### Miss Sue Lucky's Fishin' Secrets

WHEN IT COMES TO LOVE, SOMETIMES IT TAKES THE HEAD YEARS TO DISCOVER WHAT THE HEART HAS ALWAYS KNOWN When Forbes Branson was a young man ready for something new. A senior in high school, he was the golden boy. Heir to a fortune, he knew what his life was going to be. But he wanted adventure first. A year to do what he wanted, where he wanted before college. An unexpected betrayal would change everything. Sophie Lipton was fifteen the first time she set foot on the Branson ranch. Dragged from one place to another, never having more than one pair of shoes or enough to eat, the moment she saw the wide open spaces, she felt she could breathe for the first time in her life. It was the home she always dreamed of. But her happiness came at a price. To stay in her new home, Sophie had to keep somebody else's lies. Lies that would eventually tear apart a family. And tear apart her friendship with Forbes. Coming home is never easy-especially after twelve years. Forbes isn't the same young man. He found his adventure-and more. Weary, he's ready to settle into a slower, calmer life. Working on his family's ranch and taking the job as Chief of Police sounds like a piece of cake after the things he had seen and done. Sophie isn't the quiet girl Forbes remembers. She's grown into a strong, confident woman. A woman used to being in charge. The Branson ranch is her territory now. If Forbes thinks he's going to waltz back in and take over, he's going to find out fast that Sophie is no pushover. Twelve years ago, they shared one goodbye kiss. More sweet than passionate. Now, as adults it's a whole new game. The attraction between them is undeniable. Just as they begin to move forward, the past has other ideas. Secrets rarely stay buried forever. Lies. Betrayal. Maybe even murder. Before Forbes and Sophie can think about the future, they will need to deal with the past. Together.

Recipes that reveal the life-changing happiness of cooking There are lots of ways to start a story, but this one begins with a chicken There was a time when, for Ella Risbridger, the world had become overwhelming. Sounds were too loud, colours were too bright, everyone moved too fast. One night she found herself lying on her kitchen floor, wondering if she would ever get up – and it was the thought of a chicken, of roasting it, and of eating it, that got her to her feet and made her want to be alive. Midnight Chicken is a cookbook. Or, at least, you'll flick through these pages and find recipes so inviting that you will head straight for the kitchen: roast garlic and tomato soup, uplifting chilli-lemon spaghetti, charred leek lasagne, squash skillet pie, spicy fish finger sandwiches and burnt-butter brownies. It's the kind of cooking you can do a little bit drunk, that is probably better if you've got a bottle of wine open and a hunk of bread to mop up the sauce. But if you settle down and read it with a cup of tea (or a glass of that wine), you'll also discover that it's an annotated list of things worth living for: a manifesto of moments worth living for. This is a cookbook to make you fall in love with the world again.

"Don't go around measurin' yourself by other people's rulers. 'Cause you'll never measure up." For most people, life is kind of like feeling around in the dark, stumbling into things and hoping they get what they think they want from what's around them. And if they don't get it, they just keep at it the same old way, but hoping for something different. But what if you could learn about life before making mistakes? In Oak Park, Virginia, where the story takes place, life is both familiar and unpredictable, "just like any other place on earth with smart and simple people, pretty and ugly people, uppity and lowly folks. Somebody is always in some mess that they had no business in, or caught up in something they never expected." When her adopted granddaughter, Ruby Gray, asks her about love, Miss Lucky, through her hard-won wit and wisdom, imparts to her the secrets to life and the essence of love.

Fiddler's Ridge-dark, brooding, its ancient forest rarely disturbed by trespassers-was a dangerous place for fools. Young mill worker, Billy Paul Haferty was about to learn why. He was only looking for a bit of entertainment, he told himself as he climbed the ridge one evening. There was no harm in it, the well-beaten path he followed indicated that plenty of people had been here before him. When he reached his destination, a lonely cabin deep in the forest, he felt ridiculous explaining the purpose of his visit to the cold-eyed woman who lived there. She asked if he knew the cost of what he was seeking, and scoffed at the wad of bills he pulled from his pocket. "That paper don't have nothin' to do with you," she said. "Might as well toss it to the wind for all the value it's got to him who will help you." It was a warning, but he shrugged it off. Weeks later, as he lay in the woods waiting to die, he told himself he should have known better. A Being capable of giving him his heart's desire wasn't going to be satisfied with a boosted load of lumber or a case of shine as payment. He should have known it would cost him his soul.

### **The Secret of the Night**

-You here for the Midnight Coven?- Icy words whispered upon her lips in the night used to scare Lorelei Huntington. But that was before. Before her mother tried to have her killed. Before her world went back fifty years. Before the magic of the swamp found its way into Lorelei's blood. Now the

whispers and the cold breath of the dead are a comfort. That is, until a small ghost haunting Whit's family's castle warns her about the secrets of the bloodthirsty family she resides with. The family the little ghost belongs to. Whit's family, it seems, are not all they appear to be. When Lorelei discovers the Midnight Coven and exactly who Whit's family is, she is forced to choose between running and becoming something she can't even fathom—a Rose. Fortunately, Lorri, the leader of the Devil's Roses, has a way with words, mean ones. With the help of Dorian, Marcus, and of course Henry, Lorelei turns the tables on Whit's resourceful family. This time, they're running and she's chasing—bringing the biggest monsters she can muster. But survival comes at a cost, one she isn't sure she is willing to pay.

They say that sometimes ghosts don't realize they're dead and wander around screaming because no one is paying them any attention. Well, in show business you may have been dead five years before you finally twig. You howl around the corridors of power while the elected march straight through. Then one day you catch yourself in a mirror and there is nothing looking back. In his highly anticipated third memoir, Rupert Everett tells the story of how he set out to make a film of Oscar Wilde's last days, and how that ten-year quest almost destroyed him. (And everyone else.) Travelling across Europe for the film, he weaves in extraordinary tales from his past, remembering wild times, freak encounters and lost friends. There are celebrities, of course. But we also meet glamorous, but doomed Aunt Peta, who introduces Rupert (aged three) to the joys of make-up. In 80s Paris, his great friend Lychee burns bright, and is gone. While in 70s London, a 'weirdly tall, beyond size zero' teenage Rupert is expelled from the Central School of Speech and Drama. Unflinchingly honest and hugely entertaining, Tainted Glory offers a unique insight into the 'snakes and ladders' of film-making. It is also a soulful and thought-provoking autobiography from one of our best-loved and most talented actors and writers.

Rice Cookbook: 50 Delicious of Rice Cookbook (Rice Recipes, Rice Flour Recipes, Rice Recipes Cookbook, Rice Recipes Cookbooks, Rice Recipes Book) Rice is a part of many traditional cuisines. It is used as a main dish as a side dish or as a decoration for food. People knew about rice a long time ago. It has been part of our meals for 5,000 years. The first information about rice was found in China about 2,800 BC. The rise has been a part of Chinese food tradition. Chinese legends provide information that rice is used so much in the Chinese cuisine thanks to the legendary Emperor of China Shennong who was also the inventor of Chinese agriculture. The rise was spread from East Asia to South Asia and after that in Europe. Also, it was introduced to Americans through the European colonization. Rice comes in many shapes, colors and sizes. There are several types of rice known worldwide. - Long Grain Brown Rice - Long grain rice has a long, slender kernel, four to five times longer than its width. Cooked grains are separate, light and fluffy. - Short Grain Brown Rice - Short grain rice has a short, plump, almost, round kernel. Cooked grains are soft and cling together. - Sweet Brown Rice - Sweet rice is short and plump with a chalky white, opaque kernel. When cooked, sweet rice loses its shape and is very sticky. - Brown Basmati Rice - India is well known for its fragrant Basmati rice, another aromatic long grain rice with a distinct popcorn aroma. - Chinese Black Rice - Chinese Black Rice is a medium grain rice with white kernels inside the black bean. Cooked, it takes on a deep publishing color. Rice is definitely the food we should include in our diet. It is full with nutrients. This food is really good for us, because it is very healthy. Rice contains proteins, iron, B vitamins and folic acid. These nutrition give

us a lot of energy and that is why we do not need extra snacks. It is also important to know that the brown rice is whole grain and the white is not. Most of us are aware that we do not get as much fiber as we should. That is why rice is a good choice for our next meal. Whole grains are the healthiest option because they retain all the nutrients from the grain and are high in fiber.

### **Midnight Chicken**

“A Shed, Chickens, Siencyn and Me” is a delightfully light humorous book set in a 1930s South Wales valley. It is written through the perceptive eyes of a young girl, Megan and it is where we meet her family and the characters of the village, such as, Mrs Hughes News, Mr William Lewis Amen, Selwyn the Psalms, Auntie Scissors Ann, a girl with pimples and a snuffle and Megan's favourite, - Siencyn Oddjobs (pronounced “Shenkin”; as there is no “J” for Jenkins in the Welsh alphabet)! Siencyn lived in a shed on the side of a hill; this was good for three things, to look after his chickens, to tend his allotment and to keep away from his wife. He smoked OP's (other peoples), never complained and always got out of trouble with a smile and a wink. He was not on time for work one morning and when caught slopping off early in the afternoon his boss shouted, “Mr Jenkins, bearing in mind what time you arrived this morning, what time do you call this to be leaving?” He replied, “I know, but I don't want to be late twice in one day, now do I?” The language and attitudes are typically South Walian and each chapter is its' own adventure with Siencyn in there somewhere causing mayhem. Megan's awareness, sensitivity and intelligence are obvious through her lyrical narrative and while we enjoy her innocence, “and the Policeman muttered and mumbled, and once I thought he said a naughty word, but I must have been mistaken. Policemen don't say language”, her engaging writing style provides the reader with many different levels of insight and the hugely entertaining bigger picture, is there to be enjoyed. Mam, and her sometimes acerbic sister Aunty “Scissors” Ann cross swords with Siencyn in many odd and unusual ways, and while it's quite hard to see who actually gets the upper hand, in the end they call it a truce, “there's no harm in old Siencyn”, as Megan's “Dadda”, always says and Siencyn comes to live with the family. It's full of 1930s values, the wit of the Welsh and a touch of nostalgia. While the back drop of these stories are the Hungry Thirties and poverty was palpable, the stories are told with a depth of humour which leaves the reader with a smile on their face, a lighter heart and a just a small tear just in the corner of one eye. The last chapter of the appendix though, is not to be taken lightly. It's not a Siencyn tale but a social commentary from the authors' childhood that completes the picture of a 1930s Welsh valley. The memory puts all the stories into context and while it's a powerful chapter on its own, it adds weight to the tales of Siencyn and the characters of the village become alive and closer to the reader. David C.L. Slack

A groundbreaking handbook--the "method" companion to its critically acclaimed predecessor, *The Flavor Thesaurus*--with a foreword by Yotam Ottolenghi. Niki Segnit used to follow recipes to the letter, even when she'd made a dish a dozen times. But as she tested the combinations that informed *The Flavor Thesaurus*, she detected the basic rubrics that underpinned most recipes. *Lateral Cooking* offers these formulas, which, once readers are familiar with them, will prove infinitely adaptable. The book is divided into twelve chapters, each covering a basic culinary category, such as "Bread," "Stock, Soup & Stew," or "Sauce." The recipes in each chapter are arranged on a continuum, passing from one to another with just a tweak or two to the method or ingredients. Once you've got the hang of flatbreads, for instance, then its neighboring dishes (crackers, soda bread, scones) will involve the easiest and most intuitive adjustments. The result is greater creativity in the kitchen: *Lateral Cooking* encourages improvisation, resourcefulness, and, ultimately, the knowledge and confidence to cook by heart. *Lateral Cooking* is a practical book, but, like *The Flavor Thesaurus*, it's also a highly enjoyable read, drawing widely on culinary science, history, ideas from professional kitchens, observations by renowned food writers, and Segnit's personal recollections. Entertaining, opinionated, and inspirational, with a handsome three-color design, *Lateral Cooking* will have you torn between donning your apron and settling back in a comfortable chair.

## Impractical Uses of Cake

Ermolai bowed and returned to the garden. The "barinia" left the veranda, where she had come for this conversation with the old servant of General Trebassof, her husband, and returned to the dining-room in the datcha des Iles, where the gay Councilor Ivan Petrovitch was regaling his amused associates with his latest exploit at Cubat's resort. They were a noisy company, and certainly the quietest among them was not the general, who nursed on a sofa the leg which still held him captive after the recent attack, that to his old coachman and his two piebald horses had proved fatal. The story of the always-amiable Ivan Petrovitch (a lively, little, elderly man with his head bald as an egg) was about the evening before. After having, as he said, "recure la bouche"

for these gentlemen spoke French like their own language and used it among themselves to keep their servants from understanding—after having wet his whistle with a large glass of sparkling rosy French wine, he cried: "You would have laughed, Feodor Feodorovitch. We had sung songs on the Barque\* and then the Bohemians left with their music and we went out onto the river-bank to stretch our legs and cool our faces in the freshness of the dawn, when a company of Cossacks of the Guard came along. I knew the officer in command and invited him to come along with us and drink the Emperor's health at Cubat's place. That officer, Feodor Feodorovitch, is a man who knows vintages and boasts that he has never swallowed a glass of anything so common as Crimean wine. When I named champagne he cried, 'Vive l'Empereur!' A true patriot. So we started, merry as school-children. The entire company followed, then all the diners playing little whistles, and all the servants besides, single file. At Cubat's I hated to leave the companion-officers of my friend at the door, so I invited them in, too. They accepted, naturally. But the subalterns were thirsty as well. I understand discipline. You know, Feodor Feodorovitch, that I am a stickler for discipline. Just because one is gay of a spring morning, discipline should not be forgotten. I invited the officers to drink in a private room, and sent the subalterns into the main hall of the restaurant. Then the soldiers were thirsty, too, and I had drinks served to them out in the courtyard. Then, my word, there was a perplexing business, for now the horses whinnied. The brave horses, Feodor Feodorovitch, who also wished to drink the health of the Emperor. I was bothered about the discipline. Hall, court, all were full. And I could not put the horses in private rooms. Well, I made them carry out champagne in pails and then came the perplexing business I had tried so hard to avoid, a grand mixture of boots and horse-shoes that was certainly the liveliest thing I have ever seen in my life. But the horses were the most joyous, and danced as if a torch was held under their nostrils, and all of them, my word! were ready to throw their riders because the men were not of the same mind with them as to the route to follow! From our window we laughed fit to kill at such a mixture of sprawling boots and dancing hoofs. But the troopers finally got all their horses to barracks, with patience, for the Emperor's cavalry are the best riders in the world, Feodor Feodorovitch. And we certainly had a great laugh!—Your health, Matrena Petrovna."

to the redemptive power of cooking. Generous, honest and uplifting' Diana Henry There are lots of ways to start a story, but this one begins with a chicken When the world becomes overwhelming, Ella Risbridger focuses on the little things that bring her joy, like enjoying a glass of wine when cooking, FaceTiming with a friend whilst making bagels, and sharing recipes that are good for the soul. One night she found herself lying on her kitchen floor, wondering if she would ever get up – and it was the thought of a chicken, of roasting it, and of eating it, that got her to her feet and made her want to be alive. Midnight Chicken is a cookbook. Or, at least, you'll flick through these pages and find recipes so inviting that you will head straight for the kitchen: roast garlic and tomato soup, uplifting chilli-lemon spaghetti, charred leek lasagne, squash skillet pie, spicy fish finger sandwiches and burnt-butter brownies. It's the kind of cooking you can do a little bit drunk, that is probably better if you've got a bottle of wine open and a hunk of bread to mop up the sauce. But if you settle down and read it with a cup of tea (or a glass of that wine), you'll also discover that it's an annotated list of things worth living for – a manifesto of moments worth living for. This is a cookbook to make you fall in love with the world again. Featuring an entire chapter on storecupboard recipes. THE PERFECT GIFT FOR POETRY LOVERS "Broad in scope, generous in spirit and wittily accompanied by Risbridger's commentary" Sarah Perry, author of The Essex Serpent Set Me On Fire is an anthology for a new moment in poetry: a collection of fresh, vibrant voices from poets all over the globe, both living and dead. With an intuitive, accessible, feelings-first format, these are poems for the moments when you really need to know that someone else has been there too. These are poems about eating and kissing and having too many feelings, about being outside and inside and loving someone so much you think you might die. They are about break-ups and getting back together and oh-god-it's-complicated-don't-ask-me moments. They are about wanting and waiting and having, about grieving and life after death and the end of the world. They are, in other words, about being alive.
