A romantic interpretation of French country style in a California cottage. With beautiful photography and a tale about a little forgotten house that could, Courtney shares the story of her renovation of a 1940s cottage in the California countryside. An abandoned vacation house, set in the center of rolling fields and trees becomes the cottage home of her dreams . . . a French country style cottage filled with original elements and an exquisite mix of rustic and refined. The years of renovation allowed Courtney to create a lifestyle that is fueled by inspiration and beauty, a touch of whimsy, and an abundance of everyday elegance. The journey has been shared on her popular blog French Country Cottage, and now, through the publication of her first book, her readers will experience a reveal of more of her home and property and the inspirations behind her beloved style. Courtney's inspiring photography reveals every nuance of her style and home including a muted color palette, old brassy door knobs, chippy paint, antiques, her greenhouse and garden, and an abundance of entertaining and holiday decorating style. Blurring the lines between indoor and outdoors and embracing well worn as well loved, French Country Cottage is a style that celebrates simplicity, indulges in romance, cherishes pieces with history and believes a chandelier and fresh flowers belong in every room. A freelance photographer and author of the blog French Country Cottage, Courtney also works as an editor, brand ambassador and designer. She has a floral collection with Balsam Hill and with several licensed collections launching in 2018 and 2019, Courtney's product lines will join her long list of creative accomplishments. Her photography and home has been featured in magazines in the US and Europe including several cover shots. Courtney is a mother of three and lives in her vintage cottage in the California countryside with her husband and adopted dog Sweet Pea; you can often find her with camera in hand capturing a whimsical moment.

As a busy wife, new mother, business owner, and designer, Emily Ley came to a point when she suddenly realized she couldn't do it all. She needed to simplify her life, organize her days, and prioritize the priorities. She realized that she had been holding herself to a standard of perfection, when what God was really calling her to do was step into his grace. In this four-session video-based study (DVD/digital video sold separately), Emily describes the journey that led to her pursuing a simpler life—one that allowed her to breathe, laugh, and grow—and provides ways for others to simplify their lives. She reminds each of us that God abundantly pours out grace on us, and because of this, we can surely extend grace to ourselves. This message is for everyone who has been trying to do it all only to burn out. As Emily writes, "You don't have to be perfect to embrace grace. Grace is free—for imperfect and unworthy people like you and me. God wants us to love big and feel deeply alive, free from the traps of perfection and comparison. The truth is, if we take care of ourselves like we're nurturing everyone else, shower love on our people, and pursue the things that make us feel deeply alive, perfection won't sound so necessary, and real-life joy will find us in the beautiful mess of it all." Sessions include: Let Go of the "Perfect Life" Surrender Control Build True Community Live in God's Grace Designed for use with Grace, Not Perfection Video Study (sold separately).

Interior designer, artist, and collector Sean Scherer shares his secrets about applying the principles of two-dimensional art to home design Sean Scherer's Kabinett & Kammer is equally a celebration and a guide to both collecting and showing how lively design can integrate disparate objects into beautifully layered ensembles. Scherer's interiors feature vintage display cabinets housing discarded collections of whittled songbirds, stunning 19th-century maps and school teaching aids, ferns in cast-iron planters, and photomurals. The effect is a supercharged nod to American Gothic heightened by Scherer's sophisticated palette and sense of proportion. Each photograph by William Abranowicz is a lesson on color and texture, focal points, and room size. Though styles fluctuate and tastes are unique, the principles of design are immutable, and good design is good design.
