### The Nine of Us

Do you find fun in pun? Perhaps you are looking for a few puns on the run? Follow the characters of Comedic Destruction in Daze and Knights as they take you on a mind-stimulating, language-enhancing journey. Puntastic and fantastic, this book will massage your intellect, and provide your laugh muscles some 'much-kneaded' exercise via wordplay vignettes!  
The book is divided into several chapters. The first chapter, "Their Eyes Were Watching Job," is a collection of stories in an occupational setting or regarding a business transaction. "I Think Yet I Cram" features tales of students and teachers and, more generally, intellectual high jinks. The third chapter, "Empty Cow or Rheas: I Love My Shakes Pear," is, as you'd imagine, a collection of tales involving food; although it should be noted that these wordplays have little or no nutritional value. The final chapter, "I've Been Around: Whirled without End," features stories of characters in motion.  
Daze and Knights contains fun puns for everyone, enhanced by talented illustrator, Megan Nolton. This wild and witty work promises a few dozen laughs along the journey, as you'll discover, from cover to cover.

## Lucky Dog Lessons

Long known as a dog coach to the stars—her clients include Oprah Winfrey, Ben Affleck, Courteney Cox-Arquette, Owen Wilson, Natalie Portman, and Larry King—Tamar Geller changed the way Americans relate to their dogs with her bestselling book *The Loved Dog*. Her approach is simple and down-to-earth. Instead of utilizing the negative and often painful feedback of physical dominance, choke chains, and prong collars, Tamar recommends love, play, and mutual respect as the keys to a happy home for dog and human alike. Now, Tamar makes her Loved Dog™ Method accessible for everyone with this day-by-day guide that will lead you through the first thirty days with your new dog—or help you make a fresh start with your current dog. Drawing on her studies of wolves in the wild and basing her method on the principles of child development, Tamar uses an "instincts versus choice" approach that satisfies a dog's Seven Basic Needs and will result in a pet with good manners. *30 Days to a Well-Mannered Dog* covers every question commonly asked by people embarking on the momentous journey of dog ownership: why it's important to choose the appropriate dog for you and your lifestyle, what you can expect from a puppy versus an adult dog, how to introduce your new dog to your home, and how to respond when things don't go according to plan. Tamar guides you every step of the way, from addressing undesired behaviors in your dog to crate and paper training him to introducing him to other dogs and helping him become relaxed with strangers. Included are important but often overlooked tips about the use of words and body language to communicate, the power of play, and the amazing value of teaching your dog some lighthearted pet tricks. Along the way, Tamar debunks myths in need of debunking: that dogs are frequently "alpha" by nature and need to be dominated; that discipline is the key to dog training, and that "success" only means getting your dog to do what you want. Instead, she shows how to align your dog's wishes with your own to create a rich and enduring relationship that works wonderfully for you both. Gentle, firm, and effective, *30 Days to a Well-Mannered Dog* will build your relationship with your dog to make every new day together a day of love, joy, and discovery.

*Three Men in a Boat* published in 1889, is a humorous account by English writer Jerome K. Jerome of a two-week boating holiday on the Thames from Kingston upon Thames to Oxford and back to Kingston. The book was initially intended to be a serious travel guide, with accounts of local history along the route, but the humorous elements took over to the point where the serious and somewhat sentimental passages seem a distraction to the comic novel. One of the most praised things about *Three Men in a Boat* is how undated it appears to modern readers - the jokes have been praised as fresh and witt

### **The Curious Incident of the Dog in the Night-Time**

In this evocative and affectionate memoir, Ambassador Jean Kennedy Smith, the last surviving child of Joe and Rose Kennedy, offers an intimate and illuminating look at a time long ago when she and her siblings, guided by their parents, laughed and learned a great deal under one roof. Prompted by interesting tidbits in the newspaper, Rose and Joe Kennedy would pose questions to their nine children at the dinner table. "Where could Amelia Earhart have gone?" "How would you address this horrible drought?" "What would you do about the troop movements in Europe?" It was a nightly custom that helped shape the Kennedys into who they would become. Before Joe and Rose's children emerged as leaders on the world stage, they were a loving circle of brothers and sisters who played football, swam, read, and pursued their interests. They were children inspired by parents who instilled in them a strong work ethic, deep love of country, and intense appreciation for the sacrifices their ancestors made to come to America. "No whining in this house!" was their father's regular refrain. It was his way of reminding them not to complain, to be grateful for what they had, and to give back. In her remarkable memoir, Kennedy Smith—the last surviving sibling—revisits this singular time in their lives. Filled with fascinating anecdotes and vignettes, and illustrated with dozens of family pictures, *The Nine of Us* vividly depicts this large, close-knit family during a different time in American history. Kennedy Smith offers indelible, elegantly rendered portraits of her larger-than-life siblings and her parents. "They knew how to cure our hurts, bind our wounds, listen to our woes, and help us enjoy life," she writes. "We were lucky children indeed."

### **30 Days to a Well-Mannered Dog**

When Abigail Thomas's husband, Rich, was hit by a car, his brain shattered. Subject to rages, terrors, and hallucinations, he must live the rest of his life in an institution. He has no memory of what he did the hour, the day, the year before. This tragedy is the ground on which Abigail had to build a new life. How she built that life is a story of great courage and great change, of moving to a small country town, of a new family composed of three dogs, knitting, and friendship, of facing down guilt and discovering gratitude. It is also about her relationship with Rich, a man who lives in the eternal present, and the eerie poetry of his often uncanny perceptions. This wise, plainspoken, beautiful book enacts the truth Abigail discovered in the five years since the accident: You might not find meaning in disaster, but you might, with effort, make something useful of it.

White House dog, Bo Obama, and each of Senator Ted Kennedy's dogs, among countless others. Training the Best Dog Ever relies on trust and treats, not choke collars; on bonding, not leash-yanking or reprimanding. The five-week training program takes only 10 to 20 minutes of practice a day and works both for puppies and for adult dogs that need to be trained out of bad habits. Illustrated with step-by-step photographs, the book covers hand-feeding; crate and potty training; and basic cues—sit, stay, come here—as well as more complex goals, such as bite inhibition and water safety. It shows how to avoid or correct typical behavior problems, including jumping, barking, and leash-pulling. Plus: how to make your dog comfortable in the world—a dog that knows how to behave in a vet's office, is at ease around strangers, and more. In other words, the best dog ever.

### **Training the Best Dog Ever**

From The Cut's funniest writer, a hilarious journey through the odd corners of obsessive dog ownership and the author's own infatuation with her perfect dog Peter. The author met Peter in the spring of 2017. He--calm, puppy-eyed, with the heart of a poet and the soul of, also, a poet--came to her first as a foster. He was unable to stay with his previously assigned foster for

reasons that are none of your business, but which we will tell you were related to frequent urination. The rescue needed someone free of the sort of responsibilities that would force her to regularly leave the house for either work or socializing, and a writer was the natural choice. Thus began a love story for the ages. *THE PARTICULARS OF PETER* is a funny exploration of the joy found in loving a dog so much it makes you feel like you're going to combust, and the author's potentially codependent relationship with her own sweet dog, Peter. Readers will follow Peter and his owner to Woofstock, "the largest outdoor festival for dogs in North America," and accompany them to lessons in Canine Freestyle, a sport where dogs perform a routine set to music, creating the illusion that they're dancing with their owners. From learning about Peter's DNA, to seeing if dogs can sense the presence of ghosts, *THE PARTICULARS OF PETER* will give readers a smart, entertaining respite from the harsh world of humans into the funny little world of dogs. Readers will accompany this lovable duo through exciting trips, lessons, quiet moments of connection, and probably a failure or two. By fusing memoir and infotainment, *THE PARTICULARS OF PETER* promises to refresh the perennially popular dog lit category in a scrumptiously bighearted barnstormer of a book.

### **Three Minutes for a Dog**

As evil runs rampant in America and the rest of the world waves of fear and dishonesty are sweeping over us causing us to not know who to trust. Friends are turning against friends, neighbors against neighbors, and family against family. What we need are sweat drops of mercy for an eternal living God to cover our lives and give us peace for today and hope for tomorrow. The poems in this book were written to encourage us to remember that there is a "Holy God" who loves us, has a plan for us, and walks with us through the fire. Our American heritage is based on this foundation. As life-changing topics of our day loom before us, they have been discussed here through the eyes of hope in our Lord and Savior, Jesus Christ, looking to that glorious day when the trumpet will sound and we will then be with Him in Glory forever. Wounded warriors, 9-11, respect for our President, even our National Anthem are being called into question. As each topic is discussed it is with the realization that these "Moments of Mercy" need a direct touch of mercy from a high and holy God. How do you view these issues of the day? Be the one who nurtures and builds. Be the one who has an understanding and forgiving heart. Be the one who looks for the best in people. Leave people better than you found them. Take a stand for TRUTH before it is too late. "I am the way, the TRUTH, and the life. No man comes to the Father but by me." John 14:6 KJV

### **Dog Man: Grime and Punishment: From the Creator of Captain Underpants (Dog Man #9)**

"I have a dog. Nothing exotic or special, just an ordinary dog. In fact, I always thought he was a boring dog. What I mean is, he can fetch, roll over, and shake hands, but mostly he sleeps and eats." Or so the little boy in this story thinks, until one morning when he opens the door a little early and sees his dog jump out of a limousine. That night he decides to follow his dog, and that's when the fun starts. Before he knows it, he has entered the little known world of doggy glamour. His dog, distinctly reminiscent of Humphrey Bogart, treats him to a nighttime adventure where he learns where dogs go to relax and sees what they do while their masters are fast asleep. A terrific read aloud, Nina Laden's story will have everyone captivated by the coolest dog around.

### **Dog Training in 10 Minutes**

An intense cat-and-mouse game played between two brilliant men in the last days of the Cold War, this shocking insider's story shows how a massive giveaway of secret war plans and nuclear secrets threatened America with annihilation. In 1988 Joe Navarro, one of the youngest agents ever hired by the FBI, was dividing his time between SWAT assignments, flying air reconnaissance, and working counter-intelligence. But his real expertise was "reading" body language. He possessed an uncanny ability to glean the thoughts of those he interrogated. So it was that, on a routine assignment to interview a "person of interest"—a former American soldier named Rod Ramsay—Navarro noticed his interviewee's hand trembling slightly when he was asked about another soldier who had recently been arrested in Germany on suspicion of espionage. That thin lead was enough for the FBI agent to insist to his bosses that an investigation be opened. What followed is unique in the annals of espionage detection—a two-year-long battle of wits. The dueling antagonists: an FBI agent who couldn't overtly tip to his target that he suspected him of wrongdoing lest he clam up, and a traitor whose weakness was the enjoyment he derived from sparring with his inquisitor. Navarro's job was made even more difficult by his adversary's brilliance: not only did Ramsay possess an authentic photographic memory as well as the second highest IQ ever recorded by the US Army, he was bored by people who couldn't match his erudition. To ensure that the information flow would continue, Navarro had to pre-choreograph every interview, becoming a chess master plotting twenty moves in advance. And the backdrop to this mental tug of war was the dissolution of the Soviet Union and the very real possibility that its leaders, in a last bid to alter the course of history, might launch a devastating attack. If they did, they would have Ramsay to thank, because as Navarro would learn over the course of forty-two mind-bending interviews, Ramsay had, by his stunning intelligence giveaways, handed the Soviets the ability to utterly destroy the US. The story of a determined hero who pushed himself to jaw-dropping levels of exhaustion and who rallied his team to expose undreamed of vulnerabilities in America's defense, Three Minutes to Doomsday will leave the reader with disturbing thoughts of the risks the country takes even today with its most protected national secrets.

### **Don't Shoot the Dog**

Karen Pryor's clear and entertaining explanation of behavioral training methods made *Don't Shoot the Dog* a bestselling classic with revolutionary insights into animal—and human—behavior. In her groundbreaking approach to improving behavior, behavioral biologist Karen Pryor says, "Whatever the task, whether keeping a four-year-old quiet in public, housebreaking a puppy, coaching a team, or memorizing a poem, it will go fast, and better, and be more fun, if you know how to use reinforcement." Now Pryor clearly explains the underlying principles of behavioral training and reveals how this art can be applied to virtually any common situation. And best of all, she tells how to do it without yelling threats, force, punishment, guilt trips—or shooting the dog. From the eight methods for putting an end to all kinds of undesirable behavior to the ten laws of "shaping" behavior, Pryor helps you combat your own addictions and deal with such difficult problems as a moody spouse, an impossible teen, or an aged parent. Plus, there's also incredibly helpful information on house training the dog, improving your tennis game, keeping the cat off the table, and much more! "In the course of becoming a renowned dolphin trainer, Karen Pryor learned that positive reinforcement...is even more potent than prior scientific work had suggested...*Don't Shoot the Dog* looks like the very best on the subject—a full-scale mind-changer" (*The Coevolution Quarterly*). Learn why pet owners rave, "This book changed our lives!" and how these pioneering techniques can work for you, too.

### **Daze and Knights of Comedic Destruction**

This eponymous comic became an instant hit when it went live on The Oatmeal.com and was liked on Facebook by 700,000 fans. Now fans will have a keepsake book of this comic to give and to keep. In My Dog: The Paradox, Inman discusses the canine penchant for rolling in horse droppings, chasing large animals four times their size, and acting recklessly enthusiastic through the entirety of their impulsive, lovable lives. Hilarious and heartfelt, My Dog: The Paradox eloquently illustrates the complicated relationship between man and dog. We will never know why dogs fear hair dryers, or being baited into staring contests with cats, but as Inman explains, perhaps we love dogs so much "because their lives aren't lengthy, logical, or deliberate, but an explosive paradox composed of fur, teeth, and enthusiasm."
