Rule of Two: Star Wars Legends (Darth Bane)

Kenobi

Into the Void

Here begins the tale of the dawn of the Jedi, the Star Wars of 25,000 years ago—before lightsabers, before hyperspace travel, before the Jedi spread throughout the galaxy, when connections to the Force were new. On the planet Tython, a group of beings—scientists, philosophers, and warriors—strive to maintain peace and to balance the mystifying power known as the Force. But a stranger is coming, one who will disrupt the balance with his arrival and his own connection to the Force. Everything in their system is about to change . . . The doors to the galaxy have been opened! Collects Star Wars: Dawn of the Jedi—Force Storm #1—#5.

The Dark Rival

The first story follows four generations of Jedi, including Dooku, Qui-Gon Jinn, Obi-Wan Kenobi, and Anakin Skywalker; and, when Obi-Wan and Siri fall in love, their relationship has unforeseen consequences for generations to come.

Critic After Dark

“The Sith always betray one another. . . . I’m sure you’ll learn that soon enough.” The overthrow of the Republic is complete. The Separatist forces have been smashed, the Jedi Council nearly decimated, and the rest of the Order all but destroyed. Now absolute power rests in the iron fist of Darth Sidious—the cunning Sith lord better known as the former Senator, now Emperor, Palpatine. But more remains to be

done. Pockets of resistance in the galaxy must still be defeated and missing Jedi accounted for . . . and dealt with. These crucial tasks fall to the Emperor's ruthless enforcer, Darth Vader. In turn, the Dark Lord has groomed a lethal apprentice entrusted with a top-secret mission: to comb the galaxy and dispatch the last of his masters' enemies, thereby punctuating the dark side's victory with the Jedi's doom. Since childhood, Vader's nameless agent has known only the cold, mercenary creed of the Sith. His past is a void; his present, the carrying out of his deadly orders. But his future beckons like a glistening black jewel with the ultimate promise: to stand beside the only father he has ever known, with the galaxy at their feet. It is a destiny he can realize only by rising to the greatest challenge of his discipleship: destroying Emperor Palpatine. The apprentice's journeys will take him across the far reaches of the galaxy, from the Wookiee homeworld of Kashyyyk to the junkyard planet of Raxus Prime. On these missions, the young Sith acolyte will forge an unlikely alliance with a ruined Jedi Master seeking redemption and wrestle with forbidden feelings for his beautiful comrade, Juno Eclipse. And he will be tested as never before—by shattering revelations that strike at the very heart of all he believes and stir within him long-forgotten hopes of reclaiming his name . . . and changing his destiny. Star Wars - Dawn of the Jedi

Obi-Wan Kenobi and Anakin Skywalker embark on a mission to uncover the whereabouts of the evil Sith Lord, Darth Sidious, only to become trapped in a labyrinthine web of lies, betrayal, and intrigue.

Journey into the Void

An exciting new era of Star Wars history is about to begin—as fantasy and science fiction's most acclaimed authors propel the legendary epic into the next millennium, introducing us to a rich cast of characters that features old favorites—Luke Skywalker, Han Solo, and Leia Organa Solo—along with the next generation of Jedi and never-before seen creatures, droids, and deadly agents of darkness. In *Vector Prime*, the launch novel for this thrilling new saga, New York Times bestselling author R. A. Salvatore takes the Star Wars universe to previously unscaled heights of action and imagination, expanding the beloved story of a galaxy far, far away . . . Twenty-one years have passed since the heroes of the Rebel Alliance destroyed the Death Star, breaking the power of the Emperor. Since then, the New Republic has valiantly struggled to maintain peace and prosperity among the peoples of the galaxy. But unrest has begun to spread; tensions erupt in outbreaks of rebellion that, if unchecked, threaten to destroy the Republic's tenuous reign. Into this volatile atmosphere comes Nom Anor, a charismatic firebrand who heats passions to the boiling point, sowing seeds of dissent for his own dark motives. In an effort to avert a catastrophic civil war, Leia travels with her daughter Jaina, her sister-in-law Mara Jade Skywalker, and the loyal protocol droid C-3PO, to conduct face-to-face diplomatic negotiations with Nom Anor. But he proves resistant to Leia's entreaties—and, far more inexplicably, within the Force, where a being should be, was . . . blank space. Meanwhile, Luke is plagued by reports of rogue Jedi Knights who are taking the law into their own hands. And so he wrestles with a dilemma: Should he attempt, in this climate of mistrust, to reestablish the legendary Jedi Council? As the Jedi and the Republic focus on internal struggles, a new threat surfaces, unnoticed, beyond the farthest reaches of the Outer Rim. An enemy appears from outside known space, bearing weapons and technology unlike anything New Republic scientists have ever seen. Suddenly Luke, Mara, Leia, Han Solo, and Chewbacca—along with the Solo children—are thrust again into battle, to defend the freedom so many have fought and died for. But this time, all their courage, sacrifice, and even the power of the Force itself may not be enough. . . . Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

The Force Unleashed: Star Wars Legends

A riveting, beautifully written, fugue-like novel of AIs, memory, violence, and mortality Not far in the future the seas have risen and the central latitudes are emptying, but it's still a good time to be rich in San Francisco, where weapons drones patrol the skies to keep out the multitudinous poor. Irina isn't rich, not quite, but she does have an artificial memory that gives her perfect recall and lets her act as a medium between her various employers and their AIs, which are complex to the point of opacity. It's a good gig, paying enough for the annual visits to the Mayo Clinic that keep her from aging. Kern has no such access; he's one of the many refugees in the sprawling drone-built favelas on the city's periphery, where he lives like a monk, training relentlessly in martial arts, scraping by as a thief and an enforcer. Thales is from a different world entirely--the mathematically inclined scion of a Brazilian political clan, he's fled to L.A. after the attack that left him crippled and his father dead. A ragged stranger accosts Thales and demands to know how much he can remember. Kern flees for his life after robbing the wrong mark. Irina finds a secret in the reflection of a laptop's screen in her employer's eyeglasses. None are safe as they're pushed together by subtle forces that stay just out of sight. Vivid, tumultuous, and propulsive, *Void Star* is Zachary Mason's mind-bending follow-up to his bestselling debut, *The Lost Books of the Odyssey*.

NEW YORK TIMES BESTSELLER #1 Washington Post Bestseller There's Santa Claus, Shakespeare, Mickey Mouse, the Bible, and then there's Star Wars. Nothing quite compares to sitting down with a young child and hearing the sound of John Williams's score as those beloved golden letters fill the screen. In this fun, erudite, and often moving book, Cass R. Sunstein explores the lessons of Star Wars as they relate to childhood, fathers, the Dark Side, rebellion, and redemption. As it turns out, Star Wars also has a lot to teach us about constitutional law, economics, and political uprisings. In rich detail, Sunstein tells the story of the films' wildly unanticipated success and explores why some things succeed while others fail. Ultimately, Sunstein argues, Star Wars is about freedom of choice and our never-ending ability to make the right decision when the chips are down. Written with buoyant prose and considerable heart, *The World According to Star Wars* shines a bright new light on the most beloved story of our time.

Into the Void: Star Wars Legends (Dawn of the Jedi)

The Void War

One of the most extraordinary, imaginative and ambitious novels of the century: a history of the evolution of humankind over the next 2 billion years. Among all science fiction writers Olaf Stapledon stands alone for the sheer scope and ambition of his work. First published in 1930, *Last and First Men* is full of pioneering speculations about evolution, terraforming, genetic engineering and many other subjects.

Star Wars: Dawn of the Jedi Volume 3 Force War

NEW YORK TIMES BESTSELLER On the planet Tython, the ancient Je'daii order was founded. And at the feet of its wise Masters, Lanoree Brock learned the mysteries and methods of the Force—and found her calling as one of its most powerful disciples. But as strongly as the Force flowed within Lanoree and her parents, it remained absent in her brother, who grew to despise and shun the Je'daii, and whose training in its ancient ways ended in tragedy. Now, from her solitary life as a Ranger keeping order across the galaxy, Lanoree has been summoned by the Je'daii Council on a matter of utmost urgency.

The leader of a fanatical cult, obsessed with traveling beyond the reaches of known space, is bent on opening a cosmic gateway using dreaded dark matter as the key—risking a cataclysmic reaction that will consume the entire star system. But more shocking to Lanoree than even the prospect of total galactic annihilation, is the decision of her Jedi Masters to task her with the mission of preventing it. Until a staggering revelation makes clear why she was chosen: The brilliant, dangerous madman she must track down and stop at any cost is the brother whose death she has long grieved—and whose life she must now fear. NOTE: This version does not include the Dawn of the Jedi comic insert. Includes an original Dawn of the Jedi short story by John Ostrander! Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years! Praise for Into the Void —In a story filled with adventure, intrigue, and great quotes, there's a lot to like in this book. Tim Lebbon dives into his very first Star Wars story with a great deal of success. He manages to spin a tale that feels like Star Wars, but also feels different from other stories that have been told before. While there is some threat of system wide destruction, the point is never pushed to being ridiculous. The characters feel believable and provoke interest. The attention to the characters never takes away from the plot. There's also a remarkable balance between world building, plot and character development, and action. When it comes down to it, Dawn of the Jedi: Into the Void is just great storytelling. —Roqoo Depot —A nice, compact Star Wars tale that both acts as an introduction to the Dawn of the Jedi period and a standalone story. —Club Jade —A solidly enjoyable read . . . a nice addition to the Expanded Universe. —Tosche Station —A good solid Star Wars adventure story with heart. —Knights — Archive

Star Wars

In the New York Times bestseller *Darth Bane: Path of Destruction*, Drew Karpysyn painted a gripping portrait of a young man's journey from innocence to evil. That man was Darth Bane, a twisted genius whose iron will, fierce ambition, and strength in the dark side of the Force made him a natural leader among the Sith—until his radical embrace of an all-but-forgotten wisdom drove him to destroy his own order . . . and create it anew from the ashes. As the last surviving Sith, Darth Bane promulgated a harsh new directive: the Rule of Two. Two there should be; no more, no less. One to embody the power, the other to crave it. Now Darth Bane is ready to put his policy into action, and he thinks he has found the key element that will make his triumph complete: a student to train in the ways of the dark side. Though she is young, Zannah possesses an instinctive link to the dark side that rivals his own. With his guidance, she will become essential in his quest to destroy the Jedi and dominate the galaxy. But there is one who is determined to stop Darth Bane: Johun Othone, Padawan to Jedi Master Lord Hoth, who died at Bane's hands in the last great Sith War. Though the rest of the Jedi scoff at him, Joshua's belief that there are surviving Sith on the loose is unshakeable. As Johun continues his dogged pursuit of the man who killed his master, Zannah, faced unexpectedly with a figure from her past, begins to question her embrace of the dark side. And Darth Bane is led by Force-induced visions to a moon where he will acquire astonishing new knowledge and power—power that will alter him in ways he could never have imagined. . . . The Crystal Star

The world knows Jack London as a writer who lived his own thrilling, real-life adventures. We meet Jack at age seventeen, following thousands of men and women into the Yukon Territory in search of gold. For Jack, the journey holds the promise of another kind of fortune: challenge and adventure. But what he finds in the wild north is something far more sinister than he could have ever imagined: kidnapping and slavery, the murderous nature of desperate men, and, amidst it all, supernatural beasts of the wilderness that prey upon the weakness in men's hearts. Jack's survival will depend on his ability to quell the demons within himself as much as those without. Acclaimed authors Christopher Golden and Tim Lebbon, along with illustrator Greg Ruth, have crafted a masterful tale both classic and contemporary, a gripping original story of the paranormal in the tradition of the great Jack London.

The Old Republic Series: Star Wars Legends 4-Book Bundle

Not just an epic videogame from BioWare and LucasArts, *Star Wars: The Old Republic* spawned a New York Times bestselling series of novels — which are now together in one electrifying ebook bundle. *Fatal Alliance*, *Deceived*, *Revan*, and *Annihilation* tell four daringly original stories of Jedi and Sith that embody this unique, beloved era in Star Wars Legends storytelling. . . . **FATAL ALLIANCE** by Sean Williams From across the galaxy they've come: a Jedi Padawan, an ex-trooper drummed out of the Republic's elite Blackstar Squad, and a mysterious Mandalorian. An extraordinary auction has drawn them all together, in quest of a prize whose value may be the wealth of a world itself. None intend to leave empty-handed. All have secrets, desires, and schemes. And nothing could ever unite them as allies — except the truth about the deadly danger of the object they covet. But can Sith and Jedi, Republic and Empire, join as one against the certain doom of the galaxy? **DECEIVED** by Paul S. Kemp A Sith warrior to rival the most sinister of the Order's Dark Lords, Darth Malgus brought down the Jedi Temple on Coruscant in a brutal assault that shocked the galaxy. But if war crowned him the darkest of Sith heroes, peace will transform him into something far more heinous — something Malgus would never want to be but cannot stop becoming, any more than he can stop the rogue Jedi fast approaching. Her

name is Aryn Leneer—and the lone Jedi Knight that Malgus cut down in the fierce battle for the Jedi Temple was her Master. **REVAN** by Drew Karpysyn Hero, traitor, conqueror, villain, savior—Revan has been all of these. He left Coruscant a Jedi, on a mission to defeat the Mandalorians. He returned a Sith disciple, bent on destroying the Republic. The Jedi Council gave Revan his life back, but the price of redemption was the loss of his memories. All that's left are nightmares—and deep, abiding fear. One thing he's certain of: Something very dark is plotting against the Republic. With no idea how to identify the threat, let alone stop it, Revan may be doomed to fail. But only death can stop him from trying. **ANNIHILATION** by Drew Karpysyn After his triumphant destruction of a Sith superweapon arsenal, covert agent Theron Shan is recruited for an even more dangerous mission. A power struggle has the Empire in flux, but Darth Karrid remains bent on total domination, using a fearsome Imperial cruiser in her reign of terror. Now, joined by a hotheaded smuggler and Karrid's former Jedi Master, Theron must match wits and weapons with a crew of the most cold-blooded dark side disciples. And if they don't seize their one chance to succeed, they will have countless opportunities to die.
