When Life Gets Complicated I Play Bass

Here is Americana at its best--the WWII years. America is doggedly hanging on, awaiting the return of her heroes, knowing there will be parades for some and processions for others. The author, an accomplished rhetoric instructor, lived these poignant years and is in early sync with the reader through interesting insights into each poem. He takes the reader on a heartfelt, personal tour of small-town America, using real people coupled with poetic imagination. The Poignant Years is historically accurate, but, more importantly, it reveals what lies beneath major historical events. This is where people live--where they laugh and cry, where they struggle and sympathize, where they huddle together for warmth when fear is rife. For small town America, it was a slower time--a time of deep relationships where the ritual of life was sharing. It was a time of paucity--dealing with harsh winters in clapboard houses, but a time of morality when locks were not needed for security. Hear the voices of the school children who fear Hitler's bomb; laugh at the awkward expressions of the newly pubescent boy, and empathize with the tender murmurings of the Gold Star Mother. These are the voices of the admirable Americans who could only "stand and wait."

NATIONAL BESTSELLER Jann Arden--bestselling author, recording artist and late-blooming TV star--is back with this funny, heartfelt and fierce memoir on becoming a woman of a certain age. The power, gravity and freedom she's found at fifty-seven are superpowers she believes all of us can unleash. Digging deep into her strengths, her failures and her losses, Jann Arden brings us an inspiring account of how she has surprised herself, in her fifties, by at last becoming completely her own person. Like many women, it took Jann a long time to realize that trying to be pleasing and likeable and beautiful in the eyes of others was a loser's game. Letting it rip, and damning the consequences, is not only liberating,

it's a hell of a lot of fun: Being the age I am--that so many women are--is just the best time of my life. Jann weaves her own story together with tales of her mother, grandmother, and great grandmother, and the father she came close to hating, to show her younger self--and all of us--that fear and avoidance is no way to live. What I'm thinking about now aren't all the ways I can try to hang on to my youth or all the seconds ticking by in some kind of morbid countdown to death, she writes, but rather how I keep becoming someone I always hoped I could be. If I'm lucky one day a very old face will look back at me from the mirror, a face I once shied away from. I will love that old woman ferociously, because she has finally figured out how to live a life of purpose--not in spite of but because of all her mistakes and failures.

It's All Absolutely Fine is an honest and unapologetic account of day-to-day life as a groaning, crying, laughing sentient potato being for whom things are often absolutely not fine. Through simple, humorous drawings and a few short narratives, the book encompasses everything from mood disorders, anxiety, and issues with body image through to existential conversations with dogs and some unusually articulate birds. Building on Rubyet's huge online presence, It's All Absolutely Fine includes mostly new material, both written and illustrated, and is inspirational, empowering, and entertaining. Hope and tenacity abound in this book that is as heartening as it is hilarious. *Voted onto the 2018 GREAT GRAPHIC NOVELS FOR TEENS list by the American Library Association's YALSA (Young Adult Library Services Association)

The Poignant Years

In *Trouble in Paradise*, Slavoj Žižek, one of our most famous, most combative philosophers, explains how by drawing on the ideas of communism, we can find a way out of the crisis of capitalism. There is obviously trouble in the global capitalist paradise. But why do we find it so difficult to imagine a way out of the crisis we're in? It is as if the trouble feeds on itself: the march of capitalism has become inexorable, the only game in town. Setting out to diagnose the condition of global capitalism, the ideological constraints we are faced with in our daily lives, and the bleak future promised by this system, Slavoj Žižek explores the possibilities - and the traps - of new emancipatory struggles. Drawing insights from phenomena as diverse as Gangnam Style to Marx, *The Dark Knight* to Thatcher, *Trouble in Paradise* is an incisive dissection of the world we inhabit, and the new order to come. 'The most

dangerous philosopher in the West' - Adam Kirsch, New Republic 'The most formidably brilliant exponent of psychoanalysis, indeed of cultural theory in general, to have emerged in many decades' - Terry Eagleton 'Žižek leaves no social or cultural phenomenon untheorized, and is master of the counterintuitive observation' - New Yorker Slavoj Žižek is a Hegelian philosopher, Lacanian psychoanalyst, and political activist. He is international director of the Birkbeck Institute for the Humanities and the author of numerous books on dialectical materialism, critique of ideology and art, including Less Than Nothing, Living in the End Times, First as Tragedy, Then as Farce and, most recently, The Year of Dreaming Dangerously.

He attempted to rape the girl and as a result was killed by her enraged mother. The police officer who investigates the crime, Sergeant Dan Jeffries, becomes very special to Becky and Sandy until complications in his life make it necessary for him to take over the major custody of his two-year-old son, Mike. As a volunteer with Crime Stoppers, Becky presents talks to junior and senior high school students about drugs, cyber bullying and the danger of on-line pedaphiles. There are lots of twists and turns in this book, so get ready to climb aboard for the ride.

husbands, enjoyed their sexuality, led unapologetic careers and, in general, acted the way many think women only acted after 1968. Before then, women on screen had come in two varieties - good or bad - sweet ingenue or vamp. Then two stars came along to blast away these common stereotypes. Garbo turned the femme fatale into a woman whose capacity for love and sacrifice made all other human emotions seem pale. Meanwhile, Norma Shearer succeeded in taking the ingenue to a place she'd never been: the bedroom. Garbo and Shearer took the stereotypes and made them complicated. In the wake of these complicated women came others, a deluge of indelible stars - Constance Bennett, Ruth Chatterton, Mae Clarke, Claudette Colbert, Marlene Dietrich, Kay Francis, Ann Harding, Jean Harlow, Miriam Hopkins, Dorothy Mackaill, Barbara Stanwyck, Mae West and Loretta Young all came into their own during the pre-Code era. These women pushed the limits and shaped their images along modern lines. Then, in July 1934, the draconian Production Code became the law in Hollywood and these modern women of the screen were banished, not to be seen again until the code was repealed three decades later. Mick LaSalle, film critic for the San Francisco Chronicle, takes readers on a tour of pre-Code films and reveals how this was the true golden age of women's films and how the movies of the pre-Code are still worth watching. The bold, pioneering and complicated women of the pre-Code era are about to take their place in the pantheon of film history, and America is about to reclaim a rich legacy.

When country music star Thomas Rhett won the ACM Award for Single of the Year with "Die a Happy Man," his wife, Lauren Akins, was overjoyed. Her childhood best friend and now husband was being anointed the hottest new star in country music--for a song he had written about her. He was living his dream. Lauren was elated, but she was also wrestling with some big questions, not the least of which was, How can I live my own life of purpose? If I Knew Then

In Harry Turtledove's *The Gladiator*, the Soviet Union won the Cold War. The Russians were a little smarter than they were in our own world, and the United States was a little dumber and a lot less resolute. Now, more than a century later, the world's gone Communist, and capitalism is a bad word. For Gianfranco and his friend Annarita, a couple of teenagers growing up in Milan, life in a heavily regimented, surveillance-rich command economy is just plain dreary. The eventual withering-away of the state doesn't look like it's going to happen anytime soon. Annarita's a hard-working student and a member of the Young Socialists' League. Gianfranco is a lot less motivated--but on the other hand, his father's a Party apparatchik. The biggest excitement in their lives is a wargame shop called *The Gladiator*, which runs tournaments, and stocks marvelous complex games you can't find anywhere else. Then, abruptly, the shop is shut down. Someone's figured out that *The Gladiator*'s games are teaching counterrevolutionary capitalist principles. The Security Police are searching high and low for the shop's proprietors, who've not only vanished into thin air, but have left behind sets of fingerprints that aren't in the records of any government on earth. Only one staffer is left: Gianfranco and Annarita's friend Eduardo. He's on the run, and he comes to them in secret with an astonishing story: he's a time trader from our own timeline, accidentally left behind when the store was evacuated. The only way Eduardo can get home to his own timeline is if Gianfranco and Annarita can help him reach one of the other time trader sites in this world--and the Security Police will be on their tails all the way there. I never thought my day out in the Mall, furtively looking at clothes I couldn't afford and which I could not take into The County Council Home for Unwanted and Bewildered Children, would end by taking me to Edinburgh pursued by the Police and the Children's Department. Well that's what happened. A criminal on the run, disguised and yet, that led me to meeting my Mom. What Mom wants me for is another matter but anything is better than being homeless, isn't it? Of course none of that reckons on the difference love can make nor that magical thing, serendipity, interceding.
