Tome of Battle

#1 New York Times Bestseller * An Amazon Best Book of the Year There's no such thing as safe in a city at war, a city overrun with monsters. In this dark urban fantasy from acclaimed author Victoria Schwab, a young woman and a young man must choose whether to become heroes or villains—and friends or enemies—with the future of their home at stake. The first of two books, This Savage Song is a must-have for fans of Holly Black, Maggie Stiefvater, and Laini Taylor. Kate Harker and August Flynn are the heirs to a divided city—a city where the violence has begun to breed actual monsters. All Kate wants is to be as ruthless as her father, who lets the monsters roam free and makes the humans pay for his protection. All August wants is to be human, as good-hearted as his own father, to play a bigger role in protecting the innocent—but he's one of the monsters. One who can steal a soul with a simple strain of music. When the chance arises to keep an eye on Kate, who's just been kicked out of her sixth boarding school and returned home, August jumps at it. But Kate discovers August's secret, and after a failed assassination attempt the pair must flee for their lives. In This Savage Song, Victoria Schwab creates a gritty, seething metropolis, one worthy of being compared to Gotham and to the four versions of London in her critically acclaimed fantasy for adults, A Darker Shade of Magic. Her heroes will face monsters intent on destroying them from every side—including the monsters within.

The Shadow of the Torturer

The Left Hand of Darkness tells the story of a lone human emissary's mission to Winter, an unknown alien world whose inhabitants can

choose--and change--their gender. His goal is to facilitate Winter's inclusion in a growing intergalactic civilization. But to do so he must bridge the gulf between his own views and those of the completely dissimilar culture that he encounters. Exploring questions of psychology, society, and human emotion in an alien world, *The Left Hand of Darkness* stands as a landmark achievement in the annals of science fiction.

This Savage Song

A former evil villain is out to save the realm he once tried to conquer in this "action-packed" debut fantasy with "an intriguingly twisty plot" (Booklist). In the realm of Imphallion, there once was a nightmare known only as the Terror of the East. Nigh invulnerable in his magical black armor and aided by unholy minions, he laid waste to all in his path on his all-consuming quest to take control of the land. But at the crucial moment, his will failed. His army fell. And taking a young noblewoman hostage, he vanished without a trace. Years later, Corvis Rebaine is a simple man, content with his loving wife and children. The terrible deeds of his past life are dead and buried along with his former name--until his daughter is taken by a maniacal young warlord looking to complete the Terror's conquest. Now, spurred to action by a newborn fury, Rebaine must do the unthinkable--don the dark armor once again, gather his once-loyal minions, and fight to save both the family he loves and the country he once almost destroyed. And all who stand in his way will have one final thought before death . . . The Terror has returned. "Fans of Joe Abercrombie, Scott Lynch and Patrick Rothfuss will find Ari Marmell much to their liking." -SF Site

The Book of the New Sun is unanimously acclaimed as Gene Wolfe's most remarkable work, hailed as "a masterpiece of science fantasy comparable in importance to the major works of Tolkien and Lewis" by Publishers Weekly. Shadow & Claw brings together the first two books of the tetralogy in one volume: The Shadow of the Torturer is the tale of young Severian, an apprentice in the Guild of Torturers on the world called Urth, exiled for committing the ultimate sin of his profession -- showing mercy toward his victim. Ursula K. Le Guin said, "Magic stuff . . . a masterpiece . . . the best science fiction I've read in years!" The Claw of the Conciliator continues the saga of Severian, banished from his home, as he undertakes a mythic quest to discover the awesome power of an ancient relic, and learn the truth about his hidden destiny. "One of the most ambitious works of speculative fiction in the twentieth century." -- The Magazine of Fantasy and Science Fiction At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Lexicon Urthus is an alphabetical dictionary for the complete Urth Cycle by Gene Wolfe: The Shadow of the Torturer; The Claw of the Conciliator; The Sword of the Lictor; The Citadel of the Autarch; the sequel Urth of the New Sun; the novella Empires of Foliage and Flower; the short stories "The Cat," "The Map," and "The Old Woman Whose Rolling Pin Is the Sun"; and Gene Wolfe's own commentaries in The Castle of the Otter. When the first edition was published, Science Fiction Age said: "Lexicon Urthus makes a perfect gift for any fan of [Wolfe's] work, and from the way his words sell, it appears that there are many deserving readers out there waiting." Gary K. Wolfe, in Locus, said: "A convenient and well researched glossary of names and terms. . . . It provides enough of a gloss on the novels that it almost evokes Wolfe's distant future all by itself. . . . It can provide both a useful reference and a good deal of fun." Donald Keller said, in the New York Review of Science Fiction: "A

fruitful product of obsession, this is a thorough . . . dictionary of the Urth Cycle. . . . Andre-Driussi's research has been exhaustive, and he has discovered many fascinating things . . . [it is] head-spinning to confront a myriad of small and large details, some merely interesting, others jawdropping."

Shadow of the Fox

A novel in two volumes, *The Wizard Knight* is in the rare company of those works which move past the surface of fantasy and drink from the wellspring of myth. Magic swords, dragons, giants, quests, love, honor, nobility—all the familiar features of fantasy come to fresh life in this masterful work. The first half of the journey, *The Knight* -- which you are advised to read first, to let the whole story engulf you from the beginning -- took a teenage boy from America into Mythgarthr, the middle realm of seven fantastic worlds. Above are the gods of Skai; below are the capricious Aelf, and more dangerous things still. Journeying throughout Mythgarthr, Able gains a new brother, an Aelf queen lover, a supernatural hound, and the desire to prove his honor and become the noble knight he always knew he would be. Coming into Jotunland, home of the Frost Giants, Able -- now Sir Able of the High Heart -- claims the great sword Eterne from the dragon who has it. In reward, he is ushered into the castle of the Valfather, king of all the Gods of Skai. Thus begins the second part of his quest. *The Wizard* begins with Able's return to Mythgathr on his steed Cloud, a great mare the color of her name. Able is filled with new knowledge of the ways of the seven-fold world and possessed of great magical secrets. His knighthood now beyond question, Able works to fulfill his vows to his king, his lover, his friends, his gods, and even his enemies. Able must set his world right, restoring the proper order among the denizens of all the seven worlds. *The Wizard* is a charming, riveting, emotionally charged tale of wonders, written with all the beauty one would expect from a writer whom Damon Knight called "a national treasure." If you've never sampled the works of the man Michael Swanwick described as "the greatest writer in the English language alive today," the two volumes of *The Wizard Knight* are the perfect place to start.
