Finding God in a Galaxy Far, Far Away

For over twenty-five years John Piper has trumpeted the truth that "God is most glorified in us when we are most satisfied in him." He calls it Christian Hedonism. The problem is that many people, after being persuaded, find that this truth is both liberating and devastating. It's liberating because it endorses our inborn desire for joy. And it's devastating because it reveals that we don't desire God the way we should. What do you do when you discover the good news that God wants you to be content in him, but then find that you aren't? If joy in God were merely the icing on the cake of Christian commitment, this book would be insignificant. But Piper argues that joy is so much more. Our being satisfied in God is necessary to show God's worthiness and to sustain sacrifices of love. Jesus endured the cross for the joy that was set before him. He tasted it. It sustained him through the deepest suffering. His Father was glorified. His people were saved. That is what joy in God does. The absolutely urgent question becomes: What can I do if I don't have it? With a pastor's heart and with radical passion for the glory of Christ, John Piper helps you answer that question.

So Far from God: A Novel

A depressed would-be groom and a runaway with a dark past collide and make a split second decision to marry. Marriage seems the only answer to both of their problems. Brian just wants a wife and a family. Aria needs safety, home, and as far away from her past as she can get. At first Aria's only logical solution is to marry the first man that proposes, but once she gets to know him she realizes what a mistake that was. Too bad they've already said "I do" After much convincing from Brian, Aria decides to head home to Iowa with him and attempt to make it work. Will Iowa be far enough away from Las Vegas and her dark past, or will it all catch up to her and prove to be too much for them to handle together? This is a story of faith, love, forgiveness, redemption and God's unfailing mercy and love for us, no matter who we've been in the past. No Deal Breakers is a stand alone in the Hanesworth Series. While all of the books take place in the same small town and feature some familiar faces, they can be read alone.

Oliver Cromwell

Coming Out, Then Coming Home Christopher Yuan, the son of Chinese immigrants, discovered at an early age that he was different. He was attracted to other boys. As he grew into adulthood, his mother, Angela, hoped to control the situation. Instead, she found that her son and her life were spiraling out of control—and her own personal demons were determined to defeat her. Years of heartbreak, confusion, and prayer followed before the Yuans found a place of complete surrender, which is God's desire for all families. Their amazing story, told from the perspectives of both mother and son, offers hope for anyone affected by homosexuality. God calls all who are lost to come home to him. Casting a compelling vision for holy sexuality, Out of a Far Country speaks to prodigals, parents of prodigals, and those wanting to minister to the gay community. "But while he was still a long way off, his father saw him and felt compassion, and ran and embraced him and kissed him." - Luke 15:20 Includes a discussion guide for personal reflection and group use.

Stealing from God

The Sunday Times bestseller from international bestseller John Grisham. 'Grisham at his passionate best' - Daily Mail He was framed for murder. Now he needs a miracle. 22 years ago Quincy Miller was sentenced to life without parole. He was accused of killing Keith Russo, a lawyer in a small Florida town. But there were no reliable witnesses and little motive. Just the fact that Russo had botched Quincy's

divorce case, that Quincy was black in a largely all-white town and that a blood-splattered torch was found in the boot of Quincy's car. A torch he swore was planted. A torch that was conveniently destroyed in a fire just before his trial. The lack of evidence made no difference to judge or jury. In the eyes of the law Quincy was guilty and, no matter how often he protested his innocence, his punishment was life in prison. Finally, after 22 years, comes Quincy's one and only chance of freedom. An innocence lawyer and minister, Cullen Post, takes on his case. Post has exonerated eight men in the last ten years. He intends to make Quincy the next. But there were powerful and ruthless people behind Russo's murder. They prefer that an innocent man dies in jail rather than one of them. There's one way to guarantee that. They killed one lawyer 22 years ago, and they'll kill another without a second thought. Praise for John Grisham's THE GUARDIANS: 'A canny and engrossing blend of two types of Grisham novel: enough of the familiar formula of a single lawsuit in a single town, mixed with a more picaresque and multistranded approach that has the significant advantage of taking in a wider swathe of America' - The Sunday Times 'Delivered with all his signature easy, flowing style. A past master at the art of deft characterisation and the skilful delivery of hair-raising crescendos, Grisham makes this a deceptively easy read' - Irish Independent 'This is typical Grisham: speedy, gripping, very good at conveying the complexities of the law in a digestible way' - Sunday Express 'Speedy and gripping' - Daily Mirror

Amelia's Adventure

"A delightful novel impossible to resist." -Barbara Kingsolver, Los Angeles Times Book Review Sofia and her fated daughters, Fe, Esperanza, Caridad, and la Loca, endure hardship and enjoy love in the sleepy New Mexico hamlet of Tome, a town teeming with marvels where the comic and the horrific, the real and the supernatural, reside.

God is Faithful

"Summer of Change" staged in New Mexico during the hot summer months of 1973 is filled with complex conflicts on many levels including bullying, abandonment, greed and environmental concerns. MatiLou is eleven, the brightest one in her class and an only child. She's wished for a sister and on the hottest day, PerryAnn, who is fourteen, appears on Grandma Waters' cactus farm next door. PerryAnn's grandmother sells the minerals rights under the farm and begins drinking heavily, while in the midst of grieving the loss of her only son, PerryAnn's father. The threat of external change to the beloved cactus farm looms throughout the story because three men in steel toe boots have come to stake a well right in front of Grandma Waters' house. In the midst of it all, the girls make a trek to the highest hill at the park without telling anyone they're going. Their reasons for hiking to the hill are at odds and both girls have life threatening experiences as a result the trip. Although some experiences in "Summer of Change" are based in reality, the novella is fiction and the characters are created and not meant to describe actual people.

The Confessions of St. Augustine

Nothing in Your Life Is Ordinary Your present world isn't supposed to be this small. You were made for something much bigger. And no, you don't have to be an astronaut, or even a Star Wars fan, to live it. Finding God in a Galaxy Far, Far Away is not about space travel, or even a movie. It's about rediscovering your sense of wonder—something we adults have successfully squelched from our everyday lives. But God never meant it to be that way. Timothy Jones, by way of an astounding, eye-opening study

of the spiritual parallels found in the Star Wars saga, will make you a kid again. You'll be marveling at the mysterious, laughing anew at life's "coincidences," and remembering above all the Creator for which you were made. May the True Force Be with You Remember when Star Wars first captured your imagination? How your longing for adventure propelled you to distant worlds and transformed you into a Jedi knight faster than you could say, "Luke, I am your father"? This same longing, once sparked by John Williams's triumphant score and fanned by Darth Vader's sweeping black cape, is your ticket to life's greatest adventure. Join Timothy Paul Jones on an astounding, eye-opening exploration of the spiritual themes in the Star Wars saga and the truth will become clear: Like young Luke Skywalker, you were also made for more—much more. Rediscover awe. Revel in the wonder of every moment. And pursue all you were meant to be. It is your destiny. "The Force is strong with this one. I could not recommend it more." Joshua Griffin, Editor/Owner, TheForce.Net Manager, Purpose Driven Youth Ministry "If you own a lightsaber—or a Bible—you're sure to benefit from reading his book." Kevin Miller, author and reviewer HollywoodJesus.com "'Awe-some' reading that both delights and challenges us. A fun and thoughtful book for Christians who consider and enjoy popular culture and media." Robert W. Pazmino Valeria Stone Professor of Christian Education, Andover Newton Theological School Story Behind the Book "The night I first saw Star Wars from the backseat of my parents' Ford Pinto was the first night I experienced awe. It sent me on a quest that continues today. There is, in every one of us, a longing to touch 'the forever,' to sense the magnitude of the vastness in which we live. This universal longing explains why we ride roller coasters and tell scary stories. This universal longing for awe also explains why, after nearly thirty years, the popularity of the Star Wars saga shows no sign of subsiding. I wrote this book to inspire readers to relish awe and wonder because God did not only create us to long for awe, but also to live in it!" —Timothy Jones

So Far from God: A Novel

"I am not a civil rights hero. I am a warrior, and I am on a mission from God." —James Meredith James Meredith engineered two of the most epic events of the American civil rights era: the desegregation of the University of Mississippi in 1962, which helped open the doors of education to all Americans; and the March Against Fear in 1966, which helped open the floodgates of voter registration in the South. Part memoir, part manifesto, A Mission from God is James Meredith's look back at his courageous and action-packed life and his challenge to America to address the most critical issue of our day: how to educate and uplift the millions of black and white Americans who remain locked in the chains of poverty by improving our public education system. Born on a small farm in Mississippi, Meredith returned home in

1960 after nine years in the U.S. Air Force, with a master plan to shatter the system of state terror and white supremacy in America. He waged a fourteen-month legal campaign to force the state of Mississippi to honor his rights as an American citizen and admit him to the University of Mississippi. He fought the case all the way to the Supreme Court and won. Meredith endured months of death threats, daily verbal abuse, and round-the-clock protection from federal marshals and thousands of troops to become the first black graduate of the University of Mississippi in 1963. In 1966 he was shot by a sniper on the second day of his "Walk Against Fear" to inspire voter registration in Mississippi. Though Meredith never allied with traditional civil rights groups, leaders of civil rights organizations flocked to help him complete the march, one of the last great marches of the civil rights era. Decades later, Meredith says, "Now it is time for our next great mission from God. . . . You and I have a divine responsibility to transform America."

Hope When It Hurts

From the bestselling author of *A History of God* and *The Great Transformation* comes a balanced, nuanced understanding of the role religion plays in human life and the trajectory of faith in modern times. Why has God become incredible? Why is it that atheists and theists alike now think and speak about God in a way that veers so profoundly from the thinking of our ancestors? Moving from the Paleolithic Age to the present, Karen Armstrong details the lengths to which humankind has gone to experience a sacred reality that it called God, Brahman, Nirvana, Allah, or Dao. She examines the diminished impulse toward religion in our own time when a significant number of people either want nothing to do with God or question the efficacy of faith. With her trademark depth of knowledge and profound insight, Armstrong elucidates how the changing world has necessarily altered the importance of religion at both societal and individual levels. And she makes a powerful, convincing argument for structuring a faith that speaks to the needs of our dangerously polarized age. From the Hardcover edition.

beautiful, subtle and profound as the desert itself—Arturo Islas's *The Rain God* is a breathtaking masterwork of contemporary literature. Set in a fictional small town on the Texas-Mexico border, it tells the funny, sad and quietly outrageous saga of the children and grandchildren of Mama Chona the indomitable matriarch of the Angel clan who fled the bullets and blood of the 1911 revolution for a gringo land of promise. In bold creative strokes, Islas paints an unforgettable family portrait of souls haunted by ghosts and madness--sinners torn by loves, lusts and dangerous desires. From gentle hearts plagued by violence and epic delusions to a child who can foretell the coming of rain in the sweet scent of angels, here is a rich and poignant tale of outcasts struggling to live and die with dignity . . . and to hold onto their past while embracing an unsteady future.

Breaking Pride

When a young peasant girl is injured while hunting, she meets a strange, magical man who is a member of a despised race - Mular. Truemen scorn the shape-shifting unmen for their odd, humble ways, and envy their power over the elements. Mular do not use their powers for good or evil, they simply exist, immortal and apparently purposeless. Now a scourge is sweeping the land, armies of mounted warriors who cannot be defeated are wiping out Truemankind without mercy. They are known as the Black Riders, but no one knows where they come from or why they seem bent on exterminating every man, woman and child. Talsy traps the Mular with gold, which has an odd effect on them, to make him help her, but her father intends to throw him in a Pit, from which he will be unable to escape. Talsy does not believe the Mular deserves such a fate, so she frees him and begs him to take her with him on his journey. He agrees, and they set off across Shamarese, continuing his quest to find an old hermit's lost son. There is far more at stake than Talsy realises, however, and she has innocently stumbled upon the last free Mular, who has the power to decide the fate of her race.

Tan Lejos De Dios/ So Far from God

An Anchor Books Original Cherished for her passionate fiction and exuberant essays, the author hailed by

Free Copy So Far From God A Novel

Julia Alvarez as "una storyteller de primera," and by Barbara Kingsolver in The Los Angeles Times as "impossible to resist," returns to her first love—poetry—to reveal an unwavering commitment to social justice, and a fervent embrace of the sensual world. With the poems in *I Ask the Impossible*, Castillo celebrates the strength that "is a woman buried deep in [her] heart." Whether memorializing real-life heroines who have risked their lives for humanity, spinning a lighthearted tale for her young son, or penning odes to mortals, gods, goddesses, Castillo's poems are eloquent and rich with insight. She shares over twelve years of poetic inspiration, from her days as a writer who "once wrote poems in a basement with no heat," through the tenderness of motherhood and bitterness of loss, to the strength of love itself, which can "make the impossible a simple act." Radiant with keen perception, wit, and urgency, sometimes erotic, often funny, this inspiring collection sounds the unmistakable voice of a "woman on fire" / and more worthy than stone." From the Trade Paperback edition.

Rain God

Middle Eastern immigration to Mexico is one of the intriguing, untold stories in the history of both regions. In *So Far from Allah, So Close to Mexico*, Theresa Alfaro-Velcamp presents the fascinating findings of her extensive fieldwork in Mexico as well as in Lebanon and Syria, which included comprehensive data collection from more than 8,000 original immigration cards as well as studies of decades of legal publications and the collection of historiographies from descendants of Middle Eastern immigrants living in Mexico today. Adding an important chapter to studies of the Arab diaspora, Alfaro-Velcamp's study shows that political instability in both Mexico and the Middle East kept many from fulfilling their dreams of returning to their countries of origin after realizing wealth in Mexico, in a few cases drawing on an imagined Phoenician past to create a class of economically powerful Lebanese Mexicans. She also explores the repercussions of xenophobia in Mexico, the effect of religious differences, and the impact of key events such as the Mexican Revolution. Challenging the post-revolutionary definitions of mexicanidad and exposing new aspects of the often contradictory attitudes of Mexicans toward foreigners, *So Far from Allah, So Close to Mexico* should spark timely dialogues regarding race and ethnicity, and the essence of Mexican citizenship.

A Mission from God

The Key of David is a detailed outlay of the fundamental roles each Christian needs to fulfil in being a priest, a prophet and a king. Priesthood has to do with our relationship with God, which is the primary role we carry out. Being a prophet entails receiving revelation from God, and being a king involves ruling and establishing God's kingdom on earth. Living out these three roles in full will enable Christians to fulfil their destinies, and ultimately, the corporate body of Christ will complete God's purpose for it, and God's kingdom will come on earth.

After the Fall

So many of us desire freedom - the freedom that is promised to us when we decide to follow Jesus. The freedom from the burden of our sin, the need to be "good enough," anger, jealousy, and envy. Even though we are believers we would be ashamed to say that we don't always experience peace, contentment, and joy in our life. We are looking for the grace that God has so graciously given to us to be real in our life. Breaking Pride is an eBook based on one simple truth: In order to walk in God's grace we need to tear down the the walls of pride. A lot of believers, even though saved by God's grace, are still walking in pride rather than walking in His grace. Knowing what pride is and learning to identify pride in your life is the first step to overcoming a life filled with pride. Pride is rooted in fear and leads to anger, jealousy, and envy. Sin isn't keeping us from having a relationship with the Lord, it's our pride. So many of us long to have an authentic and REAL relationship with the Lord, and we long to have the fruit of the spirit filled in our heart. Our desire is to achieve these fruits through will power. But we do not even realize that the pride that lives within our heart is what is blocking the fruit of the spirit from living within us. In Breaking Pride you will learn to identify different areas of pride in your life. Filled with encouragement, Breaking Pride will take you through a practical reading of what pride may look like in your life. Let's stop building walls of pride and start building the foundation of grace within our lives

So Far from God

So Far from God

There is no greater intimacy than "Intimacy with God". Establishing an intimate relationship with God is one of the best relationships you could ever have. I was taught this by my late Grandmother, and have since established my own personal intimate relationship with God. However, it wasn't until I reached the mature age of 30 that I realized what intimacy with God truly was. It was during many trials and tribulations of my life that caused me to seek God with my whole heart and surrender my life to Him. Before I truly established intimacy with God, I had drifted so far from Him and was living a life that was displeasing to Him. One day when I was at my lowest, I began to reflect on the things that my Grandmother had instilled in me at a very early age. I found myself on my knees crying out to God for His help. I found a church home and started attending Bible study, reading the Bible for myself, and meditating on the Word of God, and obeying His Word. The Bible tells us in Proverbs 22:6, "Train up a child in the way he should go, and when he is old, he will not depart from it". In this her first book, Tonya Raby shares her personal testimony and some of her life's experiences while on her journey of establishing "Intimacy with God". She shares scriptures from what she calls her personal toolbox (the Bible) to better help you understand how you too can establish an "Intimate Relationship with God".

Summer of Change

"God's Glass" is the life story of Joanie Callahan, a woman born with algophilia - the scientific term for masochism. But Joanie's masochism isn't just sexual - it's all of her happiness that's tied to pain. She can only feel the highest emotional joys of art, music, love, and other things through some measure of pain. Joanie's family ostracizes her for this, going so far as to get her an exorcism and have her committed to a psych ward for electro-shock therapy. Joanie is all alone in the world, until she meets a boxer named Michael who might possibly be just like her

When I Don't Desire God

La actitud de Eisenhower al narrar los hechos es de imparcialidad.

American Gods

When Noah tells his family that an unknown God is about to destroy the world and he has been instructed to build a huge ship, they start fearing for his sanity. That is until the day a group of mysterious strangers appear out of the desert claiming to have been sent by God to help Noah build his ark. As construction on the massive ship progresses, relations between Noah's family and their neighbors deteriorate into ugly confrontations and threats of violence. As the ship nears completion, it starts to rain. And then the real problems begin.

Intimacy With God

The God Delusion caused a sensation when it was published in 2006. Within weeks it became the most hotly debated topic, with Dawkins himself branded as either saint or sinner for presenting his hard-hitting, impassioned rebuttal of religion of all types. His argument could hardly be more topical. While Europe is becoming increasingly secularized, the rise of religious fundamentalism, whether in the Middle East or Middle America, is dramatically and dangerously dividing opinion around the world. In America, and elsewhere, a vigorous dispute between 'intelligent design' and Darwinism is seriously undermining and restricting the teaching of science. In many countries religious dogma from medieval times still serves to abuse basic human rights such as women's and gay rights. And all from a belief in a God whose existence lacks evidence of any kind. Dawkins attacks God in all his forms. He eviscerates the major arguments for religion and demonstrates the supreme improbability of a supreme being. He shows how religion fuels war, foments bigotry and abuses children. The God Delusion is a brilliantly argued, fascinating polemic that will be required reading for anyone interested in this most emotional and important subject.

So Far from God

Does God feel far away? There comes a time in every Christian’s life when God feels distant. This feeling can be confusing, discouraging, or even dangerous. Distant God meets us in the middle of this struggle. It helps us think rightly about what we’re experiencing and gives practical ways for drawing near to God. It answers questions like: What does it mean that God is always with me? What role do works (like devotion, confession, and repentance) have in all this? How should I handle spiritual lows and seasons of doubt? When we feel distant from God, we need voices of truth speaking into our lives. Drawing from the story of the prodigal son, Chris Nye takes us through various reasons why we may feel this way and offers encouragement along the way. This is not a book of trite answers or easy solutions, but it offers specific ways of drawing near when God feels distant. It also includes stories of Christians throughout history who have faced this issue in similar ways. Distant God is a biblical and pastoral answer to why God might feel far away and what we can (and cannot) do about it.

Abigail Walker and Jarvis Daniels are longtime sweethearts headed in opposite directions. Abby, an aspiring cellist, wants out of her humble Detroit surroundings and is willing to shed blood, sweat, and tears to make it happen. Jarvis, on the other hand, is perfectly content with life. For him there's plenty of time to become a "responsible adult." For now, he's got everything he could want: a roof over his head, a PlayStation, and the love of a good woman. When Abby's music career takes off and she moves to Chicago, Jarvis gets the boot---sort of. Abby still loves him, but his penchant for faded sweaters and meatball subs just doesn't fit into her new, sophisticated world of designer gowns and concert halls. They're in different leagues and Abby makes no qualms of reminding him of it whenever she deigns to visit him. When the couple is involved in a near-fatal car crash, they are broken, stripped, and broken again both stumbling through a journey of healing and self-discovery as they struggle to accept the merciful hand of the only One who can help them up after a fall.

Out of a Far Country

Near the end of the 21st century, corporations have replaced state and federal governments following a bitter civil war, making way for a rewritten constitution and a new America. The planet is plagued by a runaway greenhouse effect and the once exotic diseases that come with it, exposing a dramatic rift between the untreated poor and the few who can afford a highly-sophisticated regimen of nano-injections. But Abraham Trevis, the world's most influential CEO and a visionary astrophysicist, believes he has the answers to Earth's challenges. Meanwhile, Dr. Brody Springer is a lonely astronomer who leads the Delphi research team for Abraham high in the Klamath Mountains of Northern California. Delphi, a revolutionary telescope array positioned at the far end of our solar system, can explore even the deepest reaches of the known universe. Brody has always been preoccupied by this vast sea of planets and stars, but now more than ever as he copes with the unexplained death of his wife and fellow researcher, Hope-Abraham's adopted daughter. She enriched all of Brody's pursuits while Abraham had been a mentor to him. But now both are far out of reach. As Brody attempts to preserve Hope's memory through a telling series of journal entries, Delphi discovers a planet in a distant star system that was never supposed to exist-and that Hope had predicted. Brody is left to defend its ghostly truth despite his training and the skepticism of his peers, and as one cosmic mystery unfolds, other more sinister events surface closer to home. An unstoppable force is ready to strike and at stake is the vision of what humanity's future must be in a hostile universe that, through it all, still seems to offer signs of hope. A universe where a wife's love might prove stronger than gravity and faster than the speed of light.

If you think atheists have reason, evidence, and science on their side, think again! Award-winning author Dr. Frank Turek (I Don't Have Enough Faith to be an Atheist) will show you how atheists steal reason, evidence, science, and other arguments from God in trying to make their case for atheism. If that sounds contradictory, it's because it is! Atheists can't make their case without appealing to realities only theism can explain. In an engaging and memorable way, Stealing from God exposes these intellectual crimes atheists are committing and then provides four powerful reasons for why Christianity is true.

Jonas and Olivia

A portrayal of the troubled countries of Mexico, Guatemala, El Salvador and Nicaragua, as the author travels through them by train and bus. The author shows daily lives lived against a backdrop of continued and seemingly endless political friction and conflicts, in places that exhibit the contradictions inherent in an area of which Porfirio Diaz said: "Poor Mexico! So far from God, so close to the United States". It is an observation that serves as an epigraph to the book, as a means of showing how fervent Catholicism can live side by side with extreme violence, how people can show alternating friendliness and suspicion towards strangers, and how the attitudes with which Central America and the United States regard one another can be a mixture of both fear and longing.

Suffering is real. But so is hope. Kristen and Sarah have walked through, and are walking in, difficult times. So these thirty biblical reflections are full of realism about the hurts of life yet overwhelmingly full of hope about the God who gives life. This book will gently encourage and greatly help any woman who is struggling with suffering whether physical, emotional or psychological, and whether for a season or for longer. It is a book to buy for yourself, or to buy for a member of your church or friend. For anyone who is hurting, this book will give hope, not just for life beyond the suffering, but for life in the suffering. Each chapter contains a biblical reflection, with questions and prayers, and a space for journaling.
