Dave Hollis used to think that "personal growth" was just for broken people. Then he woke up. When Dave Hollis's wife, Rachel, began writing her #1 New York Times bestselling book, *Girl, Wash Your Face*, he bristled at her transparency and her willingness to talk about such intimate details of their life. But when a looming career funk, a growing drinking problem, and a challenging trek through therapy battered the Disney executive and father of four, Dave began to realize he was letting untruths about himself dictate his life. As he sank to

the bottom of his valley, he had to make a choice. Would he push himself out of his comfort zone to become the best man he was capable of being, or would he play it safe and settle for mediocrity? In *Get Out of Your Own Way*, Dave tackles topics he once found it difficult to be honest about, things like his struggles with alcohol, problems in his marriage, and his insecurities about being a dad. Dave helps us see our own journeys more clearly as he unpacks the lies he once believed—such as “I Have to Have It All Together,” “Failure Means You’re Weak,” and “If They Doesn’t Need Me, Will They Still Want Me?”—and reveals the tools that helped him change his life. Offering encouragement, challenge, and a hundred moments to laugh at himself, Dave points the way for those of us who are, like he was, skeptical of self-help but wanting something more than status quo, and helps us drop bogus ideas about who we are supposed to be and finally start living as who we really are.

Speak your partner's love language and asking for what you need according to your own language. You will start by brainstorming all the things that you could do for your partner and all the things you would like your partner to do for you. Then you will create a plan for actually doing those things each month. You will reflect on the response and feedback you get from your efforts so that you can refine your approach. Remember each language has many different dialects and what you try first may not be on target. Don't give up. Keep trying to speak the same language but in a different way. For example, spending quality time could mean doing a project together or it could mean enjoying the planning but not the actual doing of a project together. It could mean going out to dinner together or it could mean making a meal together. Only through experimentation will you figure out what fills your partner's love tank. Don't just read the book - do the work. Knowledge isn't enough to build a great relationship. The Kindle version comes with a PDF download version as well.
