abusive father. Fifteen-year-old equestrian prodigy Roan Montgomery has only ever known two worlds: inside the riding arena, and outside of it. Both, for as long as she can remember, have been ruled by her father, who demands strict obedience in all areas of her life. The warped power dynamic of coach and rider extends far beyond the stables, and Roan's relationship with her father has long been inappropriate. She has been able to compartmentalize that dark aspect of her life, ruthlessly focusing on her ambitions as a rider heading for the Olympics, just as her father had done. However, her developing relationship with Will Howard, a boy her own age, broadens the scope of her vision. At the intersection of a commercial page-turner and urgent survivor story, *Dark Horses* takes the searing themes of abuse and resilience in Gabriel Tallent's *My Absolute Darling* and applies the compelling exploration of female strength in *Room* by Emma Donoghue. In much the same way that V.C. Andrews's *Flowers in the Attic* transfixed a generation of readers, Susan Mihalic's debut is set to a steady beat that will keep you turning the pages.

"Tomorrow belongs to women," notes celebrated anthropologist Helen Fisher. In her explosive new book, *The First Sex*, she illustrates this enticing assertion. Drawing on original research, Fisher reveals how women and their natural talents are changing the world, making them ideal leaders and successful shapers of business and society--today and on into the twenty-first century. Looking back to prehistoric times, Fisher shows how the special structure of the female brain enables women to do "web thinking" or "synthesis thinking," as compared to men's more linear or "step" thinking. With lively anecdotes and fascinating stories, Fisher reveals how women's special talents--superior verbal abilities, people savvy, acute senses, healing techniques, and more--are geared to success in today's worlds of medicine, education, communications, law, philanthropy, and government. Changes in society--the

Then one night, Busi is viciously attacked by an intruder in his own courtyard—bitten and scratched. He insists his assailant was neither man nor animal. Soon, Busi's account of what happened is being embellished to fan the flames of old rumor—of an ancient race of people living in the surrounding forest. It is also used to spark new controversy, inspiring claims that something must finally be done about the town's poor, whose numbers have been growing. In trademark crystalline prose, Jim Crace portrays a man taking stock of his life and looking into an uncertain future, while bearing witness to a community in the throes of great change.

spiteful aunt and predatory cousin, then at a grim school where she fights for her very life until escaping to London, leaving the corpses of her tormentors behind her. After years of hiding from the law while penning macabre “last confessions” of the recently hanged, Jane thrills at discovering an advertisement. Her aunt has died and her childhood home has a new master: Mr. Charles Thornfield, who seeks a governess. Burning to know whether she is in fact the rightful heir, Jane takes the position incognito and learns that Highgate House is full of marvelously strange new residents—the fascinating but caustic Mr. Thornfield, an army doctor returned from the Sikh Wars, and the gracious Sikh butler Mr. Sardar Singh, whose history with Mr. Thornfield appears far deeper and darker than they pretend. As Jane catches ominous glimpses of the pair’s violent history and falls in love with the gruffly tragic Mr. Thornfield, she faces a terrible dilemma: Can she possess him—body, soul, and secrets—without revealing her own murderous past? “A thrill ride of a novel. A must read for lovers of Jane Eyre, dark humor, and mystery.”—PopSugar.com

unconditional love in this powerful picture book from the author of Honey Baby Sugar Child. Carol Olivia Clementine lives with Mama Rose. Mama Rose is everything—tender and sweet. She is also as stern and demanding as any good parent should be. In the midst of their happy home, Carol misses her mother and father. She longs to be with them. But until that time comes around, she learns to surrender to the love that is present. Mama Rose becomes her “home.” And Carol Olivia Clementine concludes that she loves Miss Rose, “just like a mama.” This sweet read-aloud is, on the surface, all about the everyday home life a caregiver creates for a young child: she teaches Clementine how to ride a bike, clean her room, tell time. A deeper look reveals the patience, intention, and care little ones receives in the arms of a mother whose blood is not her blood, but whose bond is so deep—and so unconditional—that it creates the most perfect condition for a child to feel safe, successful, and deeply loved.

Girl, but wholly its own, a provocative, humorous, and, at times, heartbreaking collection of essays on what it means to be black, a woman, a mother, and a global citizen in today's ever-changing world. Black women have never been more visible or more publicly celebrated than they are now. But for every new milestone, every magazine cover, every box office record smashed, every new face elected to public office, the reality of everyday life for black women remains a complex, conflicted, contradiction-laden experience. An American journalist who has been living and working in London for a decade, Kenya Hunt has made a career of distilling moments, movements, and cultural moods into words. Her work takes the difficult and the indefinable and makes it accessible; it is razor sharp cultural observation threaded through evocative and relatable stories. Girl Gurl Grrrl both illuminates our current cultural moment and transcends it. Hunt captures the zeitgeist while also creating a timeless celebration of womanhood, of blackness, and the possibilities they both contain. She blends the popular and the personal, the frivolous and the momentous in a collection that truly reflects what it is to be living and thriving as a black woman today.

The internationally acclaimed author of *The Dream Life of Sukhanov* now returns to gift us with *Forty Rooms*, which outshines even that prizewinning novel. Totally original in conception and magnificently executed, *Forty Rooms* is mysterious, withholding, and ultimately emotionally devastating. Olga Grushin is dealing with issues of women's identity, of women's choices, that no modern novel has explored so deeply. "Forty rooms" is a conceit: it proposes that a modern woman will inhabit forty rooms in her lifetime. They form her biography, from childhood to death. For our protagonist, the much-loved child of a late marriage, the first rooms she is aware of as she nears the age of five are

those that make up her family's Moscow apartment. We follow this child as she reaches adolescence, leaves home to study in America, and slowly discovers sexual happiness and love. But her hunger for adventure and her longing to be a great poet conspire to kill the affair. She seems to have made her choice. But one day she runs into a college classmate. He is sure of his path through life, and he is protective of her. (He is also a great cook.) They drift into an affair and marriage. What follows are the decades of births and deaths, the celebrations, material accumulations, and home comforts—until one day, her children grown and gone, her husband absent, she finds herself alone except for the ghosts of her youth, who have come back to haunt and even taunt her. Compelling and complex, *Forty Rooms* is also profoundly affecting, its ending shattering but true. We know that Mrs. Caldwell (for that is the only name by which we know her) has died. Was it a life well lived? Quite likely. Was it a life complete? Does such a life ever really exist? Life is, after all, full of trade-offs and choices. Who is to say her path was not well taken? It is this ambiguity that is at the heart of this provocative novel.

Desperate to get as far away as possible from New York City and those who want her dead, she has her sights set on Oregon: a distant frontier that seems the end of the line. She befriends Max, a black Pullman porter who reminds her achingly of Harlem, who leads Alice to the Paragon Hotel upon arrival in Portland. Her unlikely sanctuary turns out to be the only all-black hotel in the city, and its lodgers seem unduly terrified of a white woman on the premises. But as she meets the churlish Dr. Pendleton, the stately Mavereen, and the unforgettable club chanteuse Blossom Fontaine, she begins to understand the reason for their dread. The Ku Klux Klan has arrived in Portland in fearful numbers - burning crosses, inciting violence, electing officials, and brutalising blacks. And only Alice, along with her new
