The Dark Lady and her forces now work in the shadows as both the Horde and Alliance, including her own sister, Alleria, race to uncover her next move. crossroads. The various factions form a council, leaving the mantle of warchief to rest. Thrall, Lor'themar Theron, Baine Bloodhoof, First Arcanist Thalysdra, and many other familiar faces rise to this new challenge. But the threats are numerous, and the distrust runs too deep. When the council is derailed by a failed assassination attempt on Talanji—the Zandalari queen and a key ally—Thrall and the rest of the Horde leaders are forced into action. They empower the young troll shaman Zekhan, still grieving the loss of Varok Saurfang, with a critical mission to aid Talanji and help uncover the rising threat against her. Meanwhile, Nathanos Blightcaller and Sira Moonwarden have been tasked by the Dark Lady with a terrifying gambit: to kill the troll loa of death himself, Bwonsamdi. As Zekhan and Talanji work to save Bwonsamdi, their journey will be a key turning point in bolstering the Horde against the coming darkness and finding themselves along the way. Failure to save their allies and the trickster god will surely doom them—but through success, they may rediscover what makes the Horde strong.

of Warcraft videogame. Azeroth is dying. The Horde and the Alliance defeated the demonic Burning Legion, but a dire catastrophe is unfolding deep below the surface of the world. There is a mortal wound in the heart of Azeroth, struck by the sword of the fallen titan Sargeras in a final act of cruelty. For Anduin Wrynn, king of Stormwind, and Sylvanas Windrunner, warchief of the Horde and queen of the Forsaken, there is little time to rebuild what remains and even less to mourn what was lost. Azeroth's devastating wound has revealed a mysterious material known as Azerite. In the right hands, this strange golden substance is capable of incredible feats of creation; in the wrong ones, it could bring forth unthinkable destruction. As Alliance and Horde forces race to uncover the secrets of Azerite and heal the wounded world, Anduin enacts a desperate plan aimed at forging a lasting peace between the factions. Azerite jeopardizes the balance of power, and so Anduin must gain the trust of Sylvanas. But, as ever, the Dark Lady has her own machinations. For peace to be possible, generations of bloodshed and hatred must be brought to an end. But there are truths that neither side is willing to accept and ambitions they are loath to relinquish. As Alliance and Horde alike grasp for the Azerite's power, their simmering conflict threatens to reignite all-out war—a war that would spell doom for Azeroth. In the mist-shrouded haze of the past, the world of Azeroth teemed with wondrous creatures of every kind. Now Orcs, Dragons, Goblins, and Trolls all vie for supremacy over the scattered, warring kingdoms -- part of a grand, malevolent scheme that will determine the fate of the world of WARCRAFT Slave. Gladiator. Shaman. Warchief. The enigmatic Orc known as Thrall has been all of these. Raised from infancy by cruel human masters who sought to mold him into their perfect pawn, Thrall was driven by both the savagery in his heart and the cunning of his upbringing to pursue a destiny he was only beginning to understand -- to break his bondage and rediscover the ancient traditions of his people. Now the tumultuous tale of his life's journey -- a saga of honor, hatred,

The World of Warcraft Pop-Up Book

World of Warcraft is the world's most popular massively multiplayer online game (MMOG), with (as of March 2007) more than eight million active subscribers across Europe, North America, Asia, and Australia, who play the game an astonishing average of twenty hours a week. This book examines the complexity of World of Warcraft from a variety of perspectives, exploring the cultural and social implications of the proliferation of ever more complex digital gameworlds. The contributors have immersed themselves in the World of Warcraft universe, spending hundreds of hours as players (leading guilds and raids, exploring

moneymaking possibilities in the in-game auction house, playing different factions, races, and classes), conducting interviews, and studying the game design--as created by Blizzard Entertainment, the game's developer, and as modified by player-created user interfaces. The analyses they offer are based on both the firsthand experience of being a resident of Azeroth and the data they have gathered and interpreted. The contributors examine the ways that gameworlds reflect the real world--exploring such topics as World of Warcraft as a "capitalist fairytale" and the game's construction of gender; the cohesiveness of the gameworld in terms of geography, mythology, narrative, and the treatment of death as a temporary state; aspects of play, including "deviant strategies" perhaps not in line with the intentions of the designers; and character--both players' identification with their characters and the game's culture of naming characters. The varied perspectives of the contributors--who come from such fields as game studies, textual analysis, gender studies, and postcolonial studies--reflect the breadth and vitality of current interest in MMOGs. Hilde G. Corneliussen and Jill Walker Rettberg are both Associate Professors of Humanistic Informatics at the University of Bergen, Norway.

Frostmourne. It was caught in a hovering, jagged chunk of ice, the runes that ran the length of its blade glowing a cool blue. Below it was a dais of some sort, standing on a large gently raised mound that was covered in a dusting of snow. A soft light, coming from somewhere high above where the cavern was open to daylight, shone down on the runeblade. The icy prison hid some details of the sword's shape and form, exaggerated others. It was revealed and concealed at the same time, and all the more tempting, like a new lover imperfectly glimpsed through a gauzy curtain. Arthas knew the blade -- it was the selfsame sword he had seen in his dream when he first arrived. The sword that had not killed Invincible, but that had brought him back healed and healthy. He'd

thought it a good omen then, but now he knew it was a true sign. This was what he had come to find. This sword would change everything. Arthas stared raptly at it, his hands almost physically aching to grasp it, his fingers to wrap themselves around the hilt, his arms to feel the weapon swinging smoothly in the blow that would end Mal'Ganis, end the torment he had visited upon the people of Lordaeron, end this lust for revenge. Drawn, he stepped forward. The uncanny elemental spirit drew its icy sword. "Turn away, before it is too late," it intoned. * * * His evil is legend. Lord of the undead Scourge, wielder of the runeblade Frostmourne, and enemy of the free peoples of Azeroth. The Lich King is an entity of incalculable power and unparalleled malice -- his icy soul utterly consumed by his plans to destroy all life on the World of Warcraft. But it was not always so. Long before his soul was fused with that of the orc shaman Ner'zhul, the Lich King was Arthas Menethil, crown prince of Lordaeron and faithful paladin of the Silver Hand. When a plague of undeath threatened all that he loved, Arthas was driven to pursue an ill-fated quest for a runeblade powerful enough to save his homeland. Yet the object of his search would exact a heavy price from its new master, beginning a horrifying descent into damnation. Arthas's path would lead him through the arctic northern wastes toward the Frozen Throne, where he would face, at long last, the darkest of destinies.
