"It's intimidating as hell to take on an icon like the Frankenstein monster. I'm trying to do something that's true to the origin Mary Shelley created for the creature but also captures a bit of

the feel that Boris Karloff brought to the role in the classic Universal films. At the same time I'm throwing the monster into an entirely new environment, so I think the result will be something new. It's an odd one, but ultimately will add an important new wrinkle to the Hellboy/B.P.R.D. world." -- Mike Mignola
