DR SEBI CURE FOR CURE HERPESDr. Sebi was a Honduran

man with a very humble beginning and was known and addressed as an herbalist, pathologist or a naturalist in different regions of the world; he left the biosphere in 2016. Indeed, it is true that he is no longer in our midst today, but his self-invented and established effective traditional therapy for diabetes, hypertension and organ cleansing is still helping millions of people with these conditions around the world. Dr. Sebi said that there were six fundamental food groups: live, raw, dead, hybrid, genetically modified, and drugs, but his diet basically cut out all the food groups except live and raw food, thereby encouraging dieters to eat as closely to a raw vegan diet as possible. These foods include foods like naturally grown fruits and vegetables, along with whole grains. He has believed that raw and live foods were "electric," which fought the acidic food waste in the body. So, with his approach to eating, Dr. Sebi established a list of foods that he deliberated to be the best for his diet. Sticking to Dr Sebi's Diet and Food List to cure these diseases can be challenging if you eat out a lot. Consequently, you need to get used to making lots of meals at home. To help with this, this book is born so as to give you all of the information you need to eat right and the type of herbs to eat to live healthy. Get Back Your Health with Dr. SEBI inspired Recipes and Diet. Get Back Your Life with Plant based Recipes that are Dr. SEBI Compliant. The concept of alkaline and acidic foods has been known since the middle of the 19th century. Dr. Sebi took this concept a step further and developed a dietary protocol that includes fasting and herbal remedies. Although this may not be the easiest of diets, it has helped many people who were written off by conventional medicine. In this guide, we take a look at the diet, approved foods, herbs and regimen of the Dr. Sebi alkaline diet. Specifically, you'll learn-

Indeed, it is true that he is no longer in our midst today, but his self-invented and established effective traditional therapy for diabetes, hypertension and organ cleansing is still helping millions of people with these conditions around the world.
