Flashtide

The first in an epic new fantasy series, introducing an unforgettable new heroine and a stunningly original dystopian steampunk world with a flavor of feudal Japan. A DYING LAND The Shima Imperium verges on the brink of environmental collapse; an island nation once rich in tradition and myth, now decimated by clockwork industrialization and the machine-worshipers of the Lotus Guild. The skies are red as blood, the land is choked with toxic pollution, and the great spirit animals that once roamed its wilds have departed forever. AN IMPOSSIBLE QUEST The hunters of Shima's imperial court are charged by their Shogun to capture a thunder tiger – a legendary creature, half-eagle, half-tiger. But any fool knows the beasts have been extinct for more than a century, and the price of failing the Shogun is death. A HIDDEN GIFT Yukiko is a child of the Fox clan, possessed of a talent that if discovered, would see her executed by the Lotus Guild. Accompanying her father on the Shogun's hunt, she finds herself stranded: a young woman alone in Shima's last wilderness, with only a furious, crippled thunder tiger for company. Even though she can hear his thoughts, even though she saved his life, all she knows for certain is he'd rather see her dead than help her. But together, the pair will form an indomitable friendship, and rise to challenge the might of an empire.

Where the Woods End

Lira and Reyker have lost everything. Including each other. Lira of Stone watched her home burn and her clan fall beneath the sword of the warlord known as the Dragon. She believes the man she loves, a warrior who defected from the Dragon's army, is dead. Alongside her exiled brother and his band of refugees, she will fight the forces that conquered her island. But the greatest danger may come from Lira herself—with the blood of banished gods running through her veins, she's become a weapon, and no one is safe from the power of her wrath. Reyker Lagorsson thought he was done being a Dragonman. That was before he saw Lira leap from a cliff and vanish into the sea. Determined to honor her memory by protecting her people, Reyker must feign loyalty to the warlord, undermine him at every turn, and seek alliances with renegade soldiers—without succumbing to the battle-madness that threatens to possess him once more. When the Fallen Ones offer Lira a chance to defeat the Dragon, her quest leads her to a place she never expected—Iseneld, the warlord's homeland. Her journey into the heart of the Frozen Sun will put her on a collision course with Reyker, costing both of them more than they ever imagined, and leaving her with a terrible choice: to save their countries, she must forsake everything she loves.

Aurora Burning

An original eNovella set in the world of the Lotus War before the events of Stormdancer Your blood-red skies are filled with smoke. Your bleach-white histories with lies. You walk sleeping. Wake senseless. Breathing deep of toxic blooms and forgetting all that has gone before. But I remember. I remember when two brothers waged bloody war over the right to sit in their father's empty chair. I remember when orphaned twins faced each other across a field of crimson and steel, the fate of the Shima Shogunate hanging in the poisoned sky between them. I remember when a blind boy stood before a court of storms and talons, armed only with a thin sword and a muttered prophecy and a desperate dream of saving the world. I remember when the skies above Shima were not red, but blue. Filled with thunder tigers. I remember when they left you. And I remember why. Let me tell you, monkey-child.

The President's Brain is Missing

Our heroes are back . . . kind of. From the bestselling co-authors of the Illuminae Files comes the second book in the epic Aurora Cycle series about a squad of misfits, losers, and discipline cases who just might be the galaxy's best hope for survival. First, the bad news: an ancient evil--you know, your standard consume-all-life-in-the-galaxy deal--is about to be unleashed. The good news? Squad 312 is standing by

to save the day. They've just got to take care of a few small distractions first. Like the clan of gremps who'd like to rearrange their favorite faces. And the cadre of illegit GIA agents with creepy flowers where their eyes used to be, who'll stop at nothing to get their hands on Auri. Then there's Kal's long-lost sister, who's not exactly happy to see her baby brother, and has a Syldrathi army at her back. With half the known galaxy on their tails, Squad 312 has never felt so wanted. When they learn the Hadfield has been found, it's time to come out of hiding. Two centuries ago, the colony ship vanished, leaving Auri as its sole survivor. Now, its black box might be what saves them. But time is short, and if Auri can't learn to master her powers as a Trigger, the squad and all their admirers are going to be deader than the Great Ultrasaur of Abraaxis IV. Shocking revelations, bank heists, mysterious gifts, inappropriately tight bodysuits, and an epic firefight will determine the fate of the Aurora Legion's most unforgettable heroes--and maybe the rest of the galaxy as well.

The king is dying, his heir has just been murdered, and rebellion brews in the east. But the kingdom of Kolonya and the outer Reaches has one last option before it descends into leaderless chaos. Or rather, three unexpected options. Zofi has spent her entire life trekking through the outer Reaches with her band of Travelers. She would do anything to protect the band, her family. But no one can ever find out how far she's already gone. Akeylah was raised in the Eastern Reach, surrounded by whispers of rebellion and abused by her father. Desperate to escape, she makes a decision that threatens the whole kingdom. Ren grew up in Kolonya, serving as a lady's maid and scheming her way out of the servants' chambers. But one such plot could get her hung for treason if anyone ever discovers what she's done. When the king summons the girls, they arrive expecting arrest or even execution. Instead they learn the truth: they are his illegitimate daughters, and one must become his new heir. But someone in Kolonya knows their secrets, and that someone will stop at nothing to keep the sisters from their destiny to rule. Magic, mystery, and blackmail abound in the first book of this sensational and striking fantasy duology.

New York Times bestselling author of THE GOOD GIRL Mary Kubica is back with another exhilarating thriller as a widow's pursuit of the truth leads her to the darkest corners of the psyche. Clara Solberg's world shatters when her husband and their four-year-old daughter are in a car crash, killing Nick while Maisie is remarkably unharmed. The crash is ruled an accident...until the coming days, when Maisie starts having night terrors that make Clara question what really happened on that fateful afternoon. Tormented by grief and her obsession that Nick's death was far more than just an accident, Clara is plunged into a desperate hunt for the truth. Who would have wanted Nick dead? And, more important, why? Clara will stop at nothing to find out—and the truth is only the beginning of this twisted tale of secrets and deceit. Told in the alternating perspectives of Clara's investigation and Nick's last months leading up to the crash, master of suspense Mary Kubica weaves her most chilling thriller to date—one that explores the dark recesses of a mind plagued by grief and shows that some secrets might be better left buried.
