A memoir by a disability rights activist Such a Pretty Girl is Nadina La Spina's story—from her early years in her native Sicily, where still a baby she contracts polio, a fact that makes her the object of well-meaning pity and the target of messages of hopelessness; to her adolescence and youth in America, spent almost entirely in hospitals, where she is tortured in the quest for a cure and made to feel that her body no longer belongs to her; to her rebellion and her activism in the disability rights movement. LaSpina's personal growth parallels the movement's political development—from coming together, organizing, and fighting against exclusion from public and social life, to the forging of a common identity, the blossoming of disability arts and culture, and the embracing of disability pride. While unique, the author's journey is also one with which many disabled people can identify. It is the journey to find one's place in an ableist world—a world not made for disabled people, where disability is only seen in negative terms. La Spina refutes all stereotypical narratives of disability. Through the telling of her life's story, without editorializing, she shows the harm that the overwhelming focus on pity and on a cure that remains elusive has done to disabled people. Her story exposes the disability prejudice ingrained in our sociopolitical system and denounces the oppressive standards of normalcy in a society that devalues those who are different and denies them basic rights. Written as continuous narrative and in a subtle and intimate voice, Such a Pretty Girl is a memoir as captivating as a novel. It is one of the few disability memoirs to focus on activism, and one of the first by an immigrant.

In this collection of more than 40 columns, New York Times beauty writer Bee Shapiro gets the world's most photographed people to share their most intimate rituals: daily skin care regimens, opinions on makeup, hair care, diet and exercise, and the way beauty has evolved for each person over the course of his or her life. Beauty—unlike fashion—is something almost anyone can participate in and still have stellar results: the moisturizer that Emma Roberts buys at Whole Foods is just as accessible to any other 26-year-old. Skin Deep is an in-depth look at the surprising role that beauty plays in our lives, the large or small amount of work it involves on a daily basis, the money spent, the time taken, and what it means to everyone from ballet dancers to musicians, models to powerful entrepreneurs. You'll learn how Kylie Jenner gets Instagram-ready; the preferred face mask of supermodel Natalia Vodianova; what beauty staples Olympian Allyson Felix uses off the track; and exactly what makes Martha Stewart's skin-care regimen cost \$2,000. Including 10 new subjects, alongside favorites like Gwyneth Paltrow, Priyanka Chopra, and Anna Kendrick, plus sidebars and photography, Skin Deep takes an intriguing look at contemporary beauty, not only through entertaining

Girl, Stop Passing Out in Your Makeup

From four stunning and accomplished French women -- at last -- a fresh and spirited take on what it really means to be a Parisienne: how they dress, entertain, have fun and attempt to behave themselves. In short, frisky sections, these Parisian women give you their very original views on style, beauty, culture, attitude and men. The authors--Anne Berest, Audrey Diwan, Caroline de Maigret, and Sophie Mas -- unmarried but attached, with children -- have been friends for years. Talented bohemian iconoclasts with careers in the worlds of music, film, fashion and publishing, they are untypically frank and outspoken as they debunk the myths about what it means to be a French woman today. Letting you in on their secrets and flaws, they also make fun of their complicated, often contradictory feelings and behavior. They admit to being snobs, a bit self-centered, unpredictable but not unreliable. Bossy and opinionated, they are also tender and romantic. You will be taken on a first date, to a party, to some favorite haunts in Paris, to the countryside, and to one of their dinners at home with recipes even you could do -- but to be out with them is to be in for some mischief and surprises. They will tell you how to be mysterious and sensual, look natural, make your boyfriend jealous, and how they feel about children, weddings and going to the gym. And they will share their address book in Paris for where to go: At the End of the Night, for A Birthday, for a Smart Date, A Hangover, for Vintage Finds and much more. How to Be Parisian Wherever You Are will make you laugh as you slip into their shoes to become bold and free and tap into your inner cool.

“ Self-help meets memoir. Party girl meets wise sage. Beauty meets reality. Zara Barrie is the cool older sister you wish you had. The one that lets you borrow her designer dresses and ripped up fishnets, buys you champagne (she loves you too much to let you drink beer), and colors your lips with bright pink lipstick. She'll take you to the coolest parties, and will stick by your side and she guides you through the glitter, pain, danger, laughter, and what it means to be a f*cked up girl in this f*cked up world (both of which are beautiful despite the darkness). Girl, Stop Passing Out in Your Makeup is for the girls that are too much of a beautiful contradiction to be contained. Zara is a gifted writer—one second she'll have you laughing over rich girls agonizing over which Birkin bag to buy, the next second she'll shatter your heart in one sentence about losing one 's innocence. Zara is the nuanced girl she writes for—light, irreverent, snarky, bitchy, funny; and aching, perceptive, deep, flawed, wise, poised, honest—all at once. Perhaps the only thing that can match Zara's unparalleled wit and big sister advice is her candid humor and undeniable talent for the written word. Zara is one of the most prolific and entertaining honest voices on the internet—and her talent is only multiplied in book form. Girl, Stop Passing Out in Your Makeup is for the bad girls, honey. ” —Dayna Troisi, Executive Editor, GO Magazine “ Reading Zara's writing will make you feel like you're at your cool-as-hell big sister's sleepover party. You will be transfixed by her unflinching honesty and words of wisdom, and she'll successfully convince you to not only ditch the shame you feel about the raw and messy parts of yourself, but to dare to see them as beautiful. ” —Alexia LaFata, Editor, New York Magazine “ If Cat Marnell and F. Scott Fitzgerald had a literary baby it would be Zara Barrie. She 's got Marnell 's casual, dark, downright hilarious tone of an irreverent party girl. But then she also has Fitzgerald 's talent for making words literally feel like they sparkle on the page. I 've always been a fan of Zara 's writing but Girl, Stop Passing Out in Your Makeup takes it to the next level. With shimmery words that make her dark stories sparkle, she seamlessly manages to inspire even the most coked-out girl at the party to get her shit together. ” —Candice Jalili, Senior Sex & Dating Writer, Elite Daily

Every day we make predictions based on limited information, in business and at home. Will this company's stock performance continue? Will the job candidate I just interviewed be a good employee? What kind of adult will my child grow up to be? We tend to dismiss our predictive minds as prone to bias and mistakes, but in *The Tell*, psychologist Matthew Hertenstein reveals that our intuition is surprisingly good at using small clues to make big predictions, and shows how we can make better decisions by homing in on the right details. Just as expert poker players use their opponents' tells to see through their bluffs, Hertenstein shows that we can likewise train ourselves to read physical cues to significantly increase our predictive acumen. By looking for certain clues, we can accurately call everything from election results to the likelihood of marital success, IQ scores to sexual orientation—even from flimsy evidence, such as an old yearbook photo or a silent one-minute video. Moreover, by understanding how people read our body language, we can adjust our own behavior so as to ace our next job interview or tip the dating scales in our favor. Drawing on rigorous research in psychology and brain science, Hertenstein shows us how to hone our powers of observation to increase our predictive capacities. A charming testament to the power of the human mind, *The Tell* will, to paraphrase Sherlock Holmes, show us how to notice what we see.
