Devil in the Sky

As the Federation and Cardassia Prime celebrate their strengthening ties and the Cardassian ambassador to the Federation arranges a glittering diplomatic reception, forces who oppose the alliance prepare to make their move.

Born with Teeth

Raised by unconventional Irish Catholics who knew "how to drink, how to dance, how to talk, and how to stir up the devil," Kate Mulgrew grew up with poetry and drama in her bones. But in her mother, a would-be artist burdened by the endless arrival of new babies, young Kate saw the consequences of a dream deferred. Determined to pursue her own no matter the cost, at 18 she left her small Midwestern town for New York, where, studying with the legendary Stella Adler, she learned the lesson that would define her as an actress: "Use it," Adler told her. Whatever disappointment, pain, or anger life throws in your path, channel it into the work. It was a lesson she would need. At twenty-two, just as her career was taking off, she became pregnant and gave birth to a daughter. Having already signed the adoption papers, she was allowed only a fleeting glimpse of her child. As her star continued to rise, her life became increasingly demanding and fulfilling, a whirlwind of passionate love affairs, life-saving friendships, and bone-crunching work. Through it all, Mulgrew remained haunted by the loss of her daughter, until, two decades later, she found the courage to face the past and step into the most challenging role of her life, both on and off screen. We know Kate Mulgrew for the strong women she's played--Captain Janeway on Star Trek; the tough-as-nails "Red" on Orange is the New Black. Now, we meet the most inspiring and memorable character of all: herself. By turns irreverent and soulful, laugh-out-loud funny and heart-piercingly sad, BORN WITH TEETH is the breathtaking memoir of a woman who dares to live life to the fullest, on her own terms.

Homecoming

Created by the incalculably ancient Iconians, whose transcendent technology is quantum levels beyond that of the Federation and its allies, the Gateways offer instantaneous transport across unimaginable distances. Throughout the known galaxy, from Deep Space Nine™ to the New Frontier, from the Delta Quadrant to the bridge of the Starship Enterprise™, the sudden reactivation of the Gateways has destabilized interstellar relations between planets and cultures previously separated by countless light-years. Starfleet's finest have coped with the crisis as best they can, but circumstances have forced several valiant commanders to leap through separate Gateways into the unknown. Captain James T. Kirk of the original Starship Enterprise Captain Jean-Luc Picard of Star Trek: The Next Generation® Colonel Kira Nerys of Deep Space Nine Captain Kathryn Janeway of the U.S.S. Voyager™ Captains Calhoun and Shelby of Star Trek : New Frontier Commander Nick Keller of the U.S.S. Challenger All of these heroes, for their own reasons, have taken the ultimate gamble: hurling themselves personally through a Gateway without any knowledge or forewarning of what lay beyond. Each must face their own unique challenge, struggling to find a way back to the ships and homes they left behind. And waiting behind at least one of the Gateways are the ageless Iconians themselves, the primordial architects of the mysterious portals causing chaos throughout the Milky Way galaxy. Where did they disappear to, many long eons ago, and what do they want now? The answer lies on the other side. What Lay Beyond brings the Gateways saga to a spectacular finish, in an all-star collaboration by six popular, bestselling Star Trek authors. Among them, Diane Carey, Peter David, Keith R.A. Full Circle

What began as a desperate attempt to save lives became a descent into an abyss of deception, moral compromises, and outright criminal acts, as Sisko sacrificed every ideal he held dear in order to preserve the civilization that espoused those selfsame principles. Now the aftermath of that choice is revealed for the first time as Sisko is summoned to Earth to take part in the first Allied talks to come out of the Federation's new partnership with the Romulans. But Sisko's conscience weighs heavily on him, compelling him to seek some kind of penance for what he has donewhile elements within Starfleet itself set in motion a scheme to use Elim Garak as a pawn against a human political dissident who may hold the key to the outcome of the war. one of Starfleet's finest officers, and one the Federations most celebrated citizens. Half human and half Vulcan, the book, written in Spock's own words, follows his difficult childhood on the planet Vulcan; his controversial enrollment at Starfleet Academy; his adventures with Captain Kirk and the crew of the Starship Enterprise; his diplomatic triumphs with the Klingons and Romulans; and his death and amazing resurrection on the Genesis Planet. We meet the friends he's made, the women he loved, and experience the triumphs and tragedies of a life and career that spanned a century. Despite his alien blood, his struggle to find his place in the universe is one we can all relate to.
