Looking at Movies

Movies and Meaning is a comprehensive introduction to the film industry that focuses on three topics: how movies express meanings, how viewers understand those meanings, and how cinema functions globally as both an art and a business. It examines both how filmmakers create images and sounds and the mechanisms and processes by which viewers make sense of images and stories on screen.

Looking at Movies

The ultimate oral history of the only gentleman secret agent with a license to kill and thrilltelling the incredible, uncensored true stories of the James Bond franchise and spy mania. For over five decades, the cinematic adventures of James Bond have thrilled moviegoers. Now, bestselling authors Mark A. Altman and Edward Gross take you behind-the-scenes of the most famous and beloved movie franchise of all-time filled with reflections from over 150 cast, crew, critics and filmmakers who reflect on the impact of this legendary movie franchise as well as share their thoughts about their favorite (and least) favorite 007 adventures and spy mania which gripped fans the world over in the wake of the success of the James Bond films. From Russia--with love, course--to Vegas, from below the bright blue waters of the Bahamas in search of a missing nuclear weapon to the top of the Golden Gate Bridge, from below the seas in Stromberg's new Noah's Ark of Atlantis into orbit with Hugo Drax, Nobody Does It Better: The Complete Uncensored, Unauthorized Oral History of James Bond tells the amazing, true story of the birth of James Bond through the latest remarkable James Bond adventures as well as the Spy mania classics that enthralled the world. It's Bond and Beyond from the critically acclaimed authors of the bestselling The Fifty-Year Mission and So Say We All. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Intimate Relationships

Humphrey Bogart: it's hard to think of anyone who's had the same lasting impact on the culture of movies. Though he died at the young age of fifty-seven more than half a century ago, his influence among actors and filmmakers, and his enduring appeal for film lovers around the world, remains as strong as ever. What is it about Bogart, with his unconventional looks and noticeable speech impediment, that has captured our collective imagination for so long? In this definitive biography, Stefan Kanfer answers that question, along the way illuminating the private man Bogart was and shining the spotlight on some of the greatest performances ever captured on celluloid. Bogart fell into show business almost by accident and worked for nearly twenty years before becoming the star we know today. Born into a life of wealth and privilege in turn-of-the-century New York, Bogart was a troublemaker throughout his youth, getting kicked out of prep school and running away to join the navy at the age of nineteen. After a short, undistinguished stint at sea, Bogart spent his early twenties drifting aimlessly from one ill-fitting career to another, until, through a childhood friend, he got his first theater job. Working first as a stagehand and then, reluctantly, as a bit-part player, Bogart cut his teeth in one forgettable role after another. But it was here he began to develop a work ethic; deciding that there were "two kinds of men: professionals and bums," Bogart, for the first time in his life, wanted to be the former. After the Crash of '29, Bogart headed west to try his luck in Hollywood. That luck was scarce, and he slogged through more than thirty B-movie roles before his drinking buddy John Huston wrote him a part that would change everything; with *High Sierra*, Bogart finally broke through at the age of forty—being a pro had paid off. What followed was a string of movies we have come to know as the most beloved classics of American cinema: *The Maltese Falcon*, *Casablanca*, *The Big Sleep*, *The African Queen* . . . the list goes on and on. Kanfer appraises each of the films with an unfailing critical eye, weaving in lively accounts of behind-the-scenes fun and friendships, including, of course, the great love story of Bogart and Bacall. What emerges in these pages is the portrait of a great Hollywood life, and the final word on why there can only ever be one Bogie.

Movies and Meaning

Race and the Making of the Mormon People

Voice and Vision: A Creative Approach to Narrative Film and DV Production

Building on students' enthusiasm for movies, this text is more successful than any other at motivating students to understand and analyze film. In the new Sixth Edition, author Dave Monahan has thoroughly revised the book for clarity and currency, while adding new interactive learning tools to support student learning. The best book and media package for introductory film just got better.

Narcotics Anonymous

In our culture, watching movies is a universal experience but understanding film may not be. The *Film Experience* reaches out to students, connecting their experiences watching movies with better understanding and knowledge of the medium's full scope. Timothy Corrigan and Patricia Whites classroom

favorite is both authoritative and joyful about watching, analyzing, and understanding film. With clips from classic and contemporary films (Rear Window, Life of Pi, Moonrise Kingdom, Chinatown, and many others) plus hundreds of movie images and other graphics, the thoroughly revised new edition covers everything from editing to cinematography to narrative genres, all in a cultural context that reinforces why films and film study matter. The book's features Form in Action, Film in Focus, and Concepts at Work combine text, stills, and links to videos online to explore specific films, scenes, and trends in depth.

Stephen King Goes to the Movies

Detailed information on foods and cooking techniques accompany fundamental recipes for hors d'oeuvres, soups, salads, main dishes, side dishes, breads, pies, cookies, candies, and desserts

Joy of Cooking

A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

The Bare Bones Camera Course for Film and Video

An introduction to the art of the film, emphasizing an aesthetic approach. Objective is to teach any student how to analyze any film by using the various analytical methods outlined in the book.

Collecting Movie Posters

Film Analysis: A Norton Reader offers concise analyses—each written exclusively for this text by a leading scholar—of forty-four diverse, historically significant films.

Harry Potter and the Chamber of Secrets

“The invention, or the quaint piece of furniture, wandered into our lives in the 1940s, as a primitive plaything, a clever if awkward addition to the household. It was expensive, unreliable and a bit of an invalid.” —Television, A Biography In just a few years, what used to be an immobile piece of living room furniture, which one had to sit in front of at appointed times in order to watch sponsored programming on a finite number of channels, morphed into a glowing cloud of screens with access to a near-endless supply of content available when and how viewers want it. With this phenomenon now a common cultural theme, a writer of David Thomson’s stature delivering a critical history, or “biography” of the six-decade television era, will be a significant event which could not be more timely. With Television, the critic and film historian who wrote what Sight and Sound’s readers called “the most important film book of the last 50 years” has finally turned his unique powers of observation to the medium that has swallowed film whole. Over twenty-two thematically organized chapters, Thomson brings his provocatively insightful and unique voice to the life of what was television. David Thomson surveying a Boschian landscape, illuminated by that singular glow—always “on”—and peopled by everyone from Donna Reed to Dennis Potter, will be the first complete history of the defining medium of our time.

Current and diverse: a perfect match for today's student

The Book of Mormon

A timeless classic with more than 165,000 copies sold, The Bare Bones Camera Course for Film and Video has been chosen by over 700 colleges to teach basic film and video techniques. Written by a working professional, The Bare Bones Camera Course is the most user-friendly book available on the subject of film and video production; it reduces the shooting experience to its essence, making complicated concepts easy to grasp. Using simple clear language and more than 150 illustrations, the book explains: Exposure Lenses Composition Basic sequence Crossing the line Lighting And much more! When you finish this book, you will know and understand how to shoot good pictures that will edit together seamlessly in post-production. With added chapters on sound and editing, this new edition of The Bare Bones Camera Course for Film and Video rounds out the education of any filmmaker. Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business and legal forms, business practices, and more. While we don't aspire to publish a New York Times bestseller or a national bestseller, we are deeply committed to quality books that help creative professionals succeed and thrive. We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers.

A Wrinkle in Time

Introductory Chemistry

American Film

Living in a "perfect" world without social ills, a boy approaches the time when he will receive a life assignment from the Elders, but his selection leads him to a mysterious man known as the Giver, who reveals the dark secrets behind the utopian facade.

Tough Without a Gun

Alex and Conner Bailey's world is about to change. When the twins' grandmother gives them a treasured fairy-tale book, they have no idea they're about to enter a land beyond all imagining: the Land of Stories, where fairy tales are real. But as Alex and Conner soon discover, the stories they know so well haven't ended in this magical land - Goldilocks is now a wanted fugitive, Red Riding Hood has her own kingdom, and Queen Cinderella is about to become a mother! The twins know they must get back home somehow. But with the legendary Evil Queen hot on their trail, will they ever find the way? The Land of Stories: The Wishing Spell brings readers on a thrilling quest filled with magic spells, laugh-out-loud humour and page-turning adventure.

Understanding Movies

See how chemistry is relevant to your life Now in its fifth edition, Introductory Chemistry continues to foster deep engagement in the course by showing how chemistry manifests in your daily life. Author Nivaldo Tro draws upon his classroom experience as an award-winning instructor to extend chemistry from the laboratory to your world, with relevant applications and a captivating writing style. Closely integrated with the fifth edition of Introductory Chemistry, MasteringChemistry® gives you the tools you need to succeed in this course. This program provides you a better learning experience. It will help you to:

- Personalize learning with MasteringChemistry®: This data-validated online homework, tutorial, and assessment program helps you quickly master concepts, and enables instructors to provide timely intervention when necessary.
- Achieve deep conceptual understanding: Several new Conceptual Checkpoints and Self- Assessment Quizzes help you better grasp key concepts.
- Develop problem-solving skills: A step-by-step framework encourages you to think logically rather than simply memorize formulas. Additional worked examples, enhanced with audio and video, reinforce challenging problems.
- Maintain interest in chemistry: The inclusion of concrete examples of key ideas throughout the program keeps you engaged in the material. Note: If you are purchasing the standalone text or electronic version, MasteringChemistry does not come automatically packaged with the text. To purchase MasteringChemistry please visit: www.masteringchemistry.com or you can purchase a package of the physical text + MasteringChemistry by searching for 9780321910073 / 0321910079. MasteringChemistry is not a self-paced technology and should only be purchased when required by an instructor.

The Land of Stories: The Wishing Spell

Reprint. Contains material originally published by Victor H. Green in 1938, 1947, 1954, and 1963.

Publication Manual of the American Psychological Association

The discovery of a mysterious object in the U.S. Capitol building and a subsequent kidnapping lead Harvard symbologist Robert Langdon into a web of mysterious codes, secret locations, and hidden knowledge.

The Lost Symbol

The Giver

The Oxford English Dictionary

'There is a plot, Harry Potter. A plot to make most terrible things happen at Hogwarts School of Witchcraft and Wizardry this year.' Harry Potter's summer has included the worst birthday ever, doomy warnings from a house-elf called Dobby, and rescue from the Dursleys by his friend Ron Weasley in a magical flying car! Back at Hogwarts School of Witchcraft and Wizardry for his second year, Harry hears strange whispers echo through empty corridors - and then the attacks start. Students are found as though turned to stone Dobby's sinister predictions seem to be coming true. Having now become classics of our time, the Harry Potter ebooks never fail to bring comfort and escapism to readers of all ages. With its message of hope, belonging and the enduring power of truth and love, the story of the Boy Who Lived continues to delight generations of new readers.

Look Both Ways

Nobody Does it Better

Provides a comprehensive overview of the industrial, socio-cultural, and aesthetic factors that contribute to cinematic representations of race, class, gender, and sexuality Includes over 100 illustrations, glossary of key terms, questions for discussion, and lists for further reading/viewing Includes new case studies of a number of films, including Crash, Brokeback Mountain, and Quinceañera

America on Film

How To Download eBook Looking At Movies Sixth Edition

A collection of five short stories that have been made into movies includes "The Mangler," in which a skeptical writer investigates a supposedly haunted hotel room that has apparently caused at least forty-two deaths.

The Film Experience

Disc 1 offers 25 short 'tutorials,' helping students see what the text describes. Disc 2 includes an anthology of 12 short films, from 5 to 30 minutes in length. Together, the DVDs offer nearly five hours of pedagogically useful moving-image content.

Are You There God? It's Me, Margaret.

A National Book Award Finalist! Coretta Scott King Author Honor Book An NPR Favorite Book of 2019 A New York Times Best Children's Book of 2019 A Time Best Children's Book of 2019 A Today Show Best Kids' Book of 2019 A Washington Post Best Children's Book of 2019 A School Library Journal Best Middle Grade Book of 2019 A Publishers Weekly Best Book of 2019 A Kirkus Reviews Best Middle Grade Book of 2019 "As innovative as it is emotionally arresting." —Entertainment Weekly From National Book Award finalist and #1 New York Times bestselling author Jason Reynolds comes a novel told in ten blocks, showing all the different directions kids' walks home can take. This story was going to begin like all the best stories. With a school bus falling from the sky. But no one saw it happen. They were all too busy— Talking about boogers. Stealing pocket change. Skateboarding. Wiping out. Braving up. Executing complicated handshakes. Planning an escape. Making jokes. Lotioning up. Finding comfort. But mostly, too busy walking home. Jason Reynolds conjures ten tales (one per block) about what happens after the dismissal bell rings, and brilliantly weaves them into one wickedly funny, piercingly poignant look at the detours we face on the walk home, and in life.

Film Analysis

Faced with the difficulties of growing up and choosing a religion, a 12-year-old girl talks over her problems with her own private God. Reissued with a fresh new look and cover art. Simultaneous.

The Little SAS Book

Most people view movie posters as an expensive form of expendable advertising. Others, however, see the posters as valuable art. If you are in the latter category, this is the work for you. All facets of collecting movie posters are covered in this guide book. The history of the movie poster is first presented, including a look at how the early studios influenced the development of posters. Next is a brief look at the world of movie art collecting. This is followed by a reference section that provides comprehensive explanations of the most commonly used terms in the field. Getting your collection started is the next topic, giving novice and more experienced collectors information on publications and materials available, where to go to purchase posters, where to go for help and other items. A concluding section details the proper care and handling of movie art materials, along with methods for restoration.

The Art of Watching Films

In her own singularly beautiful style, Newbery Medal winner Sharon Creech intricately weaves together two tales, one funny, one bittersweet, to create a heartwarming, compelling, and utterly moving story of love, loss, and the complexity of human emotion. Thirteen-year-old Salamanca Tree Hiddle, proud of her country roots and the "Indian-ness in her blood," travels from Ohio to Idaho with her eccentric grandparents. Along the way, she tells them of the story of Phoebe Winterbottom, who received mysterious messages, who met a "potential lunatic," and whose mother disappeared. As Sal entertains her grandparents with Phoebe's outrageous story, her own story begins to unfold—the story of a thirteen-year-old girl whose only wish is to be reunited with her missing mother.

A History of Narrative Film

The nineteenth-century history of the Church of Jesus Christ of Latter-day Saints, Max Perry Mueller argues, illuminates the role that religion played in forming the notion of three "original" American races—red, black, and white—for Mormons and others in the early American Republic. Recovering the voices of a handful of black and Native American Mormons who resolutely wrote themselves into the Mormon archive, Mueller threads together historical experience and Mormon scriptural interpretations. He finds that the Book of Mormon is key to understanding how early followers reflected but also departed from antebellum conceptions of race as biblically and biologically predetermined. Mormon theology and policy both challenged and reaffirmed the essentialist nature of the racialized American experience. The Book of Mormon presented its believers with a radical worldview, proclaiming that all schisms within the human family were anathematic to God's design. That said, church founders were not racial egalitarians. They promoted whiteness as an aspirational racial identity that nonwhites could achieve through conversion to Mormonism. Mueller also shows how, on a broader level, scripture and history may become mutually constituted. For the Mormons, that process shaped a religious movement in perpetual tension between its racialist and universalist impulses during an era before the concept of race was secularized.

One Of Us Is Lying

Voice & Vision is a comprehensive manual for the independent filmmakers and film students who want a solid grounding in the tools, techniques, and processes of narrative film in order to achieve their artistic vision. This book includes essential and detailed information on relevant film and digital video tools, a thorough overview of the filmmaking stages, and the aesthetic considerations for telling a visual story. The ultimate goal of this book is to help you develop your creative voice while acquiring the solid practical skills and confidence to use it. Unlike many books that privilege raw technical information or the line-producing aspects of production, Voice & Vision places creativity, visual expression, and cinematic ideas front and center. After all, every practical decision a filmmaker makes, like choosing a location, an actor, a film stock, a focal length, a lighting set-up, an edit point, or a sound effect is also an expressive one and should serve the filmmaker's vision. Every decision, from the largest conceptual choices to the smallest practical solutions, has a profound impact on what appears on the screen and how it moves an audience. "In Practice" sidebars throughout Voice & Vision connect conceptual, aesthetic and technical issues to their application in the real world. Some provide a brief analysis of a scene or technique from easily rentable films which

How To Download eBook Looking At Movies Sixth Edition

illustrate how a specific technology or process is used to support a conceptual, narrative, or aesthetic choice. Others recount common production challenges encountered on real student and professional shoots which will inspire you to be innovative and resourceful when you are solving your own filmmaking challenges.
