Ralph Lauren: In His Own Fashion

A fascinating and comprehensive look into the life of American fashion designer Ralph Lauren, now with an afterword. "Deep-dishsharp-clawedhonestly admiring."—New York Times There are at least two Ralph Laurens. To the public he's a gentle, modest, yet secure and purposeful man. Inside the walls of Polo Ralph Lauren, though, he was long seen by some as a narcissist, an insecure ditherer, and, at times, a rampaging tyrant. Michael Gross, author of the bestsellers Model and 740 Park, lays bare the truths of this fashion emperor's rise, and reveals not only the secrets of his meteoric success in marketing our shared fantasies, but also a widely unknown side that's behind the designer's chic façade.

CliftonStrengths for Students

Discusses how to plan a staff ride of a battlefield, such as a Civil War battlefield, as part of military training. This brochure demonstrates how a staff ride can be made available to military leaders throughout the Army, not just those in the formal education system.

The Young Entrepreneur's Guide to Starting and Running a Business

Ralph Lauren's designs vividly embody the American Dream, and he has risen to become one of the world's

foremost fashion designers. His genius lies in his innate skill for interpreting key cultural elements of Americana—whether from folk art or the preppy world of Hamptons’ socialites or Navajo motifs—and encapsulating them in appealing garments. Also a natural fit with Hollywood, he has designed costumes for films such as *The Great Gatsby* (1974) and *Annie Hall* and created countless looks for stars on the red carpet. From his ubiquitous, equestrian-tagged Polo shirts to his American-country-club take on upper-class Englishness, his skill in making aspiration accessible is second to none. *Vogue on Ralph Lauren* is a volume from the series created by the editors of *British Vogue*, featuring 20,000 words of original biography and history and studded with more than 80 images from their unique archive of photos taken by leading photographers including Bruce Weber, Patrick Demarchelier, and Mario Testino.

The Staff Ride

'Between Horror and Hope' is a study of Paul's metaphorical language of death in Romans 6:1-11. The scholarly debate focuses on two main issues; the origin of the 'commentatio mortis' tradition and its development. Dr. Sabou argues that the origin of this terminology is original to Paul; that it was the apostle's own insight into the meaning of Christ's death (a death to sin) and his understanding of the identity of Christ in his death (as the anointed davidic king) which guided him to create this metaphor of dying to sin as a way of describing the relationship of the believer with sin. On the development of this language of death, the author argues that this language conveys two aspects -- horror and hope. The first is discussed in the context of crucifixion in which Paul explains the believer's death to sin by presenting Christ's death as the death of the anointed davidic king who won the victory over sin and death by rising from the dead. Paul affirms that believers are coalesced with what was proclaimed about Christ's death and resurrection, thereby allowing him to assert that the releasing of the body from the power of sin is a result of crucifixion. This crucifixion is the condemnation inflicted on our past lives in the age inaugurated by Adam's sin and this is such a horrible event that believers have to stay away from sin since sin leads to such punishment. In contrast, hope is presented in the context of burial. The believers' burial with Christ points to the fact that they are part of Christ's family and this is accomplished by the overwhelming action of God by which he pushes us toward the event of Christ's death, an act pictured in baptism. It is this burial with Christ that allows believers to share with Christ in newness of life

No Logo

It doesn't matter how old you are or where you're from; you can start a profitable business. The Young Entrepreneur's Guide to Starting and Running a Business will show you how. Through stories of young entrepreneurs who have started businesses, this book illustrates how to turn hobbies, skills, and interests into profit-making ventures. Mariotti describes the characteristics of the successful entrepreneur and covers the nuts and bolts of getting a business up, running and successful.

50 Things Every Young Gentleman Should Know

Which is more dangerous, a gun or a swimming pool? What do schoolteachers and sumo wrestlers have in common? How much do parents really matter? These may not sound like typical questions for an economist to ask. But Steven D. Levitt is not a typical economist. He studies the riddles of everyday life--from cheating and crime to parenting and sports--and reaches conclusions that turn conventional wisdom on its head. Freakonomics is a groundbreaking collaboration between Levitt and Stephen J. Dubner, an award-winning author and journalist. They set out to explore the inner workings of a crack gang, the truth about real estate agents, the secrets of the Ku Klux Klan, and much more. Through forceful storytelling and wry insight, they show that economics is, at root, the study of incentives--how people get what they want or need, especially when other people want or need the same thing.

Setting Limits with Your Strong-Willed Child

In 1973, a young filmmaker named George Lucas scribbled some notes for a far-fetched space-fantasy epic. Some forty years and \$37 billion later, Star Wars-related products outnumber human beings, a growing stormtrooper army spans the globe, and "Jediism" has become a religion in its own right. Lucas's creation has grown into far more than a cinematic classic; it is, quite simply, one of the most lucrative, influential, and interactive franchises of all time. Yet incredibly, until now the complete history of Star Wars--its influences and impact, the controversies it has spawned, its financial growth and long-term prospects--has never been told. In *How Star Wars Conquered the Universe*, veteran journalist Chris Taylor traces the series from the difficult birth of the original film through its sequels, the franchise's death and rebirth, the prequels, and the preparations for a new trilogy. Providing portraits of the friends, writers, artists, producers, and marketers who labored behind the scenes to turn Lucas's idea into a legend, Taylor also jousts with modern-day Jedi, tinkers with droid builders, and gets inside Boba Fett's helmet, all to find out how Star Wars has attracted and inspired so many fans for so long. Since the first film's release in 1977, Taylor shows, Star Wars has conquered our culture with a

sense of lightness and exuberance, while remaining serious enough to influence politics in far-flung countries and spread a spirituality that appeals to religious groups and atheists alike. Controversial digital upgrades and poorly received prequels have actually made the franchise stronger than ever. Now, with a savvy new set of bosses holding the reins and Episode VII on the horizon, it looks like Star Wars is just getting started. An energetic, fast-moving account of this creative and commercial phenomenon, *How Star Wars Conquered the Universe* explains how a young filmmaker's fragile dream beat out a surprising number of rivals to gain a diehard, multigenerational fan base—and why it will be galvanizing our imaginations and minting money for generations to come.

Vogue on Ralph Lauren

Helps aspiring college students discover where their strengths truly lie and how to develop them to reach their full potential at school and later in the real world.

Between Horror and Hope

Provides Western style seasonal recipes, including chicken quesadillas, pumpkin soup, elk draw chicken potpie, and Taos beef taco salad, and discusses the culture, history, and legends of the West.

Ralph Lauren

Speed, Style, and Beauty

Wonderbook has become the definitive guide to writing science fiction and fantasy by offering an accessible, example-rich approach that emphasizes the importance of playfulness as well as pragmatism. It also exploits the visual nature of genre culture and employs bold, full-color drawings, maps, renderings, and visualizations to stimulate creative thinking. On top of all that, the book features sidebars and essays from some of the biggest names working in the field today, including George R. R. Martin, Lev Grossman, Neil Gaiman, Michael Moorcock, and Karen Joy Fowler. For the fifth anniversary of the original publication, Jeff VanderMeer has added an additional 50 pages of diagrams, illustrations, and writing exercises creating the ultimate volume of inspiring advice that is also a stunning and inspiring object.

The Psychosocial Implications of Disney Movies

Embodying a chic casualness that is uniquely American, the iconic Polo shirt has become a cool cultural symbol, worn by everyone from movie stars and presidents to athletes and artists. The Polo shirt is to Ralph Lauren what the Swoosh is to Nike, what Mickey Mouse is to Disney, or what the Empire State Building is to New York. Whether worn layered with the collar popped up, open and untucked, or dressed up under an elegant suit jacket, the Polo shirt embodies the optimism and confidence of American style. An astute observer of culture and style once declared that the shirt is "the most democratic of garments, as ubiquitous as a pair of jeans." Featuring a gallery of iconic stars and celebrities from the worlds of fashion, sports, politics, film, music, and even royalty--everyone from Leonardo DiCaprio and Spike Lee to Bill Clinton and Prince Harry, to Pharrell Williams and Venus Williams-- as well as everyday people around the world who have made the Polo their personal canvas for self-expression, and who share their stories about important moments their Polos have played in their lives, The Polo Shirt is a fascinating look at the enduring cultural cool of a wardrobe classic. Also included are the full range of colors, styles, and fits the shirt has been produced in during its more than fifty-year history. From the classic white to the weathered Polo, from the striped Polo to the U.S. Olympic, U.S. Open and Wimbledon Championship collaborations, this comprehensive 544-page catalog celebrates the full range and history of the Polo, making it a collector's dream.

Genuine Authentic

A fully illustrated biography of iconic American designer Ralph Lauren told through the lens of fashion. From the author of *Dressing the Man*, the seminal tome on men's fashion, comes the illustrated biography of Ralph Lauren. Published in time for Lauren's 80th birthday on October 14, 2019, Alan Flusser's book looks at the life of the iconic American designer through the lens of fashion and cultural impact. This high-level, yet intimate, reflection on the life and work of Ralph Lauren shows how a preppy young boy from the Bronx created one of the most recognizable brands in American fashion.

Ricky Lauren: Cuisine, Lifestyle, and Legend of the Double RL Ranch

Presents a decade-by-decade guide to the most influential looks of the past century, matching red-carpet gowns to famous celebrities while providing original designer sketches, photos of rare couture, and interviews with a range of authorities.

Ricky Lauren The Hamptons Food, Family and History

This book contains everything you need to know about suits, from the traditional designs of the early 1900s, to innovative contemporary variations. It was awarded Financial Times' Fashion Book of the Year. Clothes maketh the man. For millions of men across the world the common denominator that identifies them is the suit. Just three and a half metres of fabric, some internal shaping elements, lining, buttons and several metres of thread are all it takes to produce the jacket-and-trouser combination that can be seen from boardrooms to bars, wherever men gather. In Sharp Suits we examine the fascinating history and evolution of the modern suit from the late seventeenth century to date. From eighteenth-century bespoke to the mass industrialization of the twentieth century, we see how the uniform of the ruling classes became the utilitarian outfit of the worker. A series of thematic chapters also illustrate how the universal staple of a man's wardrobe can play many different roles and, chameleon-like, can mean different things in different situations. From the Duke of Windsor to The Thin White Duke, David Bowie; from James Brown to The Jamel from Guys and Dolls to The Godfather, movie stars, rock stars, heroes and villains, philanthropists, presidents and gangsters - all these men and many more have dressed to impress in a matching jacket and trousers and have found that a suit will suit them very well. 'Clothes can 'do a job'. A well-cut suit can make you slimmer, taller, sexier, more elegant or business-like.' Sir Paul Smith Chapters include: Convention or Fashion? The single-breasted suit A Question of Balance the Double-breasted suit Princes Among Men The striped suit The Italian Job The checked suit US Male The white suit Passion from Paris The Dormeuil suits Lost in Music The Bowie suits The Magic of the Movies

Sharp Suits

The time when "fashion" was defined by French designers whose clothes could be afforded only by elite has ended. Now designers take their cues from mainstream consumers and creativity is channeled more into mass-marketing clothes than into designing them. Indeed, one need look no further than the Gap to see proof of this. In The End of Fashion, Wall Street Journal, reporter Teri Agins astutely explores this seminal change, laying bare all aspects of the fashion industry from manufacturing, retailing, and licensing to image making and financing. Here as well are fascinating insider vignettes that show Donna Karan fighting with financiers, the rivalry between Ralph Lauren and Tommy Hilfiger, and the commitment to haute couture that sent Isaac Mizrahi's business spiraling.

The Hunting Book

"Lo Life: An American Classic" takes the reader on a trip to New York City in the early 80s a time when crime and violence ran the streets. The infamous gang, Lo-Life gang emerged from this tumultuous time. Formed by crews of teenagers from the Brownsville and Crown Heights neighborhoods of Brooklyn, they made a name for themselves by dressing head to toe in highly coveted Ralph Lauren clothing or "Lo." Polo apparel and other preppy 80s fashion brands like Guess, Nautica, and Benetton, among others presented an aspirational lifestyle for these kids from rough neighborhoods just struggling to get by. Fighting for style and survival, the Lo-Lifes targeted these brands, and would acquire them by any means necessary including stick-ups, shoplifting, and hustling. A reign of terror ensued, when your new winter coat could make you the target for a robbery or worse. What started as an informal gang uniform, organized around clean designs and bright colors, became a devotion to a lifestyle brand, and eventually created an association between the streets and luxury that would fundamentally change the fashion industry. "Lo-Life: An American Classic" documents the personal collections of exclusive, vintage photographs amassed by the crew, and interviews with original members, presenting the first comprehensive oral history of this notorious New York collective. It tells the remarkable story of how a small group of teenagers fighting to make a name for themselves eventually made themselves seen, heard, and emulated globally. Love and Loyalty!"

Fighting with the German Longsword

Fresh, seasonal recipes that perfectly evoke the relaxed luxury of the Hamptons Combining food with her memories of raising a family in New York's legendary Hamptons, Ricky Lauren's The Hamptons perfectly captures the lifestyle—plus the rich history—of America's most exclusive resort. Written by Ricky Lauren, who is an accomplished author, photographer, and artist, this lush and evocative book is packed with delicious recipes, beautiful photographs, and original watercolors that paint a picture of the Hamptons life. Includes approximately 100 healthy, fresh, seasonal recipes Features tips and advice on entertaining in true Hamptons style and simplicity Offers a glimpse into the life of a beloved family, with archival photos and personal snapshots of the Laurens

How Star Wars Conquered the Universe

An updated edition - with completely new chapters - of the most accessible and compelling history of the cinema yet published, and complements Mark Cousins' fascinating 15-hour film documentary The Story of Film: An Odyssey. Filmmaker and author Mark Cousins shows how filmmakers are influenced both by the

historical events of their times, and by each other. He demonstrates, for example, how Douglas Sirk's Hollywood melodramas of the 1950s influenced Rainer Werner Fassbinder's despairing visions of 1970s Germany; and how George Lucas' Star Wars epics grew out of Akira Kurosawa's The Hidden Fortress. The Story of Film is divided into three main epochs: Silent (1885-1928), Sound (1928-1990) and Digital (1990-Present). Films are discussed within chapters reflecting both the stylistic concerns of the film-makers and the political and social themes of the time. This edition includes new text that encompasses the further-reaching scope of world cinema today, and the huge leaps in technology that have changed cinema screens forever. Film is an international medium, so as well as covering the great American films and film-makers, The Story of Film explores cinema in Europe, Africa, Asia, Australasia and South America, and shows how cinematic ideas and techniques cross national boundaries. Avoiding jargon and obscure critical theory, the author constantly places himself in the role of the moviegoer watching a film, and asks: 'How does a scene or a story affect us, and why?' In so doing he gets to the heart of cinematic technique, explaining how film-makers use lighting, framing, focal length and editing to create their effects. Clearly written, and illustrated with over 400 stills, including numerous sequences explaining how scenes work, The Story of Film is essential reading for both film students and moviegoers alike.

The Immortal 2.9

With sales of more than 750,000 copies, the books in the GentleManners series have become the most popular gift etiquette books on the market today. This latest book in the series was written especially for boys ages 8-14, to teach them the basic skills every young man should have and every young man's mother and grandmother want him to have. Among the topics covered in this book are how to shake hands, how to make an introduction, what to do when you sneeze or cough, and how to use a napkin. It is written in a style that will appeal to young men of that age.

The Cook's Atelier

The debut cookbook from The Cook's Atelier—the international culinary destination and cooking school in Burgundy—is a beautifully photographed resource on classic French cuisine and an atmospheric chronicle of a family's life in a charming French village. Mother and daughter American expats Marjorie Taylor and Kendall Smith Franchini always dreamed of living in France. With a lot of hard work and a dash of fate, they realized this dream and cofounded The Cook's Atelier, a celebrated French cooking school in the

storybook town of Beaune, located in the heart of the Burgundy wine region. Combining their professional backgrounds in food and wine, they attract visitors from near and far with their approachable, convivial style of cooking. Featuring more than 100 market-inspired recipes and 300 exceptional photographs, this comprehensive reference is an extension of their cooking school, providing a refreshingly simple take on French techniques and recipes that every cook should know—basic butchery, essential stocks and sauces, pastry, dessert creams and sauces, and preserving, to name a few. Seasonal menus build on this foundation, collecting recipes that showcase their fresh, vegetable-focused versions of timeless French dishes, such as: Green Garlic Soufflé Watermelon and Vineyard Peach Salad Little Croques Madames Sole Meunière with Beurre Blanc and Parsleyed Potatoes Seared Duck Breast with Celery Root Puree and Chanterelles Madeleines Plum Tarte Tatin Almond-Cherry Galette Stories of food and life in the village and the unique atmosphere of the atelier accent this personal cookbook. We can almost hear the clanking of the copper pots, the hiss of the vintage espresso machine, and the merriment around the table, as we meet some of the region's best small farmers and artisanal producers and experience how Marjorie and Kendall's family works together to create this special place. More than a practical introduction to classic French cooking, this richly illustrated volume is also a distinctively designed celebration of the French art of joie de vivre and an inspirational primer on adopting elements of the French lifestyle, no matter where you live.

Fashion Lives

From Charles Frederick Worth to Nicolas Ghesquière, designers have propelled fashion from an elite craft into a cornerstone of contemporary popular culture. This brilliantly written analysis of the achievements of the 50 greatest names in international fashion explores their lives, both personal and professional, drawing on the latest academic research and on the best of fashion journalism, including the authors' own interviews with designers spanning a 30-year period. The designers' working methods and career highlights are outlined in detailed and wittily written entries that capture the spirit of their times. From Poiret and Patou to Gernreich and Galliano, the sometimes provocative selection of 50 names poses stimulating questions about the definition of a fashion designer in the modern era. A groundbreaking book, this is a definitive introduction to fashion designers that is essential reading for both students and general readers alike.

Lo Life

The Essential Garden Design Workbook guides the reader through every stage of planning a garden – how to survey a site, how to choose landscaping materials, and how to develop planting schemes. This fully revised and updated second edition features new U.S. case studies and new photographs. Valuable tips on green gardening are new to this edition, and include how to harvest rainwater, how to design a green roof, tips on sustainable planting, and a guide to composting. Tailor-made for hands-on gardeners, the workbook approach is accessible, practical, and can be used to create a garden from scratch and to redesign an existing garden. Gardeners will find easy ways to measure large spaces, estimate the height of a tree, and find the right proportions for a deck. They'll also find tips on space, light, and color. Includes hundreds of easy-to-follow line drawings and diagrams.

The Art of Pixar

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

Spiritual Leadership

In this fully revised and expanded second edition, Setting Limits author Robert MacKenzie is back with even more time-proven methods for dealing with misbehavior and creating positive, respectful, and rewarding relationships with children prone to acting out and disobedience. Disruptive misbehavior, constant power struggles, manipulative or aggressive behavior--the challenges facing parents and teachers of strong-willed children can seem overwhelming at times. That's why thousands of parents and educators have turned to the solutions in Setting Limits With Your Strong-Willed Child. This revised and expanded second edition offers the most up-to-date alternatives to punishment and permissiveness--moving

beyond traditional methods that wear you down and get you nowhere, and zeroing in on what really works so parents can use their energy in more efficient and productive ways. With fully updated guidelines on parenting tools like "logical consequences," and examples drawn directly from the modern world that children deal with each day, this is an invaluable resource for anyone wondering how to effectively motivate strong-willed children and instill proper conduct. From the Trade Paperback edition.

Wonderbook (Revised and Expanded)

The revised edition of the Blackabys' "Experiencing God" encourages business and church leaders alike to follow God's biblical design for organizational success.

Decades

Text by Winston S. Goodfellow and Beverly Rae Kimes. Foreword and Interview by Darcy Kuronen. Introduction by Ralph Lauren. Photographs by Michael Furman.

René Lacoste

Dressed up like a million-dollar trouser/ Tryin' hard to look like Gary Cooper/ Super duper —“Puttin' on the Ritz,” Irving Berlin (revised lyrics, 1946) In 1946, when Irving Berlin revised the lyrics to his 1928 “Puttin' on the Ritz” to include those memorable lines, Gary Cooper had been a star for over 15 years, and it would have been hard for most men to look as super duper. He conveyed a straightforwardness and an honest, American handsomeness that seemed to both ignore and rise above the contrived glamour and studied posturing that had characterized so many other film heroes of those early years. No matter what costume he put on, he looked like he owned it. The camera loved him, and so did the box office. But costume is one thing, and clothes are another. In his private life, and in those many early films where he wore contemporary clothes, he had devised and perfected his own debonair style

that combined a perfectly tailored European wardrobe with all-American casual sportswear to produce the first, and still finest example of elegant, international, masculine style rooted in an American ideal of the everyman as hero. From the most casual sports clothing to the most formal white tie and tails, Cooper carried himself with uncontrived conviction. Gary Cooper: An Enduring Style is the first ever monograph focused on the timeless fashion and allure of this leading man who was a fashion inspiration to his Hollywood peers, clothing designers then and now, and generations of stylish men of every social strata, across the globe. Compiled of unpublished, never-before-seen personal photographs, shot primarily by his wife Rocky, Gary Cooper captures the cars, the mansions and ranches, the guns and gear, and of course the endless outfits for every occasion that this Hollywood icon ensconced himself in throughout the years. Whether hunting with close friend Ernest Hemingway, lounging with Cary Grant, horseback, poolside, or on the beach, on-set or after-hours, in the company of royalty or cowboys, Cooper had the perfect outfit for every occasion, embodying a type of refined masculinity rarely seen and in high demand to this day.

The Great Fashion Designers

Recorded over six centuries ago, the teachings of the 14th-century Master-at-Arms Johannes Liechtenauer have been given new life by a world-wide community of modern swordsmen and women, fascinated by the elegance, efficiency and depth of his unique martial art. Christian Henry Tobler was one of the pioneers in reviving the medieval Master's art, creating the first, published syllabus for training with the two-handed longsword back in 2004. This fully rewritten, revised and expanded edition brings to bear a decade of refinement, creating a definitive, "how to" guide for students. Beginning with a short historical overview of the art, Mr. Tobler teaches stance, footwork, methods for gripping the sword, and step-by-step instructions for executing the core techniques of the Liechtenauer tradition. Additional chapters introduce students to wrestling, spear and armoured combat; demonstrating the art's depth and breadth. Heavily photo-illustrated, the book also makes use of decision-trees and training drills to aid in learning. Used as a complete, self-contained course, or a primer for studying the original medieval works themselves, this unique book will be invaluable to martial artists, reenactors, medieval historians, or anyone who has ever wondered "how did knights fight?"

The Polo Shirt

In this revised and expanded edition for the 25th anniversary of Pixar's feature films, The Art of Pixar

The Story of Film

What do we know about René Lacoste? That he was a French tennis legend, the founder of the Lacoste brand, and a remarkable inventor? Lacoste (1904–1996) was an elegant player with an acute sense of fair play, a demanding designer who revolutionized sports apparel, and a passionate engineer who invented the first tubular steel tennis racket. From the tennis court to the golf course, accompanied by family members or friends made along the way, the man called "the Alligator" was a determined visionary with an eye for authenticity and detail. René Lacoste remains to this day a timeless yet remarkably contemporary fashion icon. Published to celebrate the Lacoste brand's 85th anniversary, this lavishly illustrated work includes a wealth of photographs and archival documents, some published here for the first time, and original drawings by the renowned French illustrator Floc'h.

Computed Tomography for Technologists

Details an alternative to Lamaze childbirth that includes a more natural breathing method and a totally unmedicated birth that many second-time parents prefer.

Gary Cooper

"No topic is off-limits to Fern Mallis, award-winning creator of the Fashion Week in New York, when she hosts 'Fashion Icons with Fern Mallis' at New York's 92nd Street Y, a series of interviews with the fashion industry's most talented, successful, and legendary personalities. Featuring nineteen interviews with American fashion luminaries, this book introduces readers to the real artists behind these very public figures"--Front cover inside flap.

Freakonomics
