With the help of our How-To guide, your prowess as a fantasy artist is well on its way! About The Expert Katrina DeLallo has been drawing almost since she was born. Her parents own a famous picture of her when she was two. She was lying on her stomach in the sun, already creating fantasy worlds on paper. When she got older, Katrina was no longer satisfied with copying her older sister's drawings. She began to check out How-To books from the library, especially the ones that taught her how to draw horses. After years of animal drawing, she began to take an interest in the world of faerie. The only way to bring her imagination to life was using pencil and paper. To date, Katrina has been writing and illustrating her own stories. She provided the illustrations for a novel written by a writer friend, and hopes one day to become a children's picture book illustrator. HowExpert publishes quick 'how to' guides on all topics from A to Z by everyday experts.

A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school).
