White Walls

On the heels of her mother's death, Hope Logan reluctantly returned to her grandparents' home place in search of a journal that revealed explosive crimes

and atrocities of the past that had haunted her grandma for nearly sixty-five years. Bitterness, unforgiveness, and anger consumed her as she set out to solve the mystery that surrounded her grandma's life. The dark evil secret that was contained in the journal only deepened her resentment of God. Because of her quest, she came in contact with many strong believers, especially a handsome young pastor and three senior citizens. In that small town in the foothills of the mountains of North Carolina, Hope's bitterness, unforgiveness, and anger slowly began to fade in the light of the strong faith of the young pastor and three senior citizens. She discovered the true meaning of faith and hope in Christ in the midst of adversity. Carolyn Digh Griffin, a native North Carolinian, resides in Waxhaw, North Carolina, with her husband, Hoyle. She is retired from Union County Public Schools where she was an Administrative Assistant to the Assistant Superintendent. She has two daughters and four grandchildren who also reside in the Old North State.

Hope Returns

It had seemed so simple, even fun, when they explained it: New York needed non-satellite-based relay towers. Commco sent me to find towns along the needed pathway, to offer to restore some of the boons of civilization in return for an agreement to build, power and guard the towers. After all, it had only been fifty years. I would never have believed that the countryside would have turned barbaric so fast. Thus begins Martin Barrister's journey through an unfamiliar landscape, where his training and skills are of little help, and only quick wits and creativity will allow him to survive. When his job turns out to be a ruse, and he becomes bait in a dispute he can barely fathom, Martin discovers what loyalty is worth. And what civilization is - and isn't - comprised of.

Still

In the spirit of Gretchen Rubin's megaseller *The Happiness Project* and Eric Weiner's *The Geography of Bliss*, a journalist embarks on a project to discover what it takes to love where you live. The average restless American will move 11.7 times in a lifetime. For Melody Warnick, it was move #6, from Austin,

Texas, to Blacksburg, Virginia, that threatened to unhinge her. In the lonely aftermath of unpacking, she wondered: Aren't we supposed to put down roots at some point? How does the place we live become the place we want to stay? This time, she had an epiphany. Rather than hold her breath and hope this new town would be her family's perfect fit, she would figure out how to fall in love with it--no matter what. How we come to feel at home in our towns and cities is what Warnick sets out to discover in *This Is Where You Belong*. She dives into the body of research around place attachment--the deep sense of connection that binds some of us to our cities and increases our physical and emotional well-being--then travels to towns across America to see it in action. Inspired by a growing movement of placemaking, she examines what its practitioners are doing to create likeable locales. She also speaks with frequent movers and loyal stayers around the country to learn what draws highly mobile Americans to a new city, and what makes us stay. The best ideas she imports to her adopted hometown of Blacksburg for a series of *Love Where You Live* experiments designed to make her feel more locally connected. Dining with her neighbors. Shopping Small Business Saturday. Marching in the town Christmas parade. Can these efforts make a halfhearted resident happier? Will Blacksburg be the place she finally stays? What Warnick learns will inspire you to embrace your own community--and perhaps discover that the place where you live right now . . . is home.

Biennial of the General Federation of Women's Clubs

From the author of book club favorite *The Salt House* comes a deeply affecting novel about a teenage girl finding her voice and the military wife who moves in downstairs, united in their search for the true meaning of home. Sixteen-year-old Libby Winters lives in Paradise, a seaside town north of Boston that rarely lives up to its name. After the death of her mother, she lives with her father, Bent, in the middle apartment of their triple decker home—Bent's two sisters, Lucy and Desiree, live on the top floor. A former soldier turned policeman, Bent often works nights, leaving Libby under her aunts' care. Shuffling back and forth between apartments—and the wildly different natures of her family—has Libby wishing for nothing more than a home of her very own. Quinn Ellis is at a crossroads. When her husband John, who has served two tours in Iraq, goes missing back at home, suffering from PTSD he refuses to address, Quinn finds herself living in the first-floor apartment of the Winters house. Bent had served as her husband's former platoon leader, a man John refers to as his brother, and despite Bent's efforts to make her feel welcome, Quinn has yet to unpack a single box. For Libby, the new tenant downstairs is an unwelcome guest, another body filling up her already crowded house. But soon enough, an unlikely friendship begins to blossom, when Libby and Quinn stretch and redefine their definition of family and home. With gorgeous prose and a cast of characters that feel wholly real and lovably flawed, This

Is Home is a nuanced and moving novel of finding where we belong.
