The Story of the Good Little Boy

We are, indeed, lucky to inhabit the world with Bette and her team. Her impact is inspiring, and her resolve even more so because, like so many true heroes, again and again, she willingly stepped outside of her life and into the lives of others when it was needed the most; and while she makes it sound easy, make no mistake, to feel, give, and love as fully as Bette has involves extreme sacrifice. Thank you, Bette. Betsy Banks Saul CEO Heal House Call Veterinarian Founder Petfinder.com and 911FosterPets.com "The stories Bette Anderson shares in -Home At Last- True Lost Dog Stories are heart-warming and inspiring. Bette and her team combined remarkable instincts, sleuthing skills, tenacity, and compassion to make many families whole again. While others may have written off these pleas for help saying, 'It's just a dog,' Bette knew these were lost family members and took up each challenge as a personal crusade. Others would have been defeated by extreme weather conditions and downright bad odds but not this team! There are angels among us, and Bette and her team are chief amongst them. Having been in animal welfare work, I've seen and lived stories that could harden the softest of souls. Even so, Bette's book

elicited more tears than this old dog should have left to shed. I know -Home At Last-True Lost Dog Stories will inspire others to get more involved in helping their neighbors—two and four-legged alike.” Jim Tedford, CAWA President and CEO Society of Animal Welfare Administrators (SAWA) “I found myself pulled into the reality of each dog’s story in such a way that it seemed I was right there with the people who made a difference. Feeling the angst of each situation, followed by an uplifting resolution was heartwarming. Indeed, there are real guardian angels amongst us, helping lost pets. It is rare to discover individuals as dedicated as those portrayed in this book.” Darlene Larson ASPCA Senior Director, Community Initiatives (Retired)

The Dog of the Marriage

When Palmer Stoa notices the black pickup truck following him on the

highway, he fears his precious Range Rover is about to be carjacked. But Twilly Spree, the man tailing Stoa, has vengeance, not sport-utility vehicles, on his mind. Idealistic, independently wealthy and pathologically short-tempered, Twilly has dedicated himself to saving Florida's wilderness from runaway destruction. He favors unambiguous political statements -- such as torching Jet-Skis or blowing up banks -- that leave his human targets shaken but re-educated. After watching Stoa blithely dump a trail of fast-food litter out the window, Twilly decides to teach him a lesson. Thus, Stoa's prized Range Rover becomes home to a horde of hungry dung beetles. Which could have been the end to it had Twilly not discovered that Stoa is one of Florida's cockiest and most powerful political fixers, whose latest project is the "mallng" of a pristine Gulf Coast island. Now the real Hiaasen-variety fun begins . . . Dognapping eco-terrorists, bogus big-time hunters, a Republicans-only hooker, an infamous ex-governor who's gone back to nature, thousands of singing toads and a Labrador retriever greater than the sum of his Labrador parts -- these are only some of the denizens of Carl Hiaasen's outrageously funny new novel. Brilliantly twisted entertainment wrapped around a powerful ecological plea, Sick Puppy gleefully lives up to its title and gives us Hiaasen at his riotous and muckraking best. BONUS: This edition includes an excerpt from Carl Hiaasen's Bad Monkey.

bailouts—ultimately saving the life of his owner and dearest friend. In the winter of 1939 in the cold snow of no-man’s-land, two loners met and began an extraordinary journey that would turn them into lifelong friends. One was an orphaned puppy, abandoned by his owners as they fled Nazi forces. The other was a different kind of lost soul—a Czech airman bound for the Royal Air Force and the country that he would come to call home. Airman Robert Bozdech stumbled across the tiny German shepherd—whom he named Ant—after being shot down on a daring mission over enemy lines. Unable to desert the puppy, Robert hid Ant inside his jacket as he escaped. In the months that followed, the pair would save each other’s lives countless times as they flew together with RAF Bomber Command. Finally grounded after being injured on a flight mission, Ant refused to abandon his duty, waiting patiently beside the runway for his master’s return from every sortie, and refusing food and sleep until they were reunited. By the end of the war, Robert and Ant had become true war heroes, and Ant was justly awarded the Dickin Medal, the “Animal VC.” With beautiful vintage black-and-white photos of Robert and Ant, *The Dog Who Could Fly* is a deeply moving story of loyalty in the face of adversity and the unshakable bond between a man and his best friend.

As an unabashed dog lover, Alexandra Horowitz is naturally curious about what her dog thinks and what she knows. As a cognitive scientist she is intent on understanding the minds of animals who cannot say what they know or feel. This is a fresh look at the world of dogs -- from the dog's point of view. The book introduces the reader to the science of the dog -- their perceptual and cognitive Abilities -- and uses that introduction to draw a picture of what it might be like to be a dog. It answers questions no other dog book can -- such as: What is a dog's sense of time? Does she miss me? Want friends? Know when she's been bad? Horowitz's journey, and the insights she uncovered from studying her own dog, Pumpernickel, allowed her to understand her dog better, and appreciate her more through that understanding. The reader will be able to do the same with their own dog. This is not another dog training book. Instead, Inside of a Dog will allow dog

owners to look at their pets' behaviour in a different, and revealing light, enabling them to understand their dogs and enjoy their relationship even more.

Owls in the Family

We love them with all our hearts, but do we really know where our dogs came from? Kim Kavin, author of *Little Boy Blue*, reveals the complex network behind the \$11 billion-a-year business of selling dogs. A must-read for the benefit of all dogs, everywhere. In what promises to become an Omnivore's Dilemma for dog lovers—breed devotees and adoption advocates alike—*The Dog Merchants* is the first book to explain the complex and often surprisingly similar business practices that extend from the American Kennel Club to local shelters, from Westminster champions to dog auctions. Without judging dog lovers of any stripe, *The Dog Merchants* makes it clear that money spent among these dog merchants has real-world effects on people and canines. Kavin reveals how dog merchants create markets for dogs, often in defiance of the usual rules of supply and demand. She takes an investigative approach and meets breeders and rescuers at all levels, shedding much-needed light on an industry that most people don't even

realize is an industry. Kavin's goal is to advance the conversation about how all dogs are treated, from puppy mills to high-kill shelters. She shows that a great deal can be improved by understanding the business practices behind selling dogs of all kinds. Instead of pitting rescue and purebred people against each other, The Dog Merchants shows how all dog lovers can come together with one voice as consumers, on behalf of all our beloved companions.

This is more than a tale of mutual rescue. This is an epic story of friendship and strength. Eric was 150 pounds overweight, depressed, and sick. After a lifetime of failed diet attempts, and the onset of type 2 diabetes due to his weight, Eric went to a new doctor, who surprisingly prescribed a shelter dog. The two adopted each other and began an incredible journey together, forming a bond of unconditional love that forever changed their lives. Over the next year, just by going on walks, playing together, and eating plant-based foods, Eric lost 150 pounds, and Peety lost 25. As a result, Eric reversed his diabetes, got off all medication, and became happy and healthy for the first time in his

life -- eventually reconnecting with and marrying his high school sweetheart. WALKING WITH PEETY is for anyone ready to make a change in his or her life, and for everyone who knows the joy, love, and hope that dogs can bring.

The Boat Who Wouldn't Float

Amy Hempel's compassion, intensity, and illuminating observations have made her one of the most distinctive and admired modern writers. In three stunning books of stories, she has established a voice as unique and recognizable as the photographs of Cindy Sherman or the brushstrokes of Robert Motherwell. The Dog of the Marriage, Hempel's fourth collection, is about sexual obsession, relationships gone awry, and the unsatisfied longings of everyday life. In "Offertory," a modern-day Scheherazade entertains and manipulates her lover with stories of her sexual encounters with a married couple as a very young woman. In "Reference # 388475848-5," a letter contesting a parking ticket becomes a beautiful and unnerving statement of faith. In "Jesus Is Waiting," a woman driving to New York sends a series of cryptically honest postcards to an old lover. And the title story is a heartbreaking tale about the objects and animals and unmired desires that are left behind after death or divorce. These nine stories teem

with wisdom, emotion, and surprising wit. Hempel explores the intricate psychology of people falling in and out of love, trying to locate something or someone elusive or lost. Her sentences are as lean, original, and startling as any in contemporary fiction.

Moving between settings at home and abroad, in vivid language that reflects the wonder and discontent of war, Mackin draws the reader into a series of surreal, unsettling, and deeply human episodes. a hundred-acre farm in the Housatonic Valley of northwest Connecticut. Resistant at first, he called around trying to find an owner whose dog had gone missing—with no luck. Finally, with the encouragement of his wife and haunted by memories of his childhood collie, Borland brought some scraps of leftover steak outside. This was his introduction to Pat, a miserable, half-starved, but deeply trusting black-and-white foxhound mutt. Pat would soon become a member of the family, accompanying Borland on hunts and terrorizing the local woodchuck population—and teaching him that sometimes our most immediate connection to the natural world is through the animals we live with. A longtime journalist and a winner of the John Burroughs Medal for distinguished nature writing, Borland tells the tale of the time he shared with Pat in this touching true story that “will appeal to many sportsmen and to all people who have ever been closely attached to a dog” (The New York Times Book Review).
