and even severe psychiatric disorders. The main theme and objective of this book is to prove that setting and enforcing reasonable and appropriate boundaries, combined with learning and education, could save parents' relationships with their kids and literally save children's lives. The book is unique in that it presents in a direct, simple, and yet profound way, real case studies and situations commonly encountered, along with severe cases of drug abuse, delinquencies, and mental disturbances. All cases are shown to respond very well to authority and boundaries adjusted to the specific situation and behavior. The book contains numerous references to professional material for the more advanced reader and derives inspiration from ancient philosophers and religious thinkers. Shulamit Blank, M.D, is a pediatrician as well as a child and adolescent psychiatrist. She is the founder and, since 1993, CEO of a community based educational and treatment facility in Israel for children and adolescents with severe psychiatric and behavioral disorders, in which she successfully implements her methods, prevents psychiatric hospitalization and incarceration, and minimizes the use of psychiatric drugs through teaching and education adjusted to the child's specific problems. Orly Fuchs-Shabtai is a clinical psychologist. In 2006 she established a national program for the prevention of child violence. The program, conducted by thirty-five counselors from the therapeutic field, provides counseling to hundreds of families and teachers each year. The authors strive to follow the ancient wisdom of the biblical aphorism: "Train up a child in the way he should go: and when he is old, he will not depart from it" (Proverbs 22:6).

Take this journey through the life and times of Pamela Lundy, an African-American "Baby Boomer" from Detroit, Michigan. Her intriguing, impactful story spans over five decades of time. Her parents were divorced when she was very young, and her mother was denied visitation of her children. Subsequently, Pamela was left feeling unwanted and unloved. Her workaholic father took her and her five siblings to live with his parents in their overcrowded home. They became lost somewhere in the shuffle. It was there that she and her siblings were violated and became the frightened, fragile, voiceless victims of incest. Left carrying a boatload of baggage, guilt and shame, Pamela refuses to fade into the background. Though the survivor in her emerges, the traumatizing experience stays with her throughout most of her lifetime. She suppresses her feelings and attempts to hide her dirty little secret behind attaining and maintaining the outer image of beauty. Time after time, in desperation she attempts to capture it. Walk through her times of childhood bliss, those days of pony tail wearing, hop scotch playing and penny candy eating. Get a feel for the 1950's and 60's smoke-filled beauty shops as the "pressing comb" works its transitional magic converting Black women's hair from kinky to straight. Learn the plight of this Black woman's attempt to replicate the images of the Caucasian women which graced the covers of popular magazines, the ones that set the standard for what was deemed as beautiful. March through the times of civil unrest and experience a revolution in America. Read about Pamela's personal encounter with racial prejudice, after which she develops a clear perception of the magnitude of the raw, uncut hatred toward her people. Her journey continues as she evolves from a child into a woman. Her life seems plagued with obstacles. She faces many challenges. This is a story about the vicissitudes of life and everything in between. Ultimately, Pamela learns to view life as a series of experiences and lessons learned. Throughout this book she has incorporated her reflections, of which she shares with her readers. And for the most part, she is successful at turning her struggles into triumphs. Her story concludes as she

Violence leaves a stain on your soul, and the fear that accompanies that violence can never be removed. It can be hidden, shadowed, and put away, but throw in just the right set of circumstances and it will blossom once again. All she wants now is to get back to a sense of normalcy, in her life and at work. She wants to move on from all that's happened to her. It was her decision to leave police work and put that life behind her, but when a young girl is found dead in a local park with something of Leigh's in her hand, Leigh is lured back into the world she left behind. Someone wants Leigh to experience the beauty of fear. They want her to live it, feel it, and breathe it. Dominic Trevino had been called a lot of things. Manwhore. Womanizer. Slut. But he was most notoriously known as Dirty Dom. Because that was who he was for the most part. It just wasn't all he was. His tortured past was as stained as his licentious reputation, and that was exactly how he'd designed it. It was the only way he knew how to cope with the ghosts that still kept him caged in horror and self-loathing. But the day Raven came tearing into his life-her temper as hot as her teeny tiny shorts-he knew he could never be placated with faceless hook-ups again. Still, he couldn't let her see who-and what-he really was inside. Raven freed him from his past-freed him from his pain. She saved him. Even though she didn't believe he was even worth saving. From the author of New York Times bestseller, *Fear of Falling*, comes a full-length, spin-off standalone about unbreakable friendships, the power of healing, and learning to love through forgiveness.
