There are many reasons women shouldn't travel alone. But as foul-mouthed, sweet-toothed Kika Shores knows, there are many more reasons why they should. After all, most women want a lot more out of life than just having fun. Kika, for one, wants to experience the world. But ever since she returned from her yearlong backpacking tour, she's been steeped in misery, battling rush hour with all the other suits. Getting back on the road is all she wants. So when she's offered a nanny job in London — the land of Cadbury Cream Eggs — she's happy at the prospect of going back overseas and getting paid for it. Louis Vuitton

The first in depth portrait of one of the world's best known luxury brands, this elegant volume traces the remarkable history of the House of Vuitton, which has been making practical but stylish luggage, handbags and accessories for more than 150 years. Written with full access to the company's archives, the book itself demonstrates Louis Vuitton's passion for fine design with a stunning array of archival art, historical images, product designs and sketches, and cutting edge advertising. The book explores the company's tradition of quality and innovation in the context of sweeping changes in society, art, culture, fashion and, above all, travel. Examining the life and times of the company's first three leaders; founder Louis (who invented the modern trunk), his son Georges and his grandson Gaston, the text focuses on the firm's development under their guidance. It also discusses Vuitton's explosive growth toward the end of the 20th century, including the 1987 merger with Moët Hennessy that made it part of LVMH, the world's largest luxury goods company and spurred the expansion of its boutiques to more than 300 locations in 50 countries around the globe.

“Show me your luggage and I’ll tell you who you are,” proclaimed a 1920s Louis Vuitton slogan. World Tour takes readers back to a time when travel was a true adventure, when elegant passengers embarked on grand tours aboard ocean liners, took flight in the first airplanes, rode the Orient Express, journeyed to exotic locales, and stayed in one luxurious hotel after another. Throughout his life, the famous trunk maker and inveterate traveler Gaston-Louis Vuitton amassed a collection of over 3,000 hotel publicity stickers and labels, which globetrotters proudly affixed to their luggage. A delightful history of Americans' obsession with advice--from Poor Richard to Dr. Spock to Miss Manners Americans, for all our talk of pulling ourselves up by our bootstraps, obsessively seek advice on matters large and small. Perhaps precisely because we believe in bettering ourselves and our circumstances in life, we ask for guidance constantly. And this has been true since our nation's earliest days: from the colonial era on, there have always been people eager to step up and offer advice, some of it lousy, some of it thoughtful, but all of it read and debated by generations of Americans. Jessica Weisberg takes readers on a tour of the advice-givers who have made their names, and sometimes their fortunes, by telling Americans what to do. You probably don't want to follow all the advice they proffered. Eating graham crackers will not make you a better person, and wearing blue to work won't guarantee a promotion. But for all that has changed in American life, it's a comfort to know that our hang-ups, fears, and hopes have not. We've always loved seeking advice--so long as it's anonymous, and as long as it's clear that we're not asking for ourselves; we're just asking for a friend.

died too young but created masses of work over the course of a decade, at the Fondation Louis Vuitton, Paris, from 2nd October 2018 to 4th January 2019* Comprises drawings, gouaches and paintings sourced from private collections and museums all over the world In 2018 the Fondation Louis Vuitton, Paris, will host exhibitions on two of the greatest artists of the 20th century - Egon Schiele, and Jean-Michel Basquiat. Both exhibitions will have the same curator, and will be held at the same time. The shows will illustrate exactly what it is that linked the two artists: line, and the use of expressive force. This, the catalogue of the Basquiat exhibition, labelled "the definitive exhibition" by its curator, brings together 100 of the artist's most important masterpieces, sourced from international museums and private collections. With the astonishing radicalness of his artistic practice, Basquiat renewed the concept of art with enduring impact. This Basquiat retrospective centres on the idea of Basquiat's unique energetic line, his use of words, symbols, and how he integrates collage in his paintings, sculptures, objects, and large-scale drawings. The catalogue includes texts by great authors, including Paul Schimmel who tells of his meeting with Basquiat in California; Francesco Pellizi who knew Basquiat well and has not written about him for a long time; and Okwui Enwezor who talks about the Afro American identity.

Chosen by Louis Vuitton to be one of only a handful of artists to illustrate their new Travel Book series, Taniguchi naturally made a story of it! After his mother's death aged 78, the author discovers a beautifully lacquered box which contains what appear to be old photos and hand-drawn postcards of Venice. One photo of Piazza San Marco particularly catches his eye. It is of a Japanese couple feeding a multitude of pigeons in the square dressed in what looked like 1930's styled clothes. Who were they? What relevance did they have for his mother? Armed with the contents of the lacquered box he travels to Venice to track down the places and events displayed in the images and to discover the identity of the young couple in the old photograph. With very few but well chosen words and his artist's eye for detail, Taniguchi portrays 'La Serenissima' of today in a most deserving light.

This volume is an unprecedented history of Louis Vuitton's women's bags, the most coveted line of accessories in women's fashion. At the heart of Louis Vuitton are its City Bags, a range of women's bags that dates back to the turn of the twentieth century. Featuring the trademark monograms of the house, the City Bag story began with the Steamer, a resort bag designed in 1901 to be packed inside a much larger steamer trunk. These bags have in a hundred years formally diversified into a dizzying array of handbags for every conceivable function demanded by the modern woman. Profoundly influential, City Bags are now known to millions by their descriptive names (Keepall, Bucket, Papillon, Alma, Locket, Noe, Speedy) and are still evolving into more fantastical forms. Lavishly illustrated with new and archival photography, historical graphics, landmark editorials, and ad campaigns, the volume traces the history of these specific bag families, and examines the earliest specimens and today's most sought-after collectibles, including Vuitton's collaborations with Takashi Murakami, Stephen Sprouse, Richard Prince, Yayoi Kusama, and Rei Kawakubo and one-off projects by Zaha Hadid, Shigeru Ban, Vivienne
