In Pale Fire Nabokov offers a cornucopia of deceptive pleasures: a 999-line poem by the reclusive genius John Shade; an adoring foreword and commentary by Shade's self-styled Boswell, Dr. Charles Kinbote; a darkly comic novel of suspense, literary idolatry and one-upmanship, and political intrigue.

The Lampshade

It became necessary to connect all these incongruous parts and additions by the strangest galleries, halls and passages. All damages, whether inflicted by the hand of the enemy or the power of time, were quickly made good. As occasion required, they deepened the moats, raised the walls, and took care there should be no lack of towers, battlements, and embrasures. This care and these exertions gave rise to a prejudice in favour of the great importance of the fortress, and still upheld that prejudice, although the arts of building and fortification were by this time very much advanced, and people had learnt to construct much better dwellings and defences in other cases. But the old castle was chiefly held in honour because it had never been taken, because it had repulsed so many assaults, had baffled so many hostile operations, and had always preserved its virgin

How To Download eBook Shade A Tale Of Two Presidents

renown. This renown, this influence lasts even now: it occurs to no one that the old castle is become uninhabitable. Its great duration, its costly construction, are still constantly spoken of. Pilgrims wend their way to it; hasty sketches of it are shown in all schools, and it is thus recommended to the reverence of susceptible youth. Meanwhile, the building itself is already abandoned; its only inmates are a few invalids, who in simple seriousness imagine that they are prepared for war. Thus there is no question here respecting a tedious siege or a doubtful war; so far from it we find this eighth wonder of the world already nodding to its fall as a deserted piece of antiquity, and begin at once, without further ceremony, to dismantle it from gable and roof downwards; that the sun may at last shine into the old nest of rats and owls, and exhibit to the eye of the wondering traveller that labyrinthine, incongruous style of building, with its scanty, make-shift contrivances, the result of accident and emergency, its intentional artifice and clumsy repairs. Such an inspection will, however, only be possible when wall after wall, arch after arch, is demolished, the rubbish being at once cleared away as well as it can be. To effect this, and to level the site where it is possible to do so, to arrange the materials thus acquired, so that they can be hereafter again employed for a new building, is the arduous duty we have undertaken in this Second Part. Should we succeed, by a cheerful application of all possible ability and dexterity, in razing this Bastille, and in gaining a free space, it is thus by no means intended at once to cover the site again and to encumber it with a new structure; we propose rather to make use of this area for the purpose of passing in review a pleasing and varied series of illustrative figures.

Obama: An Intimate Portrait

Few growing up in the aftermath of World War II will ever forget the horrifying reports that Nazi concentration camp doctors had removed the skin of prisoners to makes common, everyday lampshades. In *The Lampshade*, bestselling journalist Mark Jacobson tells the story of how he came into possession of one of these awful objects, and of his search to establish the origin, and larger meaning, of what can only be described as an icon of terror. Jacobson ' s mind-bending historical, moral, and philosophical journey into the recent past and his own soul begins in Hurricane Katrina – ravaged New Orleans. It is only months after the storm, with America ' s most romantic city still in tatters, when Skip Henderson, an old friend of Jacobson ' s, purchases an item at a rummage sale: a very strange looking and oddly textured lampshade. When he asks what it ' s made of, the seller, a man covered with jailhouse tattoos, replies, “ That ' s made

from the skin of Jews. ” The price: \$35. A few days later, Henderson sends the lampshade to Jacobson, saying, “ You ’ re the journalist, you find out what it is. ” The lampshade couldn ’ t possibly be real, could it? But it is. DNA analysis proves it. This revelation sends Jacobson halfway around the world, to Yad Vashem in Jerusalem and to the Buchenwald concentration camp in Germany, where the lampshades were supposedly made on the order of the infamous “ Bitch of Buchenwald, ” Ilse Koch. From the time he grew up in Queens, New York, in the 1950s, Jacobson has heard stories about the human skin lampshade and knew it to be the ultimate symbol of Nazi cruelty. Now he has one of these things in his house with a DNA report to prove it, and almost everything he finds out about it is contradictory, mysterious, shot through with legend and specious information. Through interviews with forensic experts, famous Holocaust scholars (and deniers), Buchenwald survivors and liberators, and New Orleans thieves and cops, Jacobson gradually comes to see the lampshade as a ghostly illuminator of his own existential status as a Jew, and to understand exactly what that means in the context of human responsibility. One question looms as his search goes on: what to do with the lampshade—this unsettling thing that used to be someone? It is a difficult dilemma to be sure, but far from the last one, since once a lampshade of human skin enters your life, it is very, very hard to forget.

The Shades of Magic Series

St Matthias Mission 1902: 'There are men who know that when you are finished with this war of yours and have raised your flag to the glory of your Empire - the one that we, as black men, are supposed to revere for having bestowed on us education, faith, prosperity and all the other high-sounding gifts - that you will sell us out - perhaps against the advance of metaphorical cattle - and say it is expedient. You will sacrifice our rights in order to secure your peace with the Boers and shrug us off. It is for this expedience that men like Tom and Reuben and Sonwabo Pumami are dead. There will be thousands like them in the time to come. ' Against a backdrop of drought, the rinderpest pandemic, the South African War, the burgeoning gold-mining industry and the complex birth of the exploitative system of recruiting migrant labour, Shades explores the growing tensions between cultures in South Africa at the turn of the twentieth century and the deepening awareness of the black mission-educated elite, empowered by the printing press, of the need to articulate their political and spiritual beliefs. Set within the microcosm of an isolated Eastern Cape mission, Shades is not only a love story and the chronicle of a family but a sensitive and perceptive insight into the country's wider conflicts. It explores the slow but inexorable destruction of the fabric of a community, the assault on its traditions and the struggle to reconcile two faiths: the Christian and the traditional beliefs of the amaXhosa in their ancestral shades. It is the story of those far-sighted enough to seek convergence and those destined to undermine its wisdom. Primarily, Shades is an intimate tale of love, friendship, acceptance and profound loss: of life, of faith and of belonging.

of President Obama, in moments highly classified and disarmingly candid. *Obama: An Intimate Portrait* reproduces more than 300 of Souza's most iconic photographs with fine-art print quality in an oversize collectible format. Together they document the most consequential hours of the Presidency -- including the historic image of President Obama and his advisors in the Situation Room during the bin Laden mission -- alongside unguarded moments with the President's family, his encounters with children, interactions with world leaders and cultural figures, and more. Souza's photographs, with the behind-the-scenes captions and stories that accompany them, communicate the pace and power of our nation's highest office. They also reveal the spirit of the extraordinary man who became our President. We see President Obama lead our nation through monumental challenges, comfort us in calamity and loss, share in hard-won victories, and set a singular example to "be kind and be useful," as he would instruct his daughters. This book puts you in the White House with President Obama, and is a treasured record of a landmark era in American history.

Tiring of the company of junkies and burn-outs, Thomas Skelton goes home to Key West to take up a more wholesome life. But things fester in America's utter South. And Skelton's plans to become a skiff guide in the shining blue subtropical waters place him on a collision course with Nichol Dance, who has risen to the crest of the profession by dint of infallible instincts and a reputation for homicide. Out of their deadly rivalry, Thomas McGuane has constructed a novel with the impetus of a thriller and the heartbroken humor that is his distinct contribution to American prose. "Full of surprises and rewards and an exhilaration one feels only rarely." *Newsweek* on *Ninety-Two in the Shade*.
