Knack Studio founder Barb Blair is famous for her "knack" with furniture: spotting classic pieces and transforming them into modern showstoppers. In this inspiring book, Blair goes beyond the nuts and bolts of furniture refinishing to show how to style rooms with each customized piece. For instance, she transforms a well-worn coffee table with a painted ombré design, and then reveals how to incorporate it into a bright and sunny den, a cozy reading nook, and a cheerful bedroom. With instructions for 15 before-and-after furniture projects—dressers, tables, beds, armoire, and more—in Blair's signature bold style, a "toolbox" section detailing her

favorite techniques and materials, and photos of dozens of inspiring interiors, Furniture Makes the Room unlocks the secrets to decorating livable rooms around statement pieces.

From Ben and Erin Napier, the stars of the hit HGTV show *Home Town*, comes *Make Something Good Today*, a memoir that tells us all to seek out the good in life, celebrate the beauty of family and friends, and prosper within our communities because everything we need in life to be happy, is within our grasp. Long before their hugely popular TV show, an expanding family, or demolition day on their dream home, Erin began keeping a daily online journal to help her stay focused on the positive and count her blessings in life. She never expected that her depictions of small-town life in the tiny swath of Mississippi where she Ben call home would catch the eye of a television producer and set them off on the journey of a lifetime. *Make Something Good Today* offers a behind-the-scenes glimpse into the struggles and triumphs of a couple that America has come to know and love for their easy humor, adoring relationship, and ability to utterly transform a place into something beautiful and personal. This is the poignant story of how Erin and Ben took a small, tight-knit town into their own hands (literally) and used ingenuity, community, and authenticity to rebuild a once-thriving American Main Street. And how, by combining Ben's carpentry skills with Erin's design eye, *Home Town* is making it clear to us all that small-town living can feel as big as you make it. Complete with family photographs, Erin's hand-painted sketches, and never-before-heard personal stories, this inspirational memoir reminds us all not to give up hope that great love stories are possible, big things can bloom in small towns, and there is always magic in the ordinary if you know where to look for it.

Magnolia Table

New York Times bestseller *When The Kinfolk Table* was published in 2013, it transformed the way readers across the globe thought about small gatherings. In this much-anticipated follow-up, Kinfolk founder Nathan Williams showcases how embracing that same ethos—of slowing down, simplifying your life, and cultivating community—allows you to create a more considered, beautiful, and intimate living space. *The Kinfolk Home* takes readers inside 35 homes around the world, from the United States, Scandinavia, Japan, and beyond. Some have constructed modern urban homes from blueprints, while others nurture their home's long history. What all of these spaces have in common is that they've been put together carefully, slowly, and with great intention. Featuring inviting photographs and insightful profiles, interviews, and essays, each home tour is guaranteed to inspire.

The Home Edit Life

An elevated yet accessible follow-up to Lauren Liess's *Habitat*, showcasing her signature easy-living lifestyle *Down to Earth* picks up right where *Habitat* left off. While *Habitat* walked readers through the decorating process step-by-step, Liess's latest title takes a step beyond the basics and invites readers to incorporate the main components of her familiar design aesthetic: nature, easy living, and approachability. With evocative photos and substantive design advice, *Down to Earth* focuses on creating a lifestyle that inspires creativity and functionality. Throughout the book, Liess shows readers how to

incorporate six guiding principles in six unique homes: a new farmhouse, a classic American historical home, a lakeside contemporary house, a modern villa, a turn-of-the-century American Foursquare, and a cedar and glass house on a bluff. While each home has a different architectural style, fingerprints of Liess's down-to-earth style are evident throughout.
