An incisive biography of E. E. Cummings' s early life, including his World War I ambulance service and subsequent imprisonment, inspirations for his inventive poetry. E. E. Cummings is one of our most popular and enduring poets, one whose name extends beyond the boundaries of the literary world. Renowned for his formally fractured, gleefully alive poetry, Cummings is not often thought of as a war poet. But his experience in France and as a prisoner during World War I (the basis for his first work of prose, *The Enormous Room*) escalated his earliest breaks with conventional form?the innovation with which his name would soon become synonymous. Intimate and richly detailed, *The Beauty of Living* begins with Cummings' s Cambridge upbringing and his relationship with his socially progressive but domestically domineering father. It follows Cummings through his undergraduate experience at Harvard, where he fell into a circle of aspiring writers including John Dos Passos, who became a lifelong friend. Steeped in classical paganism and literary Decadence, Cummings and his friends rode the explosion of Cubism, Futurism, Imagism, and other “ modern ” movements in the arts. As the United States prepared to enter World War I, Cummings volunteered as an ambulance driver, shipped out to Paris, and met his first love, Marie Louise Lallemand, who was working in Paris as a prostitute. Soon after reaching the front, however, he was unjustly imprisoned in a brutal French detention center at La Fert é -Mac é . Through this confrontation with arbitrary and sadistic authority, he found the courage to listen to his own voice. Probing an underexamined yet formative time in the poet' s life, this deeply researched account illuminates his ideas about love, justice, humanity, and brutality. J. Alison Rosenblitt weaves together letters, journal entries, and sketches with astute analyses of poems that span Cummings' s career, revealing the origins of one of the twentieth century' s most famous poets.

SHORTLISTED FOR A JAMES TAIT BLACK PRIZE 2020 WINNER OF A NATIONAL BOOK CRITICS CIRCLE AWARD WRITTEN BY THE RECIPIENT OF A MACARTHUR GENIUS GRANT

At the dawn of the twentieth century, black women in the US were carving out new ways of living. They refused to labour like slaves or to accept degrading conditions of work. Wrestling with the question of freedom, they invented forms of love and solidarity outside convention and law. These were the pioneers of free love, common-law and transient marriages, queer identities, and single motherhood - all deemed scandalous, even pathological, at the dawn of the 20th century, though they set the pattern for the world to come. In *Wayward Lives, Beautiful Experiments*, Saidiya Hartman deploys both radical scholarship and profound literary intelligence to examine the transformation of intimate life that they instigated. With visionary intensity, she conjures their worlds, their dilemmas, their defiant brilliance.

Coretta Scott King Award winner Ashley Bryan's adaptation of a tale from the Ila-speaking people of Zambia resonates both with rhythm and the tale's universal meanings—appreciating one's heritage and discovering the beauty within. His cut-paper artwork will charm and delight readers of all ages. Black is beautiful, uh-huh! Long ago, Blackbird was voted the most beautiful bird in the forest. The other birds, who were colored red, yellow, blue, and green, were so envious that they begged Blackbird to paint their feathers with a touch of black so they could be beautiful too. Although Black-bird warns them that true beauty comes from within, the other birds persist and soon each is given a ring of black around their neck or a dot of black on their wings—markings that detail birds to this very day. The Beauty of Living: E. E. Cummings in the Great War

In the 1940s outside Glenrock, Wyoming, Julie Bruns knew she would have to work hard if she expected to make her living on a homestead. At the end of a long, hard day, her tired muscles would ache, but Julie would persevere for she was truly a pioneer. In her posthumous memoir, Bruns shares a fascinating description of day-to-day life in the wilds of Wyoming as she changed history forever and became one of the states few female homesteaders. Bruns tells how she overcame her initial fears and embarked on a new venture with a strong determination and an honest heart. After deciding to file a homestead, Bruns details how she selected a site along a tiny creek and began constructing a cabin out of green-cut, peeled logs. The days were filled with hard work, and the nights were frightening as owls hooted and coyotes yapped. But Bruns persisted building much of her furniture, exploring the land around her house, and getting to know her neighbors. *I Live in a Beautiful World* shares the inspiring story of how Julie Bruns became a homesteader through resolve, courage, and, most importantly, the unyielding desire to make her dream come true.

How to Live 100 Years and Retain Youth, Health and Beauty

Nadine Artemis invites us to rethink conventional notions of beauty and wellness, to abandon established regimes and commercial products, and to embrace *orenegadeo* beauty—a practice of doing less and allowing the elements and the life force of Nature to revive the body, skin, and soul so that the natural radiance of our own beauty can shine through. This engaging book explains how our ancestors lived deeply rooted in and reliant on nature, though now we have lost our connection with the elements that once sustained us. The author takes us on a trip to the not too distant past when our lives were integrated with nature, which furnished our health and beauty. She exposes the philosophy that caused this shift and examines why and when we withdrew from the natural world around us, and the devastating health, emotional, and cultural problems that resulted. Along the way, she reviews historical definitions of beauty from ancient Egypt to Plato, the Renaissance and Enlightenment periods, and the Golden Mean. Anyone stuck in perpetual loops of new products, facials, and dermatologist appointments will find answers as Artemis introduces the energizing elements of sun, fresh air, water, the earth, and plants.

She invites readers to ditch their regimes and simplify their routines as she leads us on a joyful journey of cellular rejuvenation. Tackling common beauty complaints, she offers practical botanical, microbial, and dietary suggestions to rejuvenate the cells, reenergize health, and allow beauty to bloom. She draws on current nutrition research to advise us about which foods are health sustaining and which should be avoided. As we shift toward chemical free and environmentally safe self-care products, this book is a comprehensive guide for anyone who wants to simplify their self-care routine, discover their own radiant beauty, and take their health into their own hands.

Better Living Through Criticism

A beautifully written exploration of how cooperation shaped life on earth, from its single-celled beginnings to complex human societies. In this rich, wide-ranging, beautifully illustrated volume, Egbert Leigh explores the results of billions of years of evolution at work. Leigh, who has spent five decades on Panama's Barro Colorado Island reflecting on the organization of various amazingly diverse tropical ecosystems, now shows how selection on "selfish genes" gives rise to complex modes of cooperation and interdependence. With the help of such artists as the celebrated nature photographer Christian Ziegler, natural history illustrator Deborah Miriam Kaspari, and Damond Kylo, Leigh explains basic concepts of evolutionary biology, ranging from life's single-celled beginnings to the complex societies humans have formed today. The book covers a range of topics, focusing on adaptation, competition, mutualism, heredity, natural selection, sexual selection, genetics, and language. Leigh's reflections on evolution, competition, and cooperation show how the natural world becomes even more beautiful when viewed in the light of evolution.

Long Live the Beautiful Hearts

A fresh exploration of American feminist history told through the lens of the beauty pageant world. Many predicted that pageants would disappear by the 21st century. Yet they are thriving. America's most enduring contest, Miss America, celebrates its 100th anniversary in 2020. Why do they persist? In *Here She Is*, Hilary Levey Friedman

reveals the surprising ways pageants have been an empowering feminist tradition. She traces the role of pageants in many of the feminist movement 's signature achievements, including bringing women into the public sphere, helping them become leaders in business and politics, providing increased educational opportunities, and giving them a voice in the age of #MeToo. Using her unique perspective as a NOW state president, daughter to Miss America 1970, sometimes pageant judge, and scholar, Friedman explores how pageants became so deeply embedded in American life from their origins as a P.T. Barnum spectacle at the birth of the suffrage movement, through Miss Universe 's bathing beauties to the talent- and achievement-based competitions of today. She looks at how pageantry has morphed into culture everywhere from The Bachelor and RuPaul 's Drag Race to cheer and specialized contests like those for children, Indigenous women, and contestants with disabilities. Friedman also acknowledges the damaging and unrealistic expectations pageants place on women in society and discusses the controversies, including Miss America 's ableist and racist history, Trump 's ownership of the Miss Universe Organization, and the death of child pageant-winner JonBen é t Ramsey. Presenting a more complex narrative than what 's been previously portrayed, Here She Is shows that as American women continue to evolve, so too will beauty pageants.

Specially-commissioned photography allows us a peek into her London apartment, and we see behind the scenes at her family home in the Bath countryside. This 600-year-old cottage is the backdrop for constantly changing interiors—it is where Christina designs her fabrics, experiments with her new wallpapers, and gathers all her favorite antiques, inherited gems, and newly sourced vintage acquisitions. In addition, Christina shows us a selection of other homes and lifestyles she finds truly inspirational, including those of Brigitte Buchanan of interiors company Odd Limited, and Maureen Doherty of Egg.

Live Curly, Live Free

The New York Times film critic shows why we need criticism now more than ever. Few could explain, let alone seek out, a career in criticism. Yet what A.O. Scott shows in *Better Living Through Criticism* is that we are, in fact, all critics: because critical thinking informs almost every aspect of artistic creation, of civil action, of interpersonal life. With penetrating insight and warm humor, Scott shows that while individual critics--himself included--can make mistakes and find flaws where they shouldn't, criticism as a discipline is one of the noblest, most creative, and urgent activities of modern existence. Using his own film criticism as a starting point--everything from his infamous dismissal of the international blockbuster *The Avengers* to his intense affection for Pixar's animated *Ratatouille*--Scott expands outward, easily guiding readers through the complexities of Rilke and Shelley, the origins of Chuck Berry and the Rolling Stones, the power of Marina Abramovich and 'Ode on a Grecian Urn.' Drawing on the long tradition of criticism from Aristotle to Susan Sontag, Scott shows that real criticism was and always will be the breath of fresh air that allows true creativity to thrive. "The time for criticism is always now," Scott explains, "because the imperative to

think clearly, to insist on the necessary balance of reason and passion, never goes away."

Wayward Lives, Beautiful Experiments

Live Beautifully explores the stories of Ruth and Esther, two women who lived out true beauty. Ruth was a foreigner who made a scandalous choice that brought God's favor. Esther was a Jewish orphan in a foreign land whose risky decision saved a nation. Live Beautifully calls us to embrace our own spiritual beauty, just as Ruth and Esther did, in order to live fully for God's purposes.
