Gentleman's Guide to Beard

For centuries, men have been growing and styling their facial hair, whether for the sake of

Read Free The Gentlemans Guide To Grooming The Quintessential Handbook For The Modern Man

vanity, religion, or cultural considerations, but most of us don't give it a second thought. The Bearded Gentleman is an authoritative yet lighthearted guide that offers detailed information on some fifty specific facial hair styles: where they come from, how to grow them, and how to maintain them. Among them are many well-known styles, such as the Handlebar, the Fu Manchu, the Goatee, the Van Dyck, and the more recent Soul Patch. But there are also those that are less familiar, including the Horseshoe, the Lampshade, the Painter's Brush, the Landing Strip, the French Fork, and El Insecto (a.k.a. the Mighty). There's also practical advice on choosing a facial hair style that's right for you, as well as insight into how facial hair has figured in the history of masculinity, including its impact on politics, class, and sexuality. The Bearded Gentleman is an entertaining, witty, and useful guide to facial hair styles and the men who wear them. Allan Peterkin's previous books include *One Thousand Beards: A Cultural History of Facial Hair*, featured in *Time*, *Esquire*, and *The New Yorker*. Nick Burns is one of the leading writers on men's grooming; he has covered skin care, fashion, and health for publications including *The New York Times*, *GQ*, *Details*, and *Out*, and he is author of the popular men's style blog HommeGrooming.com.

Gentleman

A tongue-in-cheek guide to being a gentleman in today's world shares recommendations for evincing poise, sophistication and style in personal and professional arenas to promote oneself at work, in relationships and online.

History of Men's Accessories

Have you ever walked away from an argument and suddenly thought of all the brilliant things you wish you'd said? Do you avoid certain family members and colleagues because of bitter, festering tension that you can't figure out how to address? Now, finally, there's a solution: a new framework that frees you from the trap of unproductive conflict and pointless arguing forever. If the threat of raised voices, emotional outbursts, and public discord makes you want to hide under the conference room table, you're not alone. Conflict, or the fear of it, can be exhausting. But as this powerful book argues, conflict doesn't have to be unpleasant. In fact, properly channeled, conflict can be the most valuable tool we have at our disposal for deepening relationships, solving problems, and coming up with new ideas. As the mastermind behind some of the highest-performing teams at Amazon, Twitter, and Slack, Buster Benson spent decades facilitating hard conversations in stressful environments. In this book, Buster reveals the psychological underpinnings of awkward, unproductive conflict and the critical habits anyone can learn to avoid it. Armed with a deeper understanding of how arguments, you'll be able to:

- Remain confident when you're put on the spot
- Diffuse tense moments with a few strategic questions
- Facilitate creative solutions even when your team has radically different perspectives

Why Are We Yelling will shatter your assumptions about what makes arguments productive. You'll find yourself having fewer repetitive, predictable fights once you're empowered to identify your biases, listen with an open mind, and communicate well.

Great Streets of the World

It is possible to argue about taste--but not about true style. A gentleman can be recognized immediately from his confident appearance, his charm, and his carefully chosen clothes. Gentleman is the tried-and-tested guide on matters of style and quality.

The Appearance of Power

Being a gentleman isn't just being a nice guy, or a considerate guy, or the type of guy someone might take home to meet their mother. A gentleman realizes that he has the unique opportunity to distinguish himself from the rest of the crowd. He knows when an email is appropriate, and when nothing less than a handwritten note will do. He knows how to dress on the golf course, in church, and at a party. He knows how to breeze through an airport without the slightest fumble of his carry-on or boarding pass. And those conversational icebreakers—"Where do I know you from?" A gentleman knows better. Gentlemanliness is all in the details, and John Bridges is reclaiming the idea that men—gentlemen—can be extraordinary in every facet of their lives.

Man Made

This idiosyncratic book takes the reader on a fascinating journey, from high-end grooming and

Read Free The Gentlemans Guide To Grooming The Quintessential Handbook For The Modern Man

care, including open razors, strops and Belgian waterstone; silver-tipped badger shaving brushes, shaving soaps and D R Harris's Pick-me-up, loofahs and sponges, through colognes and scents, including history, constituents, triggers and individual colognes, then into dressing accessories, such as slippers, watches, cufflinks and shirt studs, and tie pins, even how to assess precious stones as well as a fascinating account, from primary sources, of the evolution of the dinner jacket-Tuxedo. Moreover, if you want to know not just how to mix drinks but something of their history, as well as the history of beer, cider and mead; sweets of all kinds, chocolate, tea and coffee; matching food and drink (and not just food and wine) and then every essential fact about tobacco, pipes, Havana cigars, cigarettes and snuff, it's all here, as well as where to buy the products that are mentioned. But it does not stop there. The journey continues on to a consideration of some of London's fascinating venues, including pubs, clubs, restaurants, hotels and bars; some nice points of conduct and the author's reflections on such things as feminine wiles (what women really look for) and even how to stop a fight. There is a chapter on selecting and buying gifts for the lady in your life, a dictionary of Anglo-American sartorial terms and it ends, as it begins, with thoughts of England as home. The author has submitted the book in draft to the scrutiny of leading world experts on the various topics and so, as well as being entertaining, it is backed by authority.

"The queer teen historical you didn't know was missing from your life."—Teen Vogue "A stunning powerhouse of a story."—School Library Journal "A gleeful romp through history."—ALA Booklist A young bisexual British lord embarks on an unforgettable Grand Tour of Europe with his best friend/secret crush. An 18th-century romantic adventure for the modern age written by This Monstrous Thing author Mackenzi Lee—Simon vs. the Homo Sapiens Agenda meets the 1700s. Henry "Monty" Montague doesn't care that his roguish passions are far from suitable for the gentleman he was born to be. But as Monty embarks on his grand tour of Europe, his quests for pleasure and vice are in danger of coming to an end. Not only does his father expect him to take over the family's estate upon his return, but Monty is also nursing an impossible crush on his best friend and traveling companion, Percy. So Monty vows to make this yearlong escapade one last hedonistic hurrah and flirt with Percy from Paris to Rome. But when one of Monty's reckless decisions turns their trip abroad into a harrowing manhunt, it calls into question everything he knows, including his relationship with the boy he adores. Witty, dazzling, and intriguing at every turn, *The Gentleman's Guide to Vice and Virtue* is an irresistible romp that explores the undeniably fine lines between friendship and love. Don't miss Felicity's adventures in *The Lady's Guide to Petticoats and Piracy*, the highly anticipated sequel!

The Bearded Gentleman

With the rise of perfectly preened sports stars, online dating, and the dreaded selfie stick, every man worth his salt wants to look his best. Male grooming is no longer about being vain:

and more successful life.

The Moustache Grower's Guide

With sales of more than 750,000 copies, the books in the GentleManners series have become the most popular gift etiquette books on the market today. This latest book in the series was written especially for boys ages 8-14, to teach them the basic skills every young man should have and every young man's mother and grandmother want him to have. Among the topics covered in this book are how to shake hands, how to make an introduction, what to do when you sneeze or cough, and how to use a napkin. It is written in a style that will appeal to young men of that age.

How to Be a Man

Power has an appearance and appearance has power. Ideally those two would line up together and the world would be full of good, masculine men who dress and look like good masculine men. But all too often, reality is something different. There are good men and strong leaders out there who dress and look like children or bums. There are awful, lazy men in the world who dress in a way that hides their vices from those around them and makes them appear better than they truly are. In an attempt to correct for these disparities, our current culture tries to rob both appearance of its power and power of its appearance - to say that the

Read Free The Gentlemans Guide To Grooming The Quintessential Handbook For The Modern Man

way a person dresses or looks doesn't - or at least shouldn't matter. We're given platitudes like, "don't judge a book by its cover" and there's a often a cultural rush to prove ourselves as non-judgmental as we can. But a man's appearance has been an integral part of humanity since before the dawn of civilization. As human beings we use mental shortcuts when assessing our surroundings and the people within them. It is inefficient and dangerous to treat every object, scenario, and person as a blank slate or an unknown. And, because it is our tendency to judge according to visual stimuli, we use physicality, body language, grooming, and clothing to quickly and effectively communicate who we are and how we want other people to perceive us. Some men dress to appear more physically threatening, others to convey status and power within social spheres, some attempt to fit in and not draw attention to themselves, and others will use their clothing to show their disdain for the social norms around them. Regardless of what your intentions are, your clothing says something about you. And no, this doesn't just apply to you, but to every man who has ever interacted with another human being. From the ancient shaman, to the Wall Street banker, the Pope to the gutter punk, all men use clothing and appearance to tell the world who we are. Which means it's worthwhile for you to understand how to use this tool effectively. The purpose of this book is to outline the underlying principles of how clothing affects men and masculinity. Understanding and applying those principles will take you far beyond looking like you've been dressed by an image consultant, in one of his five variations of acceptable clothing, and into the realm of being well-dressed all the time.

The Gentleman's Guide to Grooming

Read Free The Gentlemans Guide To Grooming The Quintessential Handbook For The Modern Man

Brimming with illustrations, photographs, and witty observations, this indispensable handbook gives today's man invaluable advice from the world's most respected masters of style and grooming. Men will find professional guidance on everything from getting a good haircut and recipes for tonics and potions to maintaining fingernails and choosing the right hat--so they'll look their best from head to perfectly polished shoes.

The Perfectly Groomed Gentleman

The ultimate sartorial and etiquette guide, from the ultimate life and style guru. By turns witty, sardonic, and always insightful, Glenn O'Brien's advice column has been a must-read for several generations of men (and their spouses and girlfriends). Having cut his teeth as a contributor at Andy Warhol's Interview in its heyday, O'Brien sharpened them as the creative director of advertising at the hip department store Barneys New York for ten years before starting his advice column at Details magazine in 1996. Eventually his column, "The Style Guy," migrated to its permanent home at GQ magazine, where O'Brien dispenses well-honed knowledge on matters ranging from how to throw a cocktail party (a diverse guest list is a must), putting together a wardrobe for a trip to Bermuda (pack more clothes for less dressing), or when it is appropriate to wear flip-flops in public (never). How To Be a Man is the culmination of O'Brien's thirty years of accumulated style and etiquette wisdom, distilled through his gimlet eye and droll prose. With over forty chapters on style and fashion (and the difference), on dandies and dudes, grooming and decorating, on how to dress age-

Read Free The Gentlemans Guide To Grooming The Quintessential Handbook For The Modern Man

appropriately and how to age gracefully, this guide is the new essential read for men of all ages.

The Gentleman's Handbook

Do you know how to trim your whiskers properly? With beards and moustaches more popular than ever, this delightful little book sets out to answer this pressing question. And if a trim is not required, then it will show you how to wax, polish and maintain your face furniture so that it is always in tip-top condition. Alongside these manly grooming tips is a guide to famous facial-hair aficionados, from Karl Marx to Des Lynam; a breakdown of styles; and a perambulation through hirsute history, including an explanation of why the beard was considered sacred by the ancient Greeks and slovenly by ancient Romans. So whether it's the Handlebar or the Chevron; the Goatee or the Spade – peruse this book for hints and tips of how to handle your facial fuzz.

The Gentleman's Guide to Grooming

A real gentleman knows that it is essential to be well-groomed, and while a bit of moisturizer will help, it is not enough. Our Butler's guide is the ultimate source of information for looking pukka. It need not take long either, and this short guide cuts to the chase: skin care, including the best shaving techniques, hair care, from the mop on your head to nasal hair trimming, style

guide (with tips on what to wear for what occasion), and taking care of your clothes and shoes. This simple valet guide will get you dressed to perfection to impress the ladies and the gents.

A Gentleman's Guide to Graceful Living: A Novel

Today's man may know how to dress with style, but does he know how to behave? Though the rules of civility have changed along with the world, Men and Manners believes in manners. This book doesn't tell you which fork to use or how to write a thank you note. But it is going to remind you of basic, respectful rules you may have forgotten or have chosen to ignore. Comprised of short essays, shorter interviews, and lists of guidelines for men of all ages, this book provides an honest, playful, and humorous look at the conflicted state of manners today. Subjects that may fluster today's man † • such as tipping, toasting, texting, grooming, dating, office behavior, and home decor † • are explored with the trademark combination of dry wit and self-deprecating attitude that has made David Coggins one of today's most well-respected men's style writers. With humorous illustrations and contributions from some of today's male style icons, Men and Manners makes the case for being the man who offers the best seat to his companion, who knows when to pick up the tab, and who remembers to do what's right even if it isn't always rewarded.

Esquire

Growing a beard is not just for hipsters. Facial hair is in fashion and the ladies know it. So listen up boystime to throw away your shaving cream and razors and become a man. This book will help guide you along your journey to a better beard. Learn beard styles and how to care for your beard using beard oil and beard trimmers. Learn how nutrition effects beard growth and what you need to be eating to grow your beard faster. With these beard grooming tips any man will be able to transform a five o'clock shadow into a facial hair masterpiece.

Suave in Every Situation

This book provides rules for the etiquette to be observed in the street, at table, in the ball room, evening party, and morning call; with full directions for polite or responsiveness, dress, conversation, manly exercises, and accomplishments. Man was not intended to live like a bear or a hermit, apart from others of his own nature, and, philosophy and reason will each agree with me, that man was born for sociability and finds his true delight in society. Society is a word capable of many meanings, and used here in each and all of them. Society, par excellence; the world at large; the little clique to which he is bound by early ties; the companionship of friends or relatives; even society tete a tete with one dear sympathizing soul, are pleasant states for a man to be in. All in all this is a great book on etiquette. A great place to learn the rules of etiquette.

Ladies

Why Are We Yelling?

The Men's Hair Book: A Male's Guide To Hair Care, Hair Styles, Hair Grooming, Hair Products and Rocking It All Without The Baloney is exactly what it says in the title. Written by popular men's hair expert Rogelio Samson, The Men's Hair Book gives the modern male an in-depth blueprint to getting his hair looking as he wants it to look without the baloney that abounds the men's hair field. The Men's Hair Book: A Male's Guide To Hair Care, Hair Styles, Hair Grooming, Hair Products and Rocking It All Without The Baloney is based on Rogelio's "hair-management equation": a pioneering system that optimizes the profiling, grooming, styling and caring of your hair so as to yield the overall solution of great-looking, convenient hair. The hair-management equation covers and optimizes everything that has to do with having hair that you can finally be happy with, and this system serves as the backbone of The Men's Hair Book and Rogelio's goal of spreading the word so as to have men worldwide carrying their hair with pride and in a self-actualizing manner. What's more is that The Men's Hair Book is related to the real world through barbershop case studies in every chapter so that you are able to relate your newly-acquired knowledge to the practical side of male hair care. This is what you will find in the 240+ pages of The Men's Hair Book: - A hair-profiling system that puts your hair into a type and length category and that also measures how much your hair may curl, altogether creating your particular hair ID. - The Norwood male-balding classification explained in detail so that you can identify any current or future hair loss you may suffer. - Rogelio's popular hair-

Read Free The Gentlemans Guide To Grooming The Quintessential Handbook For The Modern Man

grooming method, including his No Shampoo method and his Sebum Coating method. - All about cleaning your hair, from how to use shampoo to cleaning your hair without shampoo and via natural alternatives. - All about conditioners and how to make the most of the sebum you secrete (yes, your hair follicles secrete sebum!). - A full analysis of all hair products and how to select the appropriate ones according to your unique hair ID. - An in-depth coverage of how to style your hair, including the relevant hairstyles that suit your hair ID. - The correct methods to optimally using hair dryers and hair straighteners as a male without frying your hair. - Guidelines for growing your hair long and working out how long your hair will take to reach certain lengths and hairstyles. - A guide on how to shop for the correct barber or hairdresser. - A plan of action that has you seeing the optimizing of your hair as a journey that follows an optimal and efficient order and that is made up of a set of steps and actions to be implemented. - A big list of busted myths that will not only be extremely helpful for your hair-optimizing efforts but will also be great for bar talk! - The last chapter contains 36 miscellaneous questions that Rogelio has answered in depth so as to bulletproof your journey. - An appendix section with 29 visual references used throughout the book. - Every chapter is neatly summarized at the end with a "Conclusion" section to ensure that you have picked all the important knowledge taught in the chapter. - Each chapter is ended with a real-life case study that has occurred in a professional barbershop and that is related to the lesson learnt in the given chapter. The Men's Hair Book is of great use and benefit for: - Men who want to finally master their hair and stop wasting time with Mickey-Mouse stuff. - Men who want to stop wasting money on their hair and want their hair to become economically viable. - Men desiring to spice up their image and improve their self-esteem. - Men with sons who need help

Read Free The Gentlemans Guide To Grooming The Quintessential Handbook For The Modern Man

managing and embracing their hair. The same applies for any other male family members who need a solution for their hair.

History of Men's Fashion

Being a man should be fun. While other men's publications tackle subjects like fashion, wine, dating or work, with all the charm of a stern lecture from your dad, The Modern Man Guide approaches them with insight and humour. Less a self-help book, than a cheat's guide to everything a man needs to know to be his best - from wardrobe essentials, to choosing the right hairstyle, making the perfect martini, landing a pay rise, surviving a first date without embarrassing yourself, or fending off the ageing process - without ending up with a face like Kenny Rogers. Heaven forbid. As a former writer for GQ, Millar knows not only what men need, but how to talk to them about it in a manner that's insightful, informative and engaging. In addition to quirky facts, quotes and titbits, his witty observations are brought to life with a series of sleek illustrations to create the kind of stylish guide you'd be proud to show off in your home, or be seen reading on the train. Informative, entertaining and full of personality, The Modern Man Guide is an ideal gift for the gent who needs a bit of gentle encouragement becoming the best version of himself. It's the kind of book whose passages you'll catch yourself reading aloud to your friends - and especially the kinds of friends who still wear Crocs on a regular basis. They'll thank you one day.

The Gentleman's Guide to Cool

The definitive handbook of men's customs, habits and pursuits. How to be the sexy, knowledgeable, confident, poker-playing, roast-carving, whiskey-drinking man you know you can be. And how to have fun being him. The authoritative guide to being a man in the 21st century is here, at last. * Ever wondered which is the right way to walk with an umbrella? * Ever questioned just exactly what differentiates different types of beer or where all the single malt whiskies come from? * Ever wanted to work out without actually having to go to the gym and fancied doing it James Bond style? * Ever considered how a batiste shirt differs from a broadcloth one? If you have, you're in luck. The answers to every question you have ever needed to ask are within these pages, from how to strut your stuff on the dance floor to how to cook a decent chilli. Designed to help you out of any awkward situation, this book gives you any number of tips and hints for witty repartee down the pub, including why it's better to have an older mistress and the 85 ways to tie a tie. All this and so much more is explained in a systematic and intelligent way, with facts and figures, diagrams and tables. This indispensable guide for all men's rituals and practical habits belongs in every man's back pocket.

The Men's Hair Book

“A tour filled with moments of grace and angst, and an overwhelming sense that compassion matters.” —Minneapolis Star Tribune Arthur Camden’s greatest talents are for packing and unpacking suitcases, making coleslaw, and second-guessing every decision in his life. When his business fails and his wife leaves him—to pursue more aggressive men—Arthur finds that he has none of the talents and finesse that everyone else seems to possess for navigating New York society.
