive that it necessitates standardized testing excellence. The philosophy of this math workbook is rigor and drill. Because this is the first test students take that actively tries to trick students at every turn, students who sit for these standardized exams need reflexive familiarity with computation (math facts), problem types, and strategy. The entrance exams are the first standardized tests for which budgeting time is a significant issue. Students need to spend the majority of time on analysis to avoid getting tricked rather than computation. By building skills, speed, and confidence, we hope to eliminate anxiety and give students a solid foundation on which to build excellent scores. This book is intended as a supplement for our highly trained staff, so it does not include strategies. However, motivated students can use it successfully with occasional help from a teacher or parent. Each chapter is comprised of units, with each unit comprised of 4 problem sets of difficulty, increasing in a logically progressive manner. Students should do as many of the 4 problem sets for each unit as it takes to achieve a 90% accuracy rate. Students taking lower level exams should complete problems 1-10 in each set. Students competing for high school admissions should complete each problem set in its entirety. Questions or feedback: [Info@CardinalEducation.com](mailto:Info@CardinalEducation.com)

It took me into the hearts of women I could otherwise never know. I was transported."--Amy Bloom, New York Times bestselling author of *White Houses* and *Away Conjure Women* is a sweeping story that brings the world of the South before and after the Civil War vividly to life. Spanning eras and generations, it tells of the lives of three unforgettable women: Miss May Belle, a wise healing woman; her precocious and observant daughter Rue, who is reluctant to follow in her mother's footsteps as a midwife; and their master's daughter Varina. "A stunning thriller/fantasy/sci-fi chimera like nothing I've read before." --Blake Crouch "A hugely imagined, twisty, turning tale that leads through the labyrinths of magic and war to the center of the heart." --Diana Gabaldon Fifteen years ago, five ordinary teenagers were singled out by a prophecy to take down an impossibly powerful entity wreaking havoc across North America. He was known as the Dark One, and his weapon of choice—catastrophic events known as Drains—leveled cities and claimed thousands of lives. Chosen Ones, as the teens were known, gave everything they had to defeat him. After the Dark One fell, the world went back to normal . . . for everyone but them. After all, what do you do when you're the most famous people on Earth, your only education was in magical destruction, and your purpose in life is now fulfilled? Everyone else blames the PTSD—and her huge attitude problem—but really, she's hiding secrets from them . . . secrets that keep her tied to the past and alienate her from the only four people in the world who understand her. On the tenth anniversary of the Dark One's defeat, something unthinkable happens: one of the Chosen Ones dies. When the others gather for the funeral, they discover the Dark One's ultimate goal was much bigger than they, the government, or even prophecy could have foretold—bigger than the world itself.
