The Hidden Past

The black-and-red pyramid-shaped Sith case appears innocuous. But with the touch of a button, the door of the case lifts, accompanied by lights and Star Wars sound effects. The secrets within are revealed—the Book of Sith slides into view. The Sith have existed in the galaxy for

centuries, lurking, waiting for their chance to seize control. As various Sith Lords emerged and rose to power, they recorded their thoughts, exploits, and plots for Sith control of the galaxy. When they fell, their knowledge vanished with them forever. Or so it seemed. . . . Over the years, these writings were passed among numerous Sith and Jedi, who added their comments to the pages. In his quest for domination, Darth Sidious tracked down what remained of five pivotal Sith texts written by his most powerful predecessors. Then, drawing on the knowledge within the compiled pages, he wrote a sixth text—his own manifesto. Together, these documents, along with several collected objects associated with them, shed light on the philosophy, achievements, and failures of the Sith Order. For years, this collection remained hidden, existing as legend only. But now all who are tempted may unlock the Book of Sith and delve into the dark side. . . . From the creators of The Jedi Path, in collaboration with Lucasfilm, Book of Sith reveals the mystery and madness of the dark side—while introducing new characters, history, as well as sinister insights into what it means to be a Sith Master.

Recovered dark side texts:

- A chronicle by Sorzus Syn of her encounters with Sith Purebloods, explorations in alchemy, and the foundations of the Sith Order.
- A war journal kept by Darth Malgus during the Great Galactic War, describing methods of war and the campaigns of the Sith army.
- A source book by Darth Bane that details the idea and the philosophy behind the Rule of Two as well as the training required for a Sith.
- An instructional manual by Mother Talzin exploring the Nightsisters' use of the dark side and their role as dark side mercenaries in the galaxy.
- A scientific journal by Darth Plagueis with notes about his experimentation with and manipulation of the Force.
- Darth Sidious's manifesto about the philosophy and political manipulation that marked his rise to power and established

Daniel M Jones founded the Church of Jediism in 2007 following the Jedi Census phenomenon of 2001; it now has over 500,000 members around the world. This is the book his fans have been waiting for. In it, Daniel outlines the Jedi perspective and provides practical tools for anyone interested in gaining a deeper understanding of how to use the Force in everyday life. A metaphor for the universal life energy that connects us all, the Force can be both light and dark, good

and bad. Now, more than ever, it is our responsibility to overcome the Dark Side. This book does not aim to convert, but to inspire its readers to live a life of meaning and purpose according to the universal spiritual teachings of “the way of the Jedi”. It will include: Daniel’s own fascinating spiritual journey and how overcoming personal struggles has awakened him to his purpose. A complete toolkit that will allow anyone to genuinely embrace “the way of the Jedi” and use Jedi teachings to empower mind, body, heart and spirit. A comprehensive explanation of Jediism as a spiritual movement (a universal desire for self-awareness, spiritual awakening, peace, love and harmony) rather than a religion. Become the Force shows that the Jedi-minded among us might usher in a new spirituality and shift in global consciousness towards peace and harmony that is more powerful than any we can possibly imagine.
