In April of 1944, during the last year of World War II and two months before the D-day landings at Normandy, Paul N. Frenkel was a fourteen-year-old living happily with his family in the rural Transylvanian town of Hadad, Hungary. Suddenly, without explanation or justification, the family was rounded up with other Hungarian Jews, confined in a factory yard, and then herded into cattle cars and shipped off to Auschwitz. In *Life Reclaimed*, Frenkel narrates the story of his life—his prewar idyllic childhood in the foothills of the Carpathian Mountains, his survival in four Nazi camps as a young teenager, the loss of his parents and most of his relatives in Nazi hell, his daring escape from the death march out of Berga-Elster Camp, and his ultimate success as an entrepreneurial business executive and devoted family man in America. A story of endurance, courage, and hope, *Life Reclaimed* represents Frenkel's determined ongoing efforts to come to grips with his World War II experience—why his family and the other Hungarian Jews failed to realize their dire peril from the Nazis; why their Transylvanian neighbors and friends actively collaborated with the Nazis or passively abandoned their Jewish colleagues to arrest, enslavement, and death; and why this dark past continues to haunt his life and burden his thoughts.

Forever Lost

Augustus Berry lives a day-to-day existence comprised of waking up, getting drunk, and preparing for the inevitable day when "they" will come up the side of his mountain and penetrate his fortress. Living on the outskirts of a city and scavenging for whatever supplies remain since the demise of civilization, Gus knows that his next visit to undead suburbia could be his last. Not only does he face a corpse-infested urban hell, human scavengers, and unending loneliness, but now a new mystery has risen. The undead are disappearing from the streets. A force is gathering, beyond the mountain man's wildest nightmares, even more relentless and terrifying than the roaming tides of dead flesh. And it's preparing to hunt." -- Back cover.

The Defining Decade

The dark side of love is no fairy tale. And while we may like to believe that crimes of the heart only victimize those who aren't careful, this page-turning collection of must-read accounts will convince you otherwise. America's #1 true-crime writer, Ann Rule reveals how lovers become predators, how sex and lust can push ordinary people to desperate acts, and how investigators and forensics experts work to unravel the most entangled crimes of passion. Extracting behind-the-scenes details, Rule makes these volatile relationships utterly real, and masterfully re-creates the ill-fated chains of events in such cases as the ex-Marine and martial arts master who seduced vulnerable women and then destroyed their lives; the killer whose calling card was a single bloodred rose; the faithless wife who manipulated and murdered without conscience; the blind date that set the stage for a killer's brutality; and more. In every case, the victim -- young and innocent or older and experienced -- unknowingly trusted a stranger with the sociopathic skill to hide their dark motives, until it was too late to escape a web of deadly lies, fatal promises, and homicidal possession.

NEW AGE | VISIONARY FICTION | ALLEGORY | INSPIRATIONAL | SPIRIT. Tormented by the never-ending voices of his inner critic and the 'thought storms' in his mind, a disheartened man travels West on the brink of despair, stopping overnight in a small Nebraska prairie town, where he experiences a surprising inner awakening Through this allegory, discover and explore a key tool of self-awareness -- 'The Watcher' (witness consciousness)-- for finding peace on your own inner journey and spiritual path. Inspired by the profound wisdom of Michael Singer's The Untethered Soul, the author here shares the process of one person's internal struggle to understand--and escape from--the incessant voices of their inner self-critic. Then --moving well beyond the entry point of self-criticism--this simple story delves deeply to explore the very nature of thinking and emotions themselves and our relationship to them as human beings. What is real? What is illusion? Who ARE you? Is it possible to be freed from the "thought maze" that typically entangles a person in their everyday life? Through the protagonist's journey the larger picture of personal identity and its relationship to thoughts and feelings is revealed, as he unknowingly discovers a key tool of self-awareness that the reader will also be able take away for everyday use on their own spiritual path. This transformation evolves over the course of only 24 hours yet magically, time stretches as the mind of the main character opens and his heart begins to truly flow for the first time. This New Age work falls into the more recently developing genre of Metaphysical & Visionary Fiction. Like James Redfield's The Celestine Prophecy and Paulo Coelho's The Alchemist, the subtle--yet powerful--unfolding of this allegorical journey will both captivate and inspire you!

Vagabond Souls

After nine years of marriage, Toyin M. Falusi, MD, a specialist in infectious diseases, found herself divorced and raising two young children. It was a trying, stressful time, but rather than accept the hackneyed stereotype of the miserable and overwrought single mom, Falusi chose to embrace her new existence. Twelve years later, she's still leading a happy, successful life. In *The Decade After: Surviving Thriving after Divorce*, she shares what she's learned along the way. While this is not a self-help manual, much inside will resonate with recently divorced women. It is also not exactly an advice book, although Falusi does offer tips and tactics to help you adjust to life after marriage breakdown and separation. Rather, this is an informal, often funny conversation, with Falusi expounding on such topics as raising well-adjusted kids, working with-not against-your ex-spouse, building a support system, and taking care of yourself. Life does not end after divorce, nor does it have to plunge into stress, loneliness, and despair. Take it from Falusi-twelve years later, she's still going strong. While she remains willing to entertain the possibility of a new serious relationship, she's quite happy as she is-self-reliant, successful, and fulfilled! #getbetternotbitter #thrivingafterdivorce This book empowers women of all ages to celebrate their awesomeness and to grow daily. *The Decade After* was named one of the best books of all time by BookAuthority.

New York Times bestselling psychologist Dr. Meg Jay uses real stories from real lives to provide smart, compassionate, and constructive advice about the crucial (and difficult) years we cannot afford to miss. Our "thirty-is-the-new-twenty" culture tells us the twentysomething years don't matter. Some say they are a second adolescence. Others call them an emerging adulthood. Dr. Meg Jay, a clinical psychologist, argues that twentysomethings have been caught in a swirl of hype and misinformation, much of which has trivialized what is actually the most defining decade of adulthood. Drawing from almost two decades of work with hundreds of clients and students, *The Defining Decade* weaves the latest science of the twentysomething

years with the behind-closed-doors stories from twentysomethings, themselves. The result is a provocative read that provides the tools necessary to make the most of your twenties, and shows us how work, relationships, personality, social networks, identity, and even the brain can change more during this decade than at any other time in adulthood—if we use the time wisely. *The Defining Decade* is a smart, compassionate and constructive book about the years we cannot afford to miss.

The Empath. The word has found its way into our consciousness accompanied by ideas of healing, sharing emotion and pain. Empaths are sensitive, caring, responsive people who have at the core of their nature an innate ability to receive energy, information and awareness from others with a depth and intensity that is beyond our customary understanding of empathy. Yet, this very receptivity and permeability brings its own challenges. It is vital for empaths to recognize themselves as such and to consciously explore, understand and address this energetic flow in their life. Self-inquiry is the essential tool to understanding all that motivates and colors your experience of the world. The book explores in depth this receptivity, as well as tools, concepts and approaches to support understanding and how to flourish with this heightened sensitivity. This book is a shared journey, edited from years of workshops and sessions with Elisabeth Fitzhugh and the Orion group.

Introduction by Gillian Flynn • Afterword by Patton Oswalt " A brilliant genre-buster. Propulsive, can ' t-stop-now reading. " —Stephen King For more than ten years, a mysterious and violent predator committed fifty sexual assaults in Northern California before moving south, where he perpetrated ten sadistic murders. Then he disappeared, eluding capture by multiple police forces and some of the best detectives in the area. Three decades later, Michelle

McNamara, a true crime journalist who created the popular website TrueCrimeDiary.com, was determined to find the violent psychopath she called "the Golden State Killer." Michelle pored over police reports, interviewed victims, and embedded herself in the online communities that were as obsessed with the case as she was. *I ' ll Be Gone in the Dark*—the masterpiece McNamara was writing at the time of her sudden death—offers an atmospheric snapshot of a moment in American history and a chilling account of a criminal mastermind and the wreckage he left behind. It is also a portrait of a woman ' s obsession and her unflinching pursuit of the truth. Utterly original and compelling, it has been hailed as a modern true crime classic—one which fulfilled Michelle's dream: helping unmask the Golden State Killer.

Finding Me

"I saw freedom in the horizon. I knew I'd never have it for myself, but I would have it for my daughters." And she did. With abundant humor and wit, Maxine Darrah steered her way through the conservative social mores of the fifties. She donned the regulation apron and kept her home sparkling clean. But her eyes and heart were full of mischief. Her children would learn what was precious and how to find joy in the smallest everyday events. And above all they'd become free spirits. In these thirteen charming vignettes written by her daughter almost a half century later, the love of a remarkable woman for her children shines through in every escapade. In one story, a little girl sobbing over an awkward class photo is cleverly lured into seeing herself as the luckiest rather than the ugliest child in her class. In another, Church is abandoned one Sunday morning and God is found basking on a moss-covered log in the spring sunshine. Lessons had to be learned and Maxine Darrah made sure that they were and that they were never forgotten. Each of these tales dances towards a final twist one which evokes a chuckle or a tear. A heart warming read!

Mountain Man

Drew Maddox is a rough Private Investigator who believes what his eyes can see and his senses feel. He has very little use for imagination and flights of fantasy annoy him, yet when a naked woman suddenly appears on the road in front of his truck it sends his brain tumbling and his life into a spiral of myth he can barely comprehend. Pandimora wears her name well, causing her own flurries of Pandemonium just by existing. Born to a mother rumored to have the madness in her, Pandimora is different than most fairies in the Realm of Aisywel. She has little regard for the incredible histories of her people, nor of the supposed rules. While not an outright rebel, she skirts the laws of Faerie propriety, but no more so than when she overhears a conversation her ears should never have found. A high elder, one of the strongest and most magical of her people has committed a crime - and now he knows that she has heard, and seen him. Pandimora has fled, but not before the elder, Lukais wraps his dark tentacles of power around her, poisoning her and barring the doors to her realm - forever. Hurt and grieving, Pandimora awakens on a snowy road - moments from being hit by Drew Maddox's fast moving truck. Her senses muddled, her powers muffled and her entire sense of self shaken, Pandimora reaches out to Drew in desperation, finding in him the young boy she once danced with in a field. With cord of attachment fully realized between them, Faerie magic is at play, pulling them both deep into a mire of intrigue and deceit - one that sets this unlikely pair against an entire realm of mystical beings with their own rules, trials and meanings. "Find Me" is Book One in the new Faeries Lost Trilogy - an epic journey into the center of the unknown and the hearts of two souls that can never be.

Kiss Me, Kill Me

Four very different women, all wanting to escape cold and dreary London for different reasons, come together to share a month's holiday in an Italian medieval castle. There ' s timid Lotty Wilkins, terrified of her domineering husband; sober and religious Rose Arbuthnot; rigid and judgemental Mrs Fisher; and the breathtakingly beautiful but disillusioned and unhappy Lady Caroline Dester. They are lured to the castle by the advertised 'wisteria and sunshine', but they end up finding there so much more than they had bargained for. The place transforms them and their lives are unexpectedly changed. Von Arnim's story of their metamorphosis under the Italian sun is warm, witty, intelligent, and as enchanting as the title suggests. Elizabeth von Arnim (1866 – 1941), n é e Mary Annette Beauchamp, was a British novelist. Born in Australia, her family returned to England when she was three years old; and she was Katherine Mansfield ' s cousin. She was first married to a Prussian aristocrat, the Graf von Arnim-Schlagenthin, and later to the philosopher Bertrand Russel ' s older brother, Frank, whom she left a year later. She then had an affair with the publisher Alexander Reeves, a man thirty years her junior, and with H.G. Wells. Von Arnim moved a lot, living alternatively in the United Kingdom, Switzerland, Germany, Poland, before dying of influenza in South Carolina during the Second War. Elizabeth von Arnim was an active member of the European literary scene, and entertained many of her contemporaries in her Chalet Soleil in Switzerland. She even hired E. M. Forster and Hugh Walpole as tutors for her five children. She is famous for her half-autobiographical, satirical novel "Elizabeth and her German Garden" (1898), as well as for "Vera" (1921), and "The Enchanted April" (1922).

Find Me a River

A time to reflect on my seventy years of life. Maybe some folks will be interested in my life and the folks I have met, or maybe not. This is a non-traditional memoir, filled with alphabetical vignettes not chronological ones. I have made a foray into fiction with an asterisk: in those cases where I have marked the vignette as fictional, it might be 100 percent not true, but in many cases I knew of, was part of, or heard from others about the story itself. At any rate, the entire book is my recollection of things past, and as in all recollections, the more distant the memory the clearer the details.
