Natural Liquid Soap Making Made Simple

How to make cold-process soap (soap from scratch) using only natural fragrances, colorants, and texture additives.

The Art of Tapestry Weaving

Why should you try to make soap yourself? Your soap can be customized to your own specifications. Everything, from the fragrance, to the color, to the shape can be tailored to meet your desires. This is a great advantage which can distinguish your product from others, and make it very unique to you. Useful herbs can be included to get the desired soap suitable for your skin. Herbs like aloe-vera, which has been used for years for its cosmetic, anti-inflammatory and rejuvenating properties, can easily be incorporated into the soap to enrich it and make it more beneficial than the regular commercial soaps. Finally, it is not as harsh and contains fewer chemicals, unlike the commercial ones which are made of pure chemicals with lots of natural components extracted for financial gain. Try producing and using home-made soap, not only will your skin thank you for it, your pockets will as well. "Natural Soap Making for Beginners: How to Make Soap from Scratch Using Essential Oils, Herbs, and Other Natural Additives" is written to teach beginners how to make soap for family use and, thereby, cuts costs. This book is written to give you a line-by-line method on how to produce soap safely at home. Simple & Natural Soapmaking

The author grew up in Jamaica and as a child was taught to make soaps by her grandmother. They grew all the plants they needed to scent and colour their soaps and even used wood ash from the stove to make caustic potash when none was available in the shops. This background helped Maxine develop a passion for soap making and a unique type of natural soaps and toiletries, both of which she shares in *Make Your Own Natural Soaps*. It is intended for beginners, includes both hot- and cold-process soap making, with careful step-by-step instructions. There are extensive bar, liquid and cream soap recipes, full details of the equipment needed to make a start and a re-batching chapter just in case anything goes wrong! And for anyone interested in turning their new skills to profit there is information on the legislation and regulations you need to comply with to be able to sell soap.

Following up from the worldwide success of "Soap Naturally", Marina and Patrizia share their extensive experience on as natural as possible soapmaking in a series of smaller, more topical and much cheaper books, called "The Super-Naturally series". Authoritative, concise yet exhaustive, and small in price at only \$19.90 RRP, the first volume in the series, "The Natural Soapmaking Handbook", provides aspiring, new and expert soapmakers with effective know-how as the key to discover the secrets of reliably successful soaping results. After explaining about fundamental ingredients, additives, tools, equipment, safety precautions and workplace setup, the Handbook describes in full detail all modern handmade "paste" methods to manufacture as natural as possible, skin- and eco-friendly, sustainable soaps. Cold Process (CP), Discounted Water CP, No-Heat Applied CP, Hot Process (HP), Double Boiler HP, Oven HP, Crockpot HP, Microwave HP, CPOP (Cold Process Oven Process) and In The Mould HP are accurately illustrated in easy to follow step-by-step instructions. Also covered are advanced techniques for special soaps: from liquid soapmaking to milk, butter and honey soap; from layered and swirled soaps to composite soaps and embeds. Clear instructions for reclaiming, reshaping and rebatching virtually any kind of soap complement the authors' super-accurate troubleshooting guide to making the most of every batch of soap. As precious gems scattered along the book, you will be able to discover the truth on soda ash, lye-free soap and other common misconceptions about soap in many "Soap myth buster" sections. With the key concept of the series being frugality, the book is in Black & White, with colour photographs available from the Web, at the http://www.demetra.com/natural_soapmaking/handbook/ mini-site.

Natural Soap Making Cookbook 150 Unique Soap Making Recipes If you are reading this description, then I can safely assume that you either read my other book "Natural & Organic Soap Making Alchemy," or you are already a pro in the world of soap making craft. Either way, you already know the three most popular soap making methods. Cold Process Method Melt and Pour Method Hot Press Method In this recipe book, I share many recipes for each of these methods. Even though you may prefer just one of these methods over the others but I can honestly say after five years of making all different kinds of soaps that each of these methods have their own unique soap creating techniques that the others don't. Did you know that there is a soap that can reduce cellulite? How about the soap that can cure acne and other skin blemishes? My son's acne disappeared after using a soap that one of my friends made (that is how I got interested in soap making). There are many medicinal and other benefits of using homemade natural soaps. I divided each of the soap making methods into 3 categories Floral Scented Soaps Unique Soaps Medicated Soaps In each category, I listed 10 of my best recipes, most of which are truly unique. Additionally, I added three additional chapters with 10 recipes in each that are becoming very popular lately. Glycerin Soaps Liquid

In this comprehensive guide, Susan Miller Cavitch covers everything you need to know to make your own soaps. Learn the basic techniques for crafting oil-, cream-, and vegetable-based soaps, and then start experimenting with your own personalized scents and effects. Cavitch provides tips for making more than 40 different specialty soaps, showing you how to design colorful marbled bars and expertly blend ingredients to create custom fragrances. You'll soon be making luxurious soaps at a fraction of the cost of boutique products. Important Notice Early printings of this book contain a recipe variation in a sidebar note on page 36. As a result of further testing, author Susan Miller Cavitch and Storey Publishing strongly recommend that you do not try this variation. Adding honey when you are combining the sodium hydroxide and water may result in a stronger reaction with more intense heat. The mixture may bubble up quickly and come out of the pot, posing a potential hazard.

Soap produced in large volumes, in chemical industries, cleans so well, that it washes, along with dust and dirt, all the protective oils from our skin. And we end up with dry, prematurely aging skin. Our book with handmade soap recipes will teach you how to create the best handmade soap - a soap that contains natural oils and organic additives - honey, oats, calendula flowers, chocolate and more. Homemade soap is enriched with oils such as olive, sea buckthorn, peach, wheat germ oil and many more oils that have a moisturizing, rejuvenating and anti-cellulite effect. Easy natural homemade soap is a great and original gift, which hardly anyone could remain indifferent about. Natural ingredients, the basis of which skin handmade soap is created, have a beneficial effect on the skin. Natural handmade soap is devoid of drawbacks. Cleansing the skin with organic soap, you can get rid of peeling and dryness. By experimenting with different oils, you can create a soap that is suitable for your skin. Scrub effect, moisturizing effect, vitaminizing effect, anti-cellulite effect-all this is achieved by simply adding an ingredient. The aesthetic side is also important. With our recipes for homemade soap, you will find out how to create any shape: heart, flower, oval, car and so on. In addition, mixing colored masses, adding dry flower petals, using other methods of decoration, you can create a truly unique soap that will delight others and will be a real decoration of your bathroom. Homemade soap can be a powerful means of aromatherapy, because it often includes natural essential oils. Now it will not be difficult to create a soap with your favorite smell. Vanilla and lavender, Lily of the valley and lilac - the smell of soap made with your own hands, will be totally unlike the "chemical" smells of soap made industrially. So once again the advantages of natural handmade soap include: 1. Clear skin; 2. Hydration and nutrition, thanks to natural oils; 3. Aromatherapy while using soap; 4. Aesthetic pleasure; 5. Making your own choices in creating handmade soap, you are able to choose an eco-friendly product.
