The Fiends of Nightmaria is a new novella from New York Times bestselling author Steven Erikson, set in the world of the Malazan Book of the Fallen. The king is dead, long live King Bauchelain the First, crowned by the Grand Bishop Korbil Broach. Both are, of course, ably assisted in the running of the Kingdom of Farrog by their slowly unravelling servant, Emancipor Reese. However, tensions are mounting between Farrog and the neighboring country of Nightmaria, the

mysterious home of the Fiends. Their ambassador, Ophal D Neeth Flatroq, seeks an audience with King Bauchelain, who has thus far rebuffed his overtures. But the necromancer has some other things on his plate. To quell potential rebellion nearly all the artists, poets, and bards in the city have been put to death. A few survivors languish in the dungeons, bemoaning their fates. Well, just moaning in general really and maybe plotting escape and revenge. Bitter Seeds

Set in an alternate nineteenth century, muskets and magic are weapons to be feared in the first “spectacular epic” (Fantasy Book Critic) in Django Wexler’s Shadow Campaigns series. Captain Marcus d’Ivoire, commander of one of the Vordanai empire’s colonial garrisons, was serving out his days in a sleepy, remote outpost—until a rebellion left him in charge of a demoralized force clinging to a small fortress at the edge of the desert. To flee from her past, Winter Ihernglass masqueraded as a man and enlisted as a ranker in the Vordanai Colonials, hoping only to avoid notice. But when chance sees her promoted to command, she must lead her men into battle against impossible odds. Their fate depends on Colonel Janus bet Vhalnich. Under his command, Marcus and Winter feel the tide turning and their

allegiance being tested. For Janus's ambitions extend beyond the battlefield and into the realm of the supernatural—a realm with the power to reshape the known world and change the lives of everyone in its path.

The Shadow Throne

Captain Tamas is an ambitious young officer in the Adran army. As a commoner, he is one of very few without noble blood to hold a rank. But that was before Nels died, murdered outside his home by a mysterious figure. Now the young hero has awoken as a ghost, invisible to all around him save one person -- his only hope for understanding what happened to him -- the kingdom's heir, Princess Tyra. At first the spoiled royal wants nothing to do with Nels, but as the mystery of his death unravels, the two find themselves linked by a secret, and an enemy who could be hiding behind any face. Items in stores float without the need for shelves, fires warm but don't burn people, and ponds are windows to other worlds. Green trees and bushes are everywhere and vines grow so fast you can see it. In Dovera, castles are carved out of mountains and cliffs of red sand tower above the valleys. In Dovera, trees talk and move and laugh and dance. Welcome to a world where love is stronger than hate and good wins over evil. This breathtaking story is filled with anticipation and accomplishment, and a little hint of love. It is a great story for all who fantasize about heroic rescues and heroines that are honest, pure and true. Welcome to my world of fantasy, in The Morning Star. -G. Davidson (Author)

commoner), and Scarlett (a secret magus), do just that. Meanwhile, a dark force has plans for the holiday as well. As the young Merithians enact their escape, the Dregs send their werewolves to begin an invasion. The unexpected attack forces the friends into an uneasy alliance with one of Merith's soldiers, Cord, someone with a secret of his own. and keep his friends—and himself—from the guillotine. Occurs twenty-two years before the events in *Promise of Blood*.

War Dogs

David Hair is the award-winning writer of two young adult fiction series, *The Aotearoa* and *The Return of Ravana* (based on the Vedic epic *The Ramayana*). *Mage's Blood*, the first volume of a series called *The Moontide Quartet*, is Hair's first work of adult fantasy. In a starred review of *Mage's Blood*, *Publisher's Weekly* said, "This multilayered beginning to the *Moontide Quartet* plunges readers into a taut network of intrigue and mystery that tightens with each chapter. Hair portrays a stark and beautiful world breaking apart, with both good and evil characters desperate to reshape it through magic, war, and treachery. This strong debut should draw in fantasy readers of all stripes." Most of the time the *Moontide Bridge* lies deep below the sea, but every twelve years the tides sink and the bridge is revealed, its gates open for trade. The Magi are hell-bent on ruling this new world, and for the last two *Moontides* they have led armies across the bridge on "crusades of conquest." Now, the third *Moontide* is almost here, and this time the people of the East are ready for a fight but it is three seemingly ordinary people that will decide the fate of the world.

Opprobrium

War has erupted in the Banished Lands as the race for power intensifies. Corban flees his homeland searching for peace, but he soon discovers that there is no haven in the west as the agents of Rhin and roaming bands of giants hound his every step. Veradis leaves the battleground and rushes to his King's side. But he has witnessed both combat and betrayal and his duty weighs heavily upon him. Maquin seeks only revenge, but pirate slavers and the brutal world of pit-fighting stand in his way. Nathair becomes embroiled in the wars of the west as Queen Rhin marches against King Owain. The need to find the cauldron of the giants drives him on. Sides are chosen and oaths will be fulfilled or broken in a land where hell has broken loose.

The Autumn Republic

Emperor Cynead has usurped command of the Memoridons—Tower-controlled memory witches—and consolidated his reign over the Syldoonian Empire. After escaping the capital city of Sunwrack, Captain Braylar Killcoin and his Jackal company evade pursuit across Urglovia, tasked with reaching deposed emperor Thumarr and helping him recapture the throne.

Braylar's sister, Soffjian, rejoins the Jackals and reveals that Commander Darzaak promised her freedom if she agreed to aid them in breaking Cynead's grip on the other Memoridons and ousting him. Imperial forces attempt to intercept Braylar's company before they can reach Thumarr. The Jackals fight through Cynead's battalions but find themselves trapped along the Godveil. Outmaneuvered and outnumbered, Braylar gambles on some obscure passages that Arki has translated and uses his cursed flail, Bloodsunder, to part the Godveil, leading the Jackals to the other side. There, they encounter the ruins of human civilization, but they also learn that the Deserters who abandoned humanity a millennium ago and created the Veil in their wake are still very much alive. But are they gods? Demons? Monsters? What Braylar, Soffjian, Arki, and the Jackals discover beyond the Godveil will shake an empire, reshape a map, and irrevocably alter the course of history.
