The Living Flame of Love - Scholar's Choice Edition

"This is a revised and expanded version of a book that has appeared in French, Italian, and Greek. It focuses on themes central to Eastern Christian worship and spiritual life and serves as an introduction to the series of six volumes of Bishop Kallistos' collected works. The opening chapter recounts the author's journey to Orthodoxy. The next two chapters provide profound and illuminating insights on death, bereavement and resurrection in Christ, and on repentance. Chapters four through seven invite us into the world of the desert ascetics and hesychast monks. Combining scholarly rigor with practical counsels on prayers, Bishop Kallistos makes the wealth of the Orthodox tradition accessible to today's Christians. The next three chapters concern personal vocation, martyrdom, spiritual guidance, and the strange path of the fool for Christ's sake. There follows a brief essay on time and eternity. The final chapter is a challenging discussion of Origen and St Gregory of Nyssa, Isaac the Syrian and Silouan the Athonite, and in conversation with them Bishop Kallistos asks, 'Dare we hope for the salvation of all?' "--Publisher's description.

Edited by Marianne Sawicki. Translated by Mary Catharine Baseheart and Marianne Sawicki. Edith Stein's analysis of the interplay between the philosophy of psychology and cultural studies, particularly psychoanalytic theory and behaviorism. "Do I have to?" is the most human of all questions. Children ask it when told to go to sleep. Adults ponder it when faced with the demands of the workplace, the family, or their own emotions and addictions. We find ourselves always poised between freedom and necessity. In this volume, her most profound and carefully argued phenomenology of human creativity, Edith Stein explores the interplay of causal constraints and motivated choices. She demonstrates that physical events and physiological processes do not entirely determine behavior; the energy deployed for living and creativity exceeds what comes to us through physical means. The human body is a complex interface between the material world and an equally real world of personal value. The body opens as well to community. Stein shows that, strictly speaking, there is no such thing as a solitary human being. Communities are reservoirs of the meaning and value that fuel both our everyday choices and our once-in-a-lifetime accomplishments. This basic fact, she argues, is the starting point for any viable political or social theory. The two treatises in this book comprise her post-doctoral dissertation that Stein wrote to qualify for a teaching job at a German university just after the First World War. They ring with the joy, hope, and confidence of a brilliant young scholar. Today they continue to challenge the major schools of twentieth-century psychology and cultural studies, particularly psychoanalytic theory and behaviorism. Here, too, is the intellectual manifesto of a woman who would go on to

St. Teresa of Avila The Way of Perfection: Study Edition

“ Methamphetamine was a huge part of this case . . . It was a horrible murder driven by drugs. ” — Prosecutor Cal Rerucha, who convicted Matthew Shepard's killers On the night of October 6, 1998, twenty-one-year-old Matthew Shepard left a bar with two alleged “ strangers, ” Aaron McKinney and Russell Henderson. Eighteen hours later, Matthew was found tied to a log fence on the outskirts of town, unconscious and barely alive. Overnight, a politically expedient myth took the place of important facts. By the time Matthew died a few days later, his name was synonymous with anti-gay hate. The Book of Matt, first published in 2013, demonstrated that the truth was in fact far more complicated – and daunting. Stephen Jimenez ’ s account revealed primary documents that had been under seal, and gave voice to many with firsthand knowledge of the case who had not been heard from, including members of law enforcement. In his Introduction to this updated edition, journalist Andrew Sullivan writes: “ No one wanted Steve Jimenez to report this story, let alone go back and

back to Laramie, Wyoming, asking awkward questions, puzzling over strange discrepancies, re-interviewing sources, seeking a deeper, more complex truth about the ghastly killing than America, it turned out, was prepared to hear. It was worse than that, actually. Not only did no one want to hear more about it, but many were incensed that the case was being re-examined at all. ” As a gay man Jimenez felt an added moral imperative to tell the story of Matthew ’ s murder honestly, and his reporting has been thoroughly corroborated. “ I urge you to read [The Book of Matt] carefully and skeptically, ” Sullivan writes, “ and to see better how life rarely fits into the neat boxes we want it to inhabit. That Matthew Shepard was a meth dealer and meth user says nothing that bad about him, and in no way mitigates the hideous brutality of the crime that killed him; instead it shows how vulnerable so many are to the drug ’ s escapist lure and its astonishing capacity to heighten sexual pleasure so that it ’ s the only thing you want to live for. Shepard was a victim twice over: of meth and of a fellow meth user. ”

The Collected Works of St John of the Cross

The third volume of The Collected Works of William Howard Taft imparts an appreciation of the range of the twenty-seventh president's interests. Beginning with his inaugural address and concluding with a detailed exposition of governmental expenses and needed economies, President William Howard Taft showed himself willing to tackle the routine as well as the rarified responsibilities of executive rule. Whether he was addressing the issue of strikes and labor unions or conservation, President Taft consistently demonstrated that, in word and action, he was prepared to be a modern president. What impresses the reader of these remarks is Taft's willingness to administer to virtually every part of the nation, thereby proving that he was not a mere figurehead but a chief executive truly concerned about problems across the country. Perhaps, as his words here indicate, Taft was not a good politician after all but a kind man who saw himself as president of all the people. As the first of two volumes directly related to Taft's tenure as president, Presidential Addresses and State Papers documents a pivotal time in the public life of this man from Ohio. Introduced by a commentary from the general series editor Professor David H. Burton, the third volume of The Collected Works of William Howard Taft underscores the presidential stature of William Howard Taft.

A Study Edition, with Introduction, Commentary, Discussion Questions, Glossary, and a fully linked Index. St. Teresa of Avila is an unsurpassed teacher of Christian prayer and spirituality, and in *The Way of Perfection* she is at her best. Now, with the help of this study edition, everyone can enjoy the benefits of her wisdom. In *The Way of Perfection*, St. Teresa gives practical counsels and advice on prayer, destined originally for the few nuns who embraced the reformed Carmelite life she established. As a handbook for spiritual formation, it presented them with the basic Christian spirituality undergirding their Constitutions and Rule. Over the centuries, the book's appeal has reached far beyond the walls of Carmelite monasteries, and *The Way of Perfection* has become a spiritual classic. More and more today, Teresa's instructions speak to all those interested in prayer, providing them with basic guidelines for praying and showing how to avoid potential pitfalls. But as the readership and interest grow, so does the need for some help in working with this sixteenth-century text. The principles and teachings in Teresa's book, first presented within the limited horizons of her own situation, clearly lend themselves to broader applications, and can work well in all walks of life. This study edition-with its

introduction, commentary, notes, discussion questions, glossary, and a fully linked Index-provides what is needed to assist contemporary readers in making these applications and delving more deeply into the text's spiritual riches.

Aspaas, Barbara Robidoux, Elizabeth Lee, Ana June, Israel Francisco Haros Lopez, Ariel Gore, Darryl Lorenzo Wellington, Candace Walsh, Hida Vilorio, Cornelia Read, Miriam Sagan, James Reich, Kevin Atkinson, Katie Johnson, and Tomas Moniz. From the introduction by Ariel Gore: The stories in this collection reflect a fundamental truth about this city: history depends on who's telling it. Too often the story of Santa Fe has been told only by the conquerors and the tourism PR firms. In *Santa Fe Noir*, you will hear the voices of the others: locals and Native people, unemployed veterans and queer transplants, the homeless and the paroled-to-here. When I asked the contributors you'll read in these pages if they had a Santa Fe story to tell, they invariably shrugged and said something to the effect of, "Oh, I've got a story all right. But it might not fit the image of Santa Fe you're looking for." I said, "Try me." They came back with the stories that never make the glossy tour brochures: the working class and the underground, the decolonized and the ever-haunted; the Santa Fe only we know Conquered and reconquered, colonized and commodified, Santa Fe understands--from historical genocide to the murders of family members--the intimacy of violence.

The Thrill of the Chase

To help celebrate the fourth centenary of the birth of St. John of the Cross in 1542, Edith Stein received the task of preparing a study of his writings. She uses her skill as a philosopher to enter into an illuminating reflection on the difference between the two symbols of cross and night. Pointing out how entering the night is synonymous

with carrying the cross, she provides a condensed presentation of John's thought on the active and passive nights, as discussed in *The Ascent of Mount Carmel* and *The Dark Night*. All of this leads Edith to speak of the glory of resurrection that the soul shares, through a unitive contemplation described chiefly in *The Living Flame of Love*. In the summer of 1942, the Nazis without warrant took Edith away. The nuns found the manuscript of this profound study lying open in her room.

At the Precipice explores the question many of us have asked ourselves: What kind of world are we leaving to our children? The realities of climate change consume the media and keep us up at night worrying about the future. But in New Mexico and the larger Southwest, climate change has been silently wreaking havoc: average temperatures in the Upper Rio Grande Basin are increasing at double the global average, super fires like Las Conchas have devastated mountains, and sections of the Rio Grande are drying up. Laura Paskus has tracked the issues of climate change at both the state and federal levels. She shares the frightening truth, both in terms of what is happening in nature and what is not happening to counteract the mounting crisis. She writes, “ I wonder about the coming world. Which trees will grow, which birds will have survived. . . . The door to that new world has opened. And there ’ s no going back. ” And yet our future is not yet determined—or is it?

"When we consider how much the philosophers of this world have labored, we should be ashamed to be inferior to them"; "We should seek always to comprehend by reason what we hold by faith." Richard of St. Victor. His works fall into the three classes of dogmatic, mystical, and exegetical. In the first, the most important is the treatise in six books on the Trinity, with the supplement on the attributes of the Three Persons, and the treatise on the Incarnate Word. But greater interest now belongs to his mystical theology, which is mainly contained in the two books on mystical contemplation, entitled respectively "Benjamin Minor" and "Benjamin Major," and the allegorical treatise on the Tabernacle. He carries on the mystical doctrine of Hugh, in a somewhat more detailed scheme, in which the successive stages of contemplation are described. Assemble here are, for the first time in English, his most important and essential works together in a single volume.

The Life of Pico

Painting prolifically for nearly three decades, artist Christopher St. Leger has created a luminescent body of work that exhibits an artist's evolving mastery of light and mood. The resulting collection is a journey through places that somehow exist in both familiarity and ambiguity. Warm watercolor and oil vignettes that extract wonder from the mundane; that summon majesty from the ordinary. Beautiful moments that reveal the tension in the ostensibly serene; that miraculously invoke the ephemeral to stand still. St. Leger's work also displays an artist's thoughtful command of craft and persistent preoccupation with dimension and place. Each image is a study of technical dimensions - the measurable extent of how something is defined in relation to physical space, but also existential dimensions - the unspoken depth of the moment at hand. And each image is a philosophical survey of place - a personal voyage through the everyday places that exist around us, but also a deeply personal journey seeking

to understand his own place in the world. More so, by surveying St. Leger's entirety of work, we come to understand how joyful and essential he has deemed the act of painting. We discover a self-taught artist deeply loyal to his creative calling and stringently dedicated to practicing his craft. Highlighted in the following pages is the result of that dedication. A collection that not only reveals St. Leger's impressive creative and technical evolutions, but also his subtle internal evolutions that resonate deeply with those who engage with his work.

The Collected Works of St. Teresa of Avila Volume 1 [includes The Book of Her Life, Spiritual Testimonies and the Soliloquies]

This volume contains two of Teresa's most popular works: The Way of Perfection and The Interior Castle. Shortly after writing The Book of Her Life for her confessor, St. Teresa wrote The Way of Perfection at the request of her nuns who were eager to learn about prayer and contemplation. Throughout this work she teaches her nuns about prayer and also teaches us. Toward the end of her life, after she had experienced both the spiritual betrothal and spiritual marriage, Teresa wrote The Interior Castle, her own panoramic view of her relationship with God, from the lowest stages to the highest. Teresa here demonstrates her great gift for writing about that relationship and attracting us to explore the possibility of pursuing it. Along with these two classics, Volume Two also includes one of Teresa's minor works, her

“ Earth Keeper is a prayer for continuity in these days of uncertainty. I cannot tell you why I loved this book, I can only tell you I wept my way through it. Each page brought me closer to myself, a self I had lost in the pandemic. We need Scott Momaday's calm, clear prose and stories. Words are medicine. There is wisdom in sharing what one knows, especially at a time when we know so little. ‘ Let me say my heart, ’ he says. And he does. ” — Terry Tempest Williams, author of *Erosion: Essays of Undoing* A beautifully written and poignant tribute to the Earth, from Pulitzer Prize-winning novelist and poet N. Scott Momaday. One of the most distinguished voices in American letters, N. Scott Momaday has devoted much of his life to celebrating and preserving Native American culture, especially its oral tradition. A member of the Kiowa tribe who was born and grew up on Indian reservations throughout the Southwest, Momaday has an intimate connection to the land he knows well and loves deeply. In *Earth Keeper: Reflections on the American Land*, he reflects on his native ground and its influence on his people. “ When I think about my life and the lives of my ancestors, I am inevitably led to the conviction that I, and they, belong to the American land. This is a declaration of belonging. And it is an offering to the earth. ” he writes. Momaday recalls stories of his childhood, stories that have been passed down through generations, stories that reveal a profound and sacred connection to

the American landscape and a reverence for the natural world. In this moving and lyrical work, he offers an homage and a warning. Momaday reminds us that the Earth is a sacred place of wonder and beauty; a source of strength and healing that must be protected before it ' s too late. As he so eloquently yet simply expresses, we must all be keepers of the Earth.

Earth Keeper

Overview: To help celebrate the fourth centenary of the birth of St. John of the Cross in 1542, Edith Stein received the task of preparing a study of his writings. She uses her skill as a philosopher to enter into an illuminating reflection on the difference between the two symbols of cross and night. Pointing out how entering the night is synonymous with carrying the cross, she provides a condensed presentation of John's thought on the active and passive nights, as discussed in *The Ascent of Mount Carmel* and *The Dark Night*. All of this leads Edith to speak of the glory of resurrection that the soul shares, through a unitive contemplation described chiefly in *The Living Flame of Love*. In the summer of 1942, the Nazis without warrant took Edith away. The nuns found the manuscript of this profound study lying open in her room. Because of the Nazis' merciless persecution of Jews in Germany, Edith Stein traveled discreetly across the border into Holland to find safe harbor in the Carmel of Echt. But the Nazi invasion of Holland in 1940 again put Edith in danger. The cross weighed down heavily as those of Jewish birth were harassed. Sr. Teresa Benedicta

of the Cross's superiors then assigned her a task they thought would take her mind off the threatening situation. The fourth centenary of the birth, of St. John of the Cross (1542) was approaching, and Edith could surely contribute a valuable study for the celebration. It is no surprise that in view of her circumstances she discovered in the subject of the cross a central viewpoint for her study. A subject like this enabled her to grasp John's unity of being as expressed in his life and works. Using her training in phenomenology, she helps the reader apprehend the difference in the symbolic character of cross and night and why the night-symbol prevails in John. She clarifies that detachment is designated by him as a night through which the soul must pass to reach union with God and points out how entering the night is equivalent to carrying the cross. Finally, in a fascinating way Edith speaks of how the heart or fountainhead of personal life, an inmost region, is present in both God and the soul and that in the spiritual marriage this inmost region is surrendered by each to the other. She observes that in the soul seized by God in contemplation all that is mortal is consumed in the fire of eternal love. The spirit as spirit is destined for immortal being, to move through fire along a path from the cross of Christ to the glory of his resurrection.
