The Fashion Designer's Sketchbook is a must-have resource for both fashion students and practising designers who wish to learn new ways of generating design ideas in order to create successful fashion collections, and who wish to develop their own creative aesthetic. It demonstrates how the fashion design sketchbook serves as a crucial creative tool for professional development - and a valuable portfolio of design work to present to potential employers. This book identifies four distinct types of creative journal, each representing a different phase in the design process: the inspiration diary, the working journal, the presentation journal and the design log; and it explores how one develops out of the other, each stage in the idea generation process moving the process forward organically from discovery, to direction, to design development and delivery. The Fashion Designer's Sketchbook shows readers how to turn their sketchbooks into source books; how to generate design ideas from everyday experience; explores multiple ways of presenting and arranging elements within pages; details digital search and storage techniques as well as bulletin board journaling; and provides exercises to improve readers' illustration skills and enquiry,

promoting in-store sketching and visual analysis to focus awareness of design aesthetics, taste levels and design vision. The book also explores the need to address market realities, consumer profiles and trend analysis, and shows how to build design collections based on target customer demographics and different markets. Cat lovers will laugh out loud at the quirkiness of their feline friends with these insightful and curious poems from the singular minds of housecats. In this hilarious book of tongue-in-cheek poetry, the author of the internationally syndicated comic strip Sally Forth helps cats unlock their creative potential and explain their odd behavior to ignorant humans. With titles like "Who Is That on Your Lap?," "This Is My Chair," "Kneel Before Me," "Nudge," and "Some of My Best Friends Are Dogs," the poems collected in I Could Pee on This perfectly capture the inner workings of the cat psyche. With photos of the cat authors throughout, this whimsical volume reveals kitties at their wackiest, and most exasperating (but always lovable).

For more than a dozen years, an unassuming, quiet-spoken woman dominated Disney design. The stylishness and vibrant color of Disney films in the early 1940s through mid-1950s came primarily from artist Mary Blair. In her prime, she was an amazingly prolific American artist who enlivened and influenced the not-so-small worlds of film, print, theme parks, architectural decor, and advertising. At its core, her art represented joyful creativity and communicated pure pleasure to the viewer. Her exuberant fantasies brimmed with beauty, charm, and wit, melding a child's fresh eye with adult experience. Blair's personal flair comprised the imagery that flowed effortlessly and continually for more than a half a century from her brush. Emulated by many, she remains inimitable: a dazzling sorceress of design and color.
