The manufacture and sale of alcoholic beverages is prohibited by law, but behind this prohibition, organized crime flourishes--so, too, do bank robbers, bootleggers, assassins, and homunculi. Some want money, some are chasing the secret to immortality, and others just want to have a really good time. You know what they say, though: You can't always get what you want.

Not only that, but reincarnating her into a different, less culturally-advanced world is the only thing they can offer to do for her. Not one to take this turn of events sitting down, Kaoru makes a demand: the power to create potions at any time she pleases, with whatever effect she wants it to have—and it doesn't stop there either. She asks for a magical Item Box, the ability to understand and speak every language, and the same body she had back when she was a fifteen-year-old girl. Using her newfound powers, Kaoru has to try and make a stable life for herself in a whole new world!

Konosuba: God's Blessing on This Wonderful World!, Vol. 1 (light novel)

In M. John Harrison's dangerously illuminating new novel, three quantum outlaws face a universe of their own creation, a universe where you make up the rules as you go along and break them just as fast, where there's only one thing more mysterious than darkness. In contemporary London, Michael Kearney is a serial killer on the run from the entity that drives

him to kill. He is seeking escape in a future that doesn't yet exist—a quantum world that he and his physicist partner hope to access through a breach of time and space itself. In this future, Seria Mau Genlicher has already sacrificed her body to merge into the systems of her starship, the White Cat. But the “inhuman” K-ship captain has gone rogue, pirating the galaxy while playing cat and mouse with the authorities who made her what she is. In this future, Ed Chianese, a drifter and adventurer, has ridden dynaflo ships, run old alien mazes, surfed stellar envelopes. He “went deep”—and lived to tell about it. Once crazy for life, he's now just a twink on New Venusport, addicted to the bizarre alternate realities found in the tanks—and in debt to all the wrong people. Haunting them all through this maze of menace and mystery is the shadowy presence of the Shrande—and three enigmatic clues left on the barren surface of an asteroid under an ocean of light known as the Kefahuchi Tract: a deserted spaceship, a pair of bone dice, and a human skeleton. Praise for Light “Uproarious, breath-taking, exhilarating . . . This is a novel of full spectrum literary dominance. . . . It is a work of—and about—the highest order.”—Guardian “An increasingly complex and dazzling narrative . . . Light depicts its author as a wit, an awesomely fluent and versatile prose stylist, and an SF thinker as dedicated to probing beneath surfaces as William Gibson is to describing how the world looks when reflected in them. . . . SF fans and skeptics alike are advised to head towards this Light.”—Independent “Light is a literary singularity: at one and the same time a grim, gaudy space opera that respects the physics, and a contemporary novel that unflinchingly revisits the choices that warp a life. It's almost unbearably good.”—Ken MacLeod, author of Engine City
