White Stag

Our heroes are back . . . kind of. From the bestselling co-authors of the Illuminae Files comes the second book in the epic Aurora Cycle series about a squad of misfits, losers, and discipline cases who just might be the galaxy's best hope for survival. First, the bad news: an ancient evil--you know, your standard consume-all-life-in-the-galaxy deal--is about to be unleashed. The good news? Squad 312 is standing by to save the day. They've just got to take care of a few small distractions first. Like the clan of gremps who'd like to rearrange their favorite faces. And the cadre of illegit GIA agents with creepy flowers where their eyes used to be, who'll stop at nothing to get their hands on Auri. Then there's Kal's long-lost sister, who's not exactly happy to see her baby brother, and has a Syldrathi army at her back. With half the known galaxy on their tails, Squad 312 has never felt so wanted. When they learn the Hadfield has been found, it's time to come out of hiding. Two centuries ago, the colony ship vanished, leaving Auri as its sole survivor. Now, its black box might be what saves them. But time is short, and if Auri can't learn to master her powers as a Trigger, the squad and all their admirers are going to be deader than the Great Ultrasaur of Abraaxis IV. Shocking revelations, bank heists, mysterious gifts, inappropriately tight bodysuits, and an epic firefight will determine the fate of the Aurora Legion's most unforgettable heroes--and maybe the rest of the galaxy as well.

When Leviathan force them to travel to their beloved Rosewood Hall's sister school in Japan, the threesome find that nowhere is beyond Leviathan's long reach. The only solace they find is a secret band of students called Banshee who are fighting against the evil organisation's hold. But when long-buried secrets are uncovered, the lives of Lottie, Ellie and Jamie will never be the same again

The assassination is the work of a mysterious sniper called Juba, who was originally trained by the British but now works with a twisted mastermind determined to wrest leadership of the terrorist world from Al Qaeda. Kyle Swanson, once the top sniper in the Marine Corps, has become the key member in a secret special operations team known as Task Force Trident. When Juba tests the new weapon by killing hundreds of people at a British royal wedding in London, Swanson is assigned to hunt down his old special ops rival. The birth of a new reign of global terror can be stopped only by a confrontation between the two best snipers in the world, a duel in which the first shot wins. Usually.

Lifel1k3 (Lifelike)

In the wake of a climactic battle in the ruined city of Babel, two former best friends suddenly find themselves on opposite sides of the same quest in the second installment of the LIFEL1K3 trilogy by the bestselling coauthor of The Illuminae Files.

We Free the Stars

The first in an epic new fantasy series, introducing an unforgettable new heroine and a stunningly original dystopian steampunk world with a flavor of feudal Japan. A DYING LAND The Shima Imperium verges on the brink of environmental collapse; an island nation once rich in tradition and myth, now decimated by clockwork industrialization and the machine-worshippers of the Lotus Guild. The skies are red as blood, the land is choked with toxic pollution, and the great spirit animals that once roamed its wilds have departed forever. AN

IMPOSSIBLE QUEST The hunters of Shima's imperial court are charged by their Shogun to capture a thunder tiger – a legendary creature, half-eagle, half-tiger. But any fool knows the beasts have been extinct for more than a century, and the price of failing the Shogun is death. **A HIDDEN GIFT** Yukiko is a child of the Fox clan, possessed of a talent that if discovered, would see her executed by the Lotus Guild. Accompanying her father on the Shogun's hunt, she finds herself stranded: a young woman alone in Shima's last wilderness, with only a furious, crippled thunder tiger for company. Even though she can hear his thoughts, even though she saved his life, all she knows for certain is he'd rather see her dead than help her. But together, the pair will form an indomitable friendship, and rise to challenge the might of an empire.

We Speak in Storms

An original eNovella set in the world of the Lotus War before the events of Stormdancer Your blood-red skies are filled with smoke. Your bleach-white histories with lies. You walk sleeping. Wake senseless. Breathing deep of toxic blooms and forgetting all that has gone before. But I remember. I remember when two brothers waged bloody war over the right to sit in their father's empty chair. I remember when orphaned twins faced each other across a field of crimson and steel, the fate of the Shima Shogunate hanging in the poisoned sky between them. I remember when a blind boy stood before a court of storms and talons, armed only with a thin sword and a muttered prophecy and a desperate dream of saving the world. I remember when the skies above Shima were not red, but blue. Filled with thunder tigers. I remember when they left you. And I remember why. Let me tell you, monkey-child.

Her fears come true when the bullying begins, sending Melly to the bathroom in tears. Just as Rose is about to follow after her daughter, a massive explosion goes off in the kitchen, sending the room into chaos. Rose finds herself faced with the horrifying decision of whether or not to run to the bathroom to rescue her daughter or usher Amanda to safety. She believes she has accomplished both, only to discover that Amanda, for an unknown reason, ran back into the school once out of Rose's sight. In an instance, Rose goes from hero to villain as the small community blames Amanda's injuries on her. In the days that follow, Rose's life starts to fall to pieces, Amanda's mother decides to sue, her marriage is put to the test, and worse, when her daughter returns to school, the bullying only intensifies. Rose must take matters into her own hands and get down to the truth of what really happened that fateful day in order to save herself, her marriage and her family. Nevernight

A masterful tale of ambition, jealousy, desire, and superpowers. Victor and Eli started out as college roommates—brilliant, arrogant, lonely boys who recognized the same sharpness and ambition in each other. In their senior year, a shared research interest in adrenaline, near-death experiences, and seemingly supernatural events reveals an intriguing possibility: that under the right conditions, someone could develop extraordinary abilities. But when their thesis moves from the academic to the experimental, things go horribly wrong. Ten years later, Victor breaks out of prison, determined to catch up to his old friend (now foe), aided by a young girl whose reserved nature obscures a stunning ability. Meanwhile, Eli is on a mission to eradicate every other super-powered person that he can find—aside from his sidekick, an enigmatic woman with an unbreakable will. Armed with terrible power on both sides, driven by the memory of betrayal and loss, the archnemeses have set a course for revenge—but who will be

left alive at the end? In *Vicious*, V. E. Schwab brings to life a gritty comic-book-style world in vivid prose: a world where gaining superpowers doesn't automatically lead to heroism, and a time when allegiances are called into question. But they are low on resources and allies alike, and the kingdom teems with fear of the Lion of the Night's return. As the zumra plots to overthrow Arawiya's darkest threat, Nasir fights to command the magic in his blood. He must learn to hone his power, to wield it against not only the Lion but his father as well, trapped under the Lion's control. Zafira battles a very different darkness festering in her through her bond with the Jawarat—it hums with voices, pushing her to the brink of sanity and to the edge of a chaos she dares not unleash. Where the Woods End

As a magical revolution remakes a city, an ancient evil is awakened in a brilliant new novel from the Hugo-nominated author of *Foundryside* and the *Divine Cities* trilogy. A few years ago, Sancia Grado would've happily watched Tevanne burn. Now, she's hoping to transform her city into something new. Something better. Together with allies Orso, Gregor, and Berenice, she's about to strike a deadly blow against Tevanne's cruel robber-baron rulers and wrest power from their hands for the first time in decades. But then comes a terrifying warning: Crasedes Magnus himself, the first of the legendary hierophants, is about to be reborn. And if he returns, Tevanne will be just the first place to feel his wrath. Thousands of years ago, Crasedes was an ordinary man who did the impossible: Using the magic of scrying—the art of imbuing objects with sentience—he convinced reality that he was something more than human. Wielding powers beyond comprehension, he strode the world like a god for centuries, meting out justice and razing empires single-handedly, cleansing the world through fire and destruction—and even defeating death itself. Like it or not, it's up to Sancia to stop him. But to have a chance in the battle to come, she'll have to call upon a god of her own—and unlock the door to a scrying technology that could change what it means to be human. And no matter who wins, nothing will ever be the same. The awe-inspiring second installment of the *Founders Trilogy*, *Shorefall* returns us to the world Robert Jackson Bennett created in his acclaimed *Foundryside* . . . and forges it anew.

TRUEL1F3 (Truelife)

In a forest filled with treacherous beasts, the thing to be most afraid of is closer than you think in this middle grade horror fantasy. Kestrel, a young huntress, lives in a seemingly endless

forest crawling with dangerous beasts. But the most dangerous beasts of all are the Grabbers--beings that are born when you are and stalk you throughout your life, waiting for the perfect moment to snatch and eat you. No one has ever defeated their Grabber once attacked, and those that die from accidents or other creatures are considered "lucky." Kestrel has been tasked by her mother, a powerful and controlling spell-caster, to hunt down the Grabbers in an effort to protect their village in the forest. Accompanied by Pippit, a hilariously bloodthirsty weasel, she hones her skills as she searches for a way out of the forest--and away from the judgmental villagers who despise her. But her own Grabber is creeping ever closer, and nothing in this forest is what it seems including her mother's true motivations.

The Scorpion & The Sea

Ancient Greece: A place where the gods hold mortal life cheap, mere playthings to amuse, delight, and abuse at their will. But those puny mortals are not wholly devoid of power and at the core of their fabulous city-states lies the Labyrinth, where they can shape the powers of the heavens to their own design. When Theseus entered the Labyrinth and came away with the prize of freedom and his beloved Adrienne, Mistress of the Labyrinth, his future seemed assured. Until he abandoned her for the unforgivable sin of bearing him only a daughter, and the world seemed to change. From that day forward, all the Labyrinths in the ancient world started to decay. It slowly became clear that power was fading from the city-states. Was it the natural decline that comes to all cultures or was it because the power of the Labyrinth had been corrupted by a woman spurned? A hundred years pass--Troy has fallen and the Trojans are a scattered and humbled people. The warrior Brutus is of the line of kings and gods. He wears the golden kingship bands of Troy proudly--but they are his only mementos of a former glory, for he is a man without a country and is left little else but pride and a memory of the latent power that he could wield if but given a chance. When he receives a god-sent vision of a distant shore where he can rebuild the ancient kingdom, he will move heaven and earth to reach his destiny. Ever eastward he is drawn, to a lovely and mystical green land that offers him a haven--and a dream of power and conquest. Nothing will deter him not even the entreaties of the young princess whom he took as his wife and bedded against her will. First her hatred--and now her love--torment and bind him. She is the only one who realizes the danger he is stepping into, and she will do anything to save him and his son, whom she carries in her womb. For in the mists of Albion there lies a woman of power--a woman who has used her siren call to cloud Brutus's mind and has her own reasons for luring the warrior to these lush shores. She is the long-descended granddaughter of Adrienne, and she has in her heart a hatred that has been passed down for generations. Her plans for Brutus will enact a revenge that could destroy the gods themselves. s20lf Brutus makes the journey successfully, it will be the next step in the Game of the Labyrinth and might start a complicated contest of wills that could span centuries. Vengeful

Prosper Redding is the only unexceptional member of his very successful family, that is, until he discovers a demon living inside him. Turns out, Prosper's great-great-great-great-great-something grandfather made, and then broke - a contract with a malefactor, a demon who exchanges fortune for eternal servitude. Now Alastor, the malefactor, has reawakened and is intent on destroying the Redding fortune, unless they can kill him in the body he inhabits, which, oh, wait, that's Prosper, and why is his grandmother coming at him with a silver blade? In danger from both the demon trying to take over his soul and the family that would rather protect their fortune than their own kin, Prosper narrowly escapes with the help of his long lost

Uncle Barnabas and Barnabas's daughter, Nell, a witch in training. According to Barnabas and Nell, they have only days to break the family curse and find a way to banish Alastor back to the demon realm. Until then, Prosper has to deal with Alastor's vengeful mutterings inside his head (not to mention his nasty habit of snacking on spiders). And, every night, Alastor's control over his body grows stronger. . . As the deadline to the curse draws nearer, Prosper and Nell realize there's more at stake than just the Redding family fortune. . . that there might be something else out there, something worse than Alastor, that could destroy the balance between the human and demon realms and change the world as they know it forever.

The Lost Princess

The genius and the sunshine girl. As children, we fought bitterly and often, bickering every chance we got. But then we grew up. Then we came back. Delphine Dansey carries her heart on the outside of her body; she's looking for love and chasing dreams. She's spoiled and selfish, the kind of beautiful that's made for money and fame. But somehow she's ended up in my keeping: a pretty submissive I can't seem to resist, a lover who obsesses and tempts me. I thought I'd locked my heart away a long time ago, along with all my other weaknesses. But some doors won't stay closed, no matter how hard I fight to keep them shut. She unravels me, just like our friends are unraveling, just like Thornchapel itself is unraveling. All year long, we've been sowing lust and jealousy and pain, heedless of the consequences. But a harvest is inevitable, and so now we must reap our sorrows. And our sighs. *Harvest of Sighs is Book Three in the Thornchapel series.*

Empire of the Vampire

"Before I met you, I thought Nightmares were creatures of pain and darkness. Why, then, are you constantly seeking freedom and light?" Fortuna's entire life has changed. She has no idea

how to balance her new responsibilities and who she used to be. There are hundreds of faeries in her head, her brother seems to have lost touch with reality, and a werewolf won't leave her side. Maybe the utter lack of control is why her abilities seem to be changing, as well. Then there's Collith. Enigmatic, beautiful, and infuriating. Not only a king of the faeries she despises so much, but also her mate. His gentle pursuit causes confusion in her normally unwavering relationship with Oliver. As a result of it all, Fortuna now finds herself surrounded by new enemies and ones from the past. The question isn't whether she is strong enough to make change in such a corrupt court. It's whether she will survive long enough to do it.
