The Land We Love

From the New York Times bestselling author, a 30-day plan to a leaner body In the follow-up book to her bestselling Gorgeously Green, Sophie Uliano reveals the secrets to getting slim while being good to the planet . It turns out that eating local, organic, foods doesn't have to be expensive, and a healthy meal can be made in 30 minutes or less, all while shedding pounds. In her relatable, girlfriend-to-girlfriend tone, Uliano pledges that anyone can go green and lean, no matter where they live or what resources they have. Uliano recognizes that dieting and going green are big lifestyle changes and makes it easy for readers to commit to both by allowing them to personalize their plans according to their needs. The book has three diet plans—light green, bright green and deep green— that depend on how much time, travel, and money readers want to commit to going green. The three plans promise the same amount of weight loss, but the darker green the plan is, the greater the commitment the reader makes to reducing waste, going organic and staying carbon neutral. Each diet plan emphasizes natural, seasonal, whole foods that are not only better for the planet, but better for the body. Uliano explains how over-processed, over-produced foods contain fewer nutrients, are harder to digest and are more

Eat, Drink, and Be Gorgeous

"Brilliant, heartbreaking, tender, and highly original - poet Ocean Vuong's debut novel is a sweeping and shattering portrait of a family, and a testament to the redemptive power of storytelling. On Earth We're Briefly Gorgeous is a letter from a son to a mother who cannot read. Written when the speaker, Little Dog, is in his late twenties, the letter unearths a family's history that began before he was born--a history whose epicenter is rooted in Vietnam--and serves as a doorway into parts of his life his mother has never known, all of it leading to an unforgettable revelation. At once a witness to the fraught yet undeniable love between a single mother and her son, it is also a brutally honest

The Works of John Ruskin

Frank Leslie's Sunday Magazine

It's official: In these tough times, clueless is out--and crafty is in. For both financial and environmental reasons, life is all about doing well with what you have. But that doesn't mean you can't still be fabulous. Do It Gorgeously shows you how to make nearly everything you would otherwise purchase: From the kitchen to the nursery, from your medicine cabinet to your makeup drawer, you'll be astounded by how easy and inexpensive it is to make safe and eco-friendly products for your family. You deserve to have it all--and now you can do it yourself! Praise for Sophie Uliano: "To be with Sophie is to be so caught up in the thrill of the potential of good!" --Julia Roberts "Sophie Uliano teaches us that we need not equate eco-friendly with Birkenstocks and wheatgrass shakes . . . she ushers us into a lifestyle that's ever so eco-chic." --Los Angeles Confidential "Sophie Uliano is a Mary Poppins for the new millennium: Rather than advocating a spoonful of sugar to help the medicine go down, Uliano will recommend rubbing sugar on your skin to make it glow--and then offer numerous other homegrown tips and tricks." --Good Housekeeping
