An Oolite Short story - Difficult to describe even in summary without giving away the plot. It's only three and a half pages long, so won't take you long. Suffice to say, things aren't always what they seem.

Replay Murder

Growing up above his parents' Chinese family restaurant in Sexsmith, Alberta, Warren Chen has always dreamed of being a football star. At 90 pounds and five feet tall, he's not exactly built like a linebacker, but even short kids from tiny towns have big dreams. At first the coach is reluctant to even let him try out, but soon he sees Warren's strengths -- he is small, slippery, and no one can catch him. Warren is named the team's new running back. In their first game of the season, the Sexsmith Shamrocks face their biggest rivals, Grande Prairie. In a breathtaking dash along the sideline, Warren reaches the end zone to score the game-winning touchdown -- almost. But Warren celebrates anyway, and the referee buys it. Sexsmith's losing streak is broken, and Warren has proven himself worthy to be on the team, a genuine football star! But he knows it's not quite the truth, and sooner or later, someone will find out. Warren has to decide whether to come clean and cost his school the victory, or continue living the smalltown football dream. [Fry reading level - 3.5]

(OCD) and his hard-won recovery. *Rewind, Replay, Repeat* is the revealing story of Jeff Bell's struggle with obsessive-compulsive disorder (OCD) and his hard-won recovery. Nagging doubt: It's a part of everyday life. Who hasn't doubled back to check on a door or appliance? But what if one check wasn't enough? Nor two or three? And what if nagging doubt grew so intense that physical senses became all but useless? Such was the case for Bell, a husband, father, and highly successful radio news anchor--and one of the millions of Americans living with obsessive-compulsive disorder (OCD). His fascinating memoir recounts the depths to which this debilitating anxiety disorder reduced him--to driving his car in continuous circles, scouring his hands in scalding water, and endlessly rewinding, replaying, and repeating in his head even the most mundane daily experiences. Readers will learn what OCD feels like from the inside, and how healing from such a devastating condition is possible through therapy, determination, and the support of loved ones.

Replay: Classic Modern Drama Reimagined spans over a century of great theatre to explore how iconic plays have been adapted and versioned by later writers to reflect or dissect the contemporary zeitgeist. Starting with *A Doll's House*, Ibsen's much-reprised masterpiece of marital relations from 1879, Toby Zinman explores what made the play so controversial and shocking in its day before tracing how later reimaginings have reworked Ibsen's original. The spine of plays then includes such landmark works as Strindberg's *Miss Julie*, Oscar Wilde's comic *The Importance of Being Earnest*, Chekhov's *Three Sisters* and *Uncle Vanya*, Hansberry's *A Raisin in the Sun*, the *Rattigan* centenary revivals, Thornton Wilder's *Our Town*, ultimately arriving at Beckett's *Waiting for Godot*. Taking each modern play as the starting point, Zinman explores the diverse renderings and reworkings by subsequent playwrights and artists --including prominent directors and their controversial productions as well as acknowledging reworkings in film, opera and ballet. Through the course of this groundbreaking study we discover not only how theatrical styles have changed but how society's attitude towards politics, religion, money, gender, sexuality and race have radically altered over the course of the century. In turn *Replay* reveals how theatre can serve as both a reflection of our times and a provocation to them.

Independent space trucker Jake McGraw, accompanied by his father, Sam, who inhabits the body of the truck itself, his "starrig," picks up a beautiful hitchhiker, Darla, and a trailer-load of trouble. One of the best of the indies, Jake knows a few tricks about following the Skyway, which connects dozens, or maybe hundreds, of planets—nobody knows how many and nobody really knows the full extent of the Skyway, and much of it remains unexplored. But somehow, a rumor gets started that Jake has a map for the whole thing, and suddenly everybody wants a piece of him: an alien race called the Reticulans; the human government known as the Colonial Assembly; and a nasty piece of work called Corey Wilkes, head of the wildcat trucker union TATOO. No matter what Jake does, no matter how many twists and turns he makes, he cannot shake any of the menaces on his tail. The Starrigger series continues with Red Limit Freeway and concludes with Paradox Alley. Starrigger was a nominee for the Locus Award for Best First Novel in 1984.

The charismatic forger immortalized in *Catch Me If You Can* exposes the astonishing tactics of today's identity theft criminals and offers powerful strategies to thwart them based on his second career as an acclaimed fraud-fighting consultant. When Frank Abagnale trains law enforcement officers around the country about identity theft, he asks officers for their names and addresses and nothing more. In a matter of hours he can obtain everything he would need to steal their lives: Social Security numbers, dates of birth, current salaries, checking account numbers, the names of everyone in their families, and more. This illustrates how easy it is for anyone from anywhere in the world to assume our identities and in a matter of hours devastate our lives in ways that can take years to recover from. Considering that a fresh victim is hit every four seconds, *Stealing Your Life* is the reference everyone needs by an unsurpassed authority on the latest identity theft schemes. Consider these sobering facts:

- Six out of ten American companies and government agencies have already been hacked.
- An estimated 80 percent of birth certificate requests are fulfilled through the mail for people using only a name and a return address.
- Americans write 39 billion checks a year, and half of them never reconcile their bank statements.
- A Social Security number costs \$49 on the black market. A driver's license goes for \$90. A birth certificate will set you back \$79.

Abagnale offers dozens of concrete steps to transform anyone from an easy mark into a hard case that criminals are likely to bypass:

- Don't allow your kids to use the computer on which you do online banking and store financial records (children are apt to download games and attachments that host damaging viruses or attract spyware).
- Beware of offers that appeal to greed or fear in exchange for personal data.
- Monitor your credit report regularly and know if anyone's been "knocking on your door."
- Read privacy statements carefully and choose to opt out of sharing information whenever possible.

Brimming with anecdotes of creative criminality that are as entertaining as they are enlightening, *Stealing Your Life* is the practical way to shield yourself from one of today's most nefarious and common crimes.
